MIN. GAMES REQUIREMENT:

General Statement - CGHL is not much of a league if teams do not play one another. All teams are encouraged to play one another in excess of the minimum games requirements set forth below. Minimums are typically set least 1x for their Age Group and 2xs for teams in their Div. Last season, most teams averaged 20 CGHL games. With that said, there is some flexibility ... e.g. some years, in some age groups, the skill and aggressiveness gap between the top Div I team(s) and bottom Div II teams is so great, coaches for each team agree they do not want a game. That's ok. Returning

coaches / teams (from last season) usually have a pretty good idea of relative strength. In any case, after some games, it gets easier to sort out for coaches who are unsure.

GAME SHEET PROCEDURE for 2017-18 Season (Carl Sargolini, Hamden):

For all CGHL Games:

1. Before the game, any players listed on the score sheet, not present or not playing in the game should be crossed off (stricken) from the game sheet.
2. WINNING team will receive the top 2 page = White and yellow, pink will go to the losing team.
3. WINNING team will then need to scan / take a pic of the game sheet and email a copy of the white sheet to the CGHL Division Representative within 3 days.

Division representative will hold all game sheets and will be able to advise CGHL members if any players have not reached minimum play requirements prior to start of CGHL playoffs.

Note: Teams should still retain their own copies in case of any discrepancies.

REMINDER - Division Rep volunteers needed (for game sheets)! Hearty ‘ thanks! ‘

to Carl Sargolini for stepping up for U19s. Need Div. Reps for other age groups (or else Lou Cassella and Carl have generously offered to assign (probably pick clubs out of a hat).

MIN. GAMES REQUIREMENT (Cont'd)

Won't be penalized if BOD moves team Up / Down Div. Sometimes going into the season a team starts out in one Div and ends up in the other ... in such cases, there is some flexibility and teams ordinarily will not be penalized for failure to abide by the 'letter of the rule'.

Skills Gap. Reminder to Coaches ... scorekeepers are not to post goals on the scoreboard after a six (6) goal gap. Also, Coaches of stronger teams in a skills mismatch should be creative and check-in in with opposing coach pre-game. If score gets lopsided, perhaps challenge players by adding rules that require stronger team's players to think and and practice self discipline (*e.g. only backhand passes and shots, only mirror players until opposing teams gain entry in zone, and/or until opposing team registers a shot on goal, etc., etc.*) With correct focus and creativity, playing teams of different skill levels can often be beneficial for both teams' development.

U-10 Division I	11 Games ... dual roster = 9 games
U-10 Division II	No Minimum requirement.
U-12 Division I	13 games in Division play ... <i>dual roster =10 games</i>
U-12 Division II	13 games in Division play ... dual roster = 10 games
U-14 Division I	15 games in Division ... dual roster =12 games
U-14 Division II	15 games in Division ... dual roster = 12 games
