Shoreline(Bill Greim) 2<sup>nd</sup> Blizzard (Joann Duval)  
Accepted and approved.

**Correspondence / News:** Kevin addressed the board about correspondence he has received.

1. He was copied on correspondence to USAH re: player from Shoreline Sharks. It seems player's attorney is claiming Shoreline Sharks did not properly follow USAH procedures surrounding a one game suspension and is requesting USAH to investigate. CGHL will not likely be involved since it is generally USAH's and the Youth Hockey President's responsibility to resolve such matters.

2. ECHO has contacted the CGHL. ECHO is again attempting to establish a team with hopes of competing in the CGHL next season. Please contact Brian Wry [btwry13@gmail.com](mailto:btwry13@gmail.com) for U12 games. Brian has a mix of U10/U12 players skill at CHC B/C level ... which sounds like a good match for most teams in our U12 age group. Kevin will keep in touch and advise ECHO of meeting times and keep BOD apprised of how things shape up. Also, ECHO will of course be invited to our end of the season meeting if they have enough players to form a team to hopefully discuss involvement in the 2016-17 season.

**Cross Rostering:** Bill Greim approached the board about a U-12 White team Player. The player joined the organization as a release from Yale after it was determined Yale would not offer U12 teams and assigned to Sharks U12 White team. Player also plays on the Green team as an alternate. Bill requested permission for the player to play on both the Green and White teams for the CGHL tournament. The BOD referenced CGHL Rule 2.3 *“Absent extraordinary circumstances, unless prior approval from the Board is obtained by the February meeting, players will only be eligible for CGHL Championship Tournament play on their primary team.”* Bill requested more time to gather more information about the U12 Green Team’s Roster and whether or not there is a hardship and asked to re-approach board at Feb 8<sup>th</sup> meeting and all agreed.
