

Coach Baggett

Judd Baggett started his lacrosse career in the 5th grade. He played for Newtown youth lacrosse as well as Chase Collegiate School and then put all of his effort to his high team, the Chase Highlanders. Senior year Judd was a very large asset to the team, starting for the majority of the games and the man up team helping the highlanders to win two championships. Judd also played in two all-star games that year. Coach Baggett was a member previous Lynx Lacrosse Teams. Upon graduating high school, Coach Baggett moved his career to Norwich University where he played fall ball and was also part of the Norwich Cadet's Lacrosse Team. Being a member of the corps of cadets, Judd was able to balance his responsibilities to the school, ROTC, academics, and his lacrosse team.

Coach Baggett's goals are to develop his players in every aspect. He hopes to improve his player's knowledge of the game, their personal skills, and their attitude both on and off the field. Coach Baggett's beliefs are that a player should be taught in a respectful manner and every player has the same potential no matter the skill or size.
