- B) Football athlete selection must afford the All-star coaching staff to be able to ensure key positions, (QB, linemen, etc), are on the team. To achieve this the coaching staff should recruit league wide by observing league games. When an All-Star coach visits a field on game day, he should make prior contact with the association president and head coach of the team.
- C) No more than 4 athletes from any one association shall be on any team unless the following situations apply:
 - i. There are not enough athletes to field a team.
 - ii. The head coach comes to the NHYFSC Executive board and requests additional players over the maximum of 4 is needed for the team.
 - i. Associations should understand that when nominating an athlete, they need to consider how they will match up on the bigger picture. Being nominated to the team is not a statement that each athlete is equal in skill or aptitude. Once all athletes are identified the NHYFSC will coordinate a meeting for the prospective players and parents to learn about the All-Star experience.
- D) Football athletes will participate in a skill testing session(s) as developed by the All-Star coaching staff. The head coach and NHYFSC Executive board will work together on scheduling the session(s).
- E) From the athlete's skill assessment/testing, athletes will be selected by the coaching staff. Athletes/Parents will be notified within 48 hours from the assessment of their status. Athletes/parents will have 48 hours from the notification to confirm a place on the 2019 All-star team.
