2009-10 Guide for the
College-Bound
Student-Athlete
WHERE ACADEMIC AND ATHLETICS SUCCESS IS YOUR GOAL
The NCAA and NCAA Eligibility Center

How to Use this Guide...
The Guide addresses issues for three important groups of readers:
• High school students who hope to participate in college athletics at an NCAA college or university;
• Parents and legal guardians; and
• High school counselors and athletics administrators.

What is the NCAA?
The NCAA, or National Collegiate Athletic Association, was established in 1906 and serves as the athletics governing body for more than 1,300 colleges, universities, conferences and organizations. The national office is in Indianapolis, but the member colleges and universities develop the rules and guidelines for athletics eligibility and athletics competition for each of the three NCAA divisions. The NCAA is committed to the student-athlete and to governing competition in a fair, safe, inclusive and sportsmanlike manner.

The NCAA membership includes:
• 331 active Division I members;
• 291 active Division II members; and
• 429 active Division III members.

One of the differences among the three divisions is that colleges and universities in Divisions I and II may offer athletics scholarships, while Division III colleges and universities may not.

What is the NCAA Eligibility Center?
The NCAA Eligibility Center will certify the academic and amateur credentials of all college-bound student-athletes who wish to compete in NCAA Division I or II athletics.

To assist with this process, the Eligibility Center staff is eager to foster a cooperative environment of education and partnership with high schools, high school coaches and college-bound student-athletes. Ultimately, the individual student-athlete is responsible for achieving and protecting his or her eligibility status.

How to find answers to your questions
The answers to most questions can be found in this guide or by:
• Accessing the Eligibility Center’s resource page on our Web site at www.eligibilitycenter.org, clicking on “Resources” and then selecting the type of student you are. You can then navigate through the resources to find helpful information.
• Contacting the Eligibility Center at the phone number on this page.

In addition, if you are sending transcripts or additional information to the Eligibility Center or have questions, please use the following contact information.

Eligibility Center Contact Information

NCAA Eligibility Center:
Certification Processing
P.O. Box 7136
Indianapolis, IN 46207-7136

Package or overnight delivery:
Certification Processing
1802 Alonzo Watford Sr. Drive
Indianapolis, IN 46202

Web address:
www.eligibilitycenter.org

Eligibility Center customer service
Representatives are available from 8 a.m. to 6 p.m., Eastern time, Monday through Friday.
U.S. callers (toll free): 877/262-1492
International callers: 317/223-0700
Fax: 317/968-5100

When to call the NCAA
Please contact the NCAA when you have questions such as these:
• What are the rules and regulations related to initial eligibility?
• What are the rules and regulations related to amateurism?
• What are the regulations about transferring from one college to another?
• What are the rules about athletics scholarships and how can they be reduced or canceled?
• I have an education-impacting disability. Are there any other requirements for me?

NCAA
P.O. Box 6222
Indianapolis, IN 46206-6222
317/917-6222 (customer service hours: Monday – Friday, noon – 4 p.m. Eastern time)
Dear College-Bound Student-Athlete,

We designed this guide to help you and your family understand the National Collegiate Athletic Association rules for progressing from being a high school athlete to a student-athlete in college.

As you engage in college sports, you’ll be inspired to develop an attitude of determination, teamwork, persistence and self-discipline. You will increase your appreciation of life-long education. Work closely with your high school counselors, recruiters and college admissions officers to prepare for your next important step as a collegiate student-athlete.

It’s never too early to begin evaluating your wide range of college choices. Get all the information you need on how to choose a college wisely. NCAA institutions range from small schools to large universities, with varying commitments to financial aid and to athletics. The Association’s members total more than 1,000 schools, and they are divided into three divisions.

You may qualify – by both your interest and your athletics performance – to become one of more than 400,000 students, out of 15 million enrolled nationally in America’s colleges and universities, who combine education and athletics. Your likelihood of ultimate recruitment into professional leagues is small so, for almost all of you, your years as a student-athlete in college will be preparation for life. As our public service announcements say, “Almost all student-athletes are going pro in something other than sports.”

Remember, good athletics is about winning at competition in games. Good academics combined with athletics is about winning in life. So, keep education as your top priority. This new phase of your life can be a wonderful experience that will result in a lifetime of friendships, memories and happiness. Without question, obtaining your college degree is absolutely crucial – to you especially, but also to your family and to us.

We wish you every success, on the field of play and in the classroom. Student-athletes are at the center of our Association.

MYLES BRAND

NCAA President
## Academic-Eligibility Requirements

If you want to participate in athletics or receive an athletics scholarship during your first year, you must:

- Graduate from high school;
- Complete these 16 core courses:
  - 4 years of English
  - 3 years of math (Algebra 1 or higher)
  - 2 years of natural or physical science (including one year of lab science if offered by your high school)
  - 1 extra year of English, math, or natural or physical science
  - 2 years of social science
  - 4 years of extra core courses (from any category above, or foreign language, non-doctrinal religion or philosophy);
- Earn a minimum required grade-point average in your core courses; and
- Earn a combined SAT or ACT sum score that matches your core-course grade-point average and test score sliding scale (for example, a 2.400 core-course grade-point average needs an 860 SAT).

