Teaching the Finer Points of the Game!

"An Athlete is not crowned unless he competes according to the rules"

2 Timothy 2:5

Advantage Hockey Skills Camps are dedicated to helping young hockey players develop the finer points of the game. We incorporate drills that are age-appropriate. Our goal is for players to not only learn the drills but to retain the information given within each drill. This allows the players to carry over skills learned into their upcoming season. Advantage Hockey Skills Camps reinforce skills by using progressive drills, on a daily basis, allowing players to master the FUNdamentals of hockey (skating, puck handling, shooting). The desired outcome is a more complete hockey player who will have the ability to be more successful on the ice.