### Requirement to graduate with your high school class

You must complete the 16 core-course requirement in eight semesters, which begins when you initially started high school with your ninth-grade class. If you graduate from high school in eight semesters with your class, you may use one core course completed in the year after graduation (summer or academic year) to meet NCAA Division I eligibility requirements.

You may complete the core course at a location other than the high school from which you graduated and may initially enroll full time at a collegiate institution at any time after completion of the core course.

### Division I Qualifier

Being a qualifier entitles you to:

- Practice or compete for your college or university during your first year of college;
- Receive an athletics scholarship during your first year of college; and
- Play four seasons in your sport if you maintain your eligibility from year to year.

</table>
**Division I Nonqualifier**

As a nonqualifier, you will not be able to:
- Practice or compete for your college or university during your first year of college; or
- Receive an athletics scholarship during your first year of college, although you may receive need-based financial aid.

You may be able to play only three seasons in your sport if you maintain your eligibility from year to year (to earn a fourth season you must complete at least 80 percent of your degree requirements before beginning your fifth year of college).

---

**Division II**

**2009 - July 31, 2013**

If you enroll in a Division II college and want to participate in athletics or receive an athletics scholarship during your first year, you must:
- Graduate from high school;
- Complete these 14 core courses:
  - 3 years of English
  - 2 years of math (Algebra 1 or higher)
  - 2 years of natural or physical science (including one year of lab science if offered by your high school)
  - 2 additional years of English, math, or natural or physical science
  - 2 years of social science
  - 3 years of extra core courses (from any category above, or foreign language, nondoctrinal religion or philosophy);
- Earn a 2.000 grade-point average or better in your core courses; and
- Earn a combined SAT score of 820 or an ACT sum score of 68.

**August 1, 2013, and After**

If you enroll in a Division II college on or after August 1, 2013, and want to participate in athletics or receive an athletics scholarship during your first year, you must:
- Graduate from high school;
- Complete these 16 core courses:
  - 3 years of English
  - 2 years of math (Algebra 1 or higher)
  - 2 years of natural or physical science (including one year of lab science if offered by your high school)
  - 3 additional years of English, math, or natural or physical science
  - 2 years of social science
  - 4 years of additional core courses (from any category above, or foreign language, nondoctrinal religion or philosophy);
- Earn a 2.000 grade-point average or better in your core courses; and
- Earn a combined SAT score of 820 or an ACT sum score of 68.

---

**Division II Qualifier**

Being a qualifier entitles you to:
- Practice or compete for your college or university during your first year of college;
- Receive an athletics scholarship during your first year of college; and
- Play four seasons in your sport if you maintain your eligibility from year to year.

---

**Division II Partial Qualifier**

You will be considered a partial qualifier if you do not meet all of the academic requirements listed above, but you have graduated from high school and meet one of the following:
- The combined SAT score of 820 or ACT sum score of 68; or
- Completion of the 14 core courses with a 2.000 core-course grade-point average.

As a partial qualifier, you:
- Can practice with your team at its home facility during your first year of college;
- Can receive an athletics scholarship during your first year of college;
- Cannot compete during your first year of college; and
- Can play four seasons in your sport if you maintain your eligibility from year to year.

---

**Division II Nonqualifier**

You will be considered a nonqualifier if you did not graduate from high school, or, if you graduated and are missing both the core-course grade-point average or minimum number of core courses and the required ACT or SAT scores.

As a nonqualifier, you:
- Cannot practice or compete for your college or university during your first year of college;
- Cannot receive an athletics scholarship during your first year of college, although you may receive need-based financial aid; and
- Can play four seasons in your sport if you maintain your eligibility from year to year.

---

**Division III**

Division III does not use the Eligibility Center. Contact your Division III college or university regarding its policies on admission, financial aid, practice and competition.
Core Courses, Grade-Point Average, Tests and Special Conditions

What Is A Core Course?

A core course must:
• Be an academic course in one or a combination of these areas: English, mathematics, natural/physical science, social science, foreign language, nondoctrinal religion or philosophy;
• Be four-year college preparatory;
• Be at or above your high school’s regular academic level (no remedial, special education or compensatory courses); and
• Be completed not later than the high school graduation date of your class [as determined by the first year of enrollment in high school (ninth grade) or the international equivalent].

Not all classes you take to meet high school graduation requirements may be used as core courses. Courses completed through credit-by-exam will not be used.

Check your high school’s NCAA List of Approved Core Courses on the Eligibility Center Web site at www.eligibilitycenter.org or ask your high school guidance counselor.

Keep Track Of Your Courses, Units and Credits

By logging onto www.eligibilitycenter.org and clicking the “Resources” tab, then “U.S. High School Student” and “Are You on Track?” you will find the Divisions I and II worksheets, which will help you keep track of your completed core courses, units, grades and credits you received for them, plus your ongoing grade-point average. Generally, you will receive the same credit from the Eligibility Center as you received from your high school. Examples are provided in the English and math sections of both worksheets:

1 trimester unit = 0.34 units
1 semester unit = 0.50 units
1 year = 1.0 unit

Grade-Point Average

How Your Core-Course Grade-Point Average is Calculated

The Eligibility Center will calculate the grade-point average of your core courses on a 4.000 scale. The best grades from your NCAA core courses will be used. Grades from additional core courses you took will be used only if they improve your grade-point average.

To determine your points earned for each course, multiply the points for the grade by the amount of credit earned. Use the following scale unless your high school has a different scale on file with the Eligibility Center:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
</tr>
</tbody>
</table>

Remember: The Eligibility Center does not use plus or minus grades when figuring your core-course grade-point average. For example, grades of B+, B and B- will each be worth 3 quality points.

Special High School Grades and Grade-Point Average

If your high school uses numeric grades (such as 92 or 93), those grades will be changed to your high school’s letter grades (such as A or B). See your high school’s grading scale by pulling up your school’s list of approved core courses at www.eligibilitycenter.org.

If your high school normally “weights” honors or advanced courses, these weighted courses may improve your core-course grade-point average. Your high school must notify the Eligibility Center of such weighting. To see if your high school has a weighted scale that is being used for calculating your core-course grade-point average, visit www.eligibilitycenter.org for an explanation of how these grade weights are handled.

Examples of total quality point calculation:
• An A grade (4 points) for a trimester course (0.34 units):
  4 points x 0.34 units = 1.36 total quality points
• An A grade (4 points) for a semester course (0.50 units):
  4 points x 0.50 units = 2.00 total quality points
• An A grade (4 points) for a full-year course (1.00 units):
  4 points x 1.00 units = 4.00 quality points

Calculate Your Overall Grade-Point Average

To calculate your estimated core-course grade-point average, divide the total number of points for all of your core courses by the total number of core-course units you have completed.

Note: Your calculation helps you keep track of your grade-point average. Should you have any questions, contact your high school guidance counselor.
ACT and SAT Tests

Test-Score Requirements
You must achieve the required score on the SAT or ACT before your full-time collegiate enrollment. You must do this whether you are a citizen of the United States or of a foreign country. Also, state-administered ACT exams will be accepted by the Eligibility Center. You may take the national test given on one or more of the dates shown below.

IMPORTANT CHANGE:
All SAT and ACT scores must be reported to the Eligibility Center directly from the testing agency. Test scores will not be accepted if reported on a high school transcript.

When registering for the SAT or ACT, input the Eligibility Center code of 9999 to make sure the score is reported directly to the Eligibility Center.

National Testing Dates

<table>
<thead>
<tr>
<th>SAT</th>
<th>ACT</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 10, 2009</td>
<td>September 12, 2009</td>
</tr>
<tr>
<td>November 7, 2009</td>
<td>October 24, 2009</td>
</tr>
<tr>
<td>December 5, 2009</td>
<td>December 12, 2009</td>
</tr>
<tr>
<td>January 23, 2010</td>
<td>February 6, 2010</td>
</tr>
<tr>
<td>March 13, 2010</td>
<td>April 10, 2010</td>
</tr>
<tr>
<td>May 1, 2010</td>
<td>June 12, 2010</td>
</tr>
<tr>
<td>June 5, 2010</td>
<td></td>
</tr>
</tbody>
</table>

Taking Tests More than Once
You may take the SAT or the ACT more than one time. If you take either test more than once, you may use your best subscore from different tests to meet the minimum test-score requirements. Here is an example:

<table>
<thead>
<tr>
<th>Math</th>
<th>Verbal/Critical Reading</th>
<th>Total Score</th>
</tr>
</thead>
<tbody>
<tr>
<td>SAT (10/09)</td>
<td>350</td>
<td>470</td>
</tr>
<tr>
<td>SAT (12/09)</td>
<td>420</td>
<td>440</td>
</tr>
<tr>
<td>Scores used</td>
<td>420</td>
<td>470</td>
</tr>
</tbody>
</table>

Your test score will continue to be calculated using the math and verbal/critical reading subsections of the SAT and the math, science, English and reading subsections of the ACT. The writing component of the ACT or SAT will not be used to determine your qualifier status.
Students With Education-Impacting Disabilities: Special Conditions

A student with an education-impacting disability must meet the same requirements as all other students, but is provided certain accommodations to help meet these requirements. If you are a student with a diagnosed education-impacting disability, you will need to let the Eligibility Center know about your education-impacting disability only if you plan on using core courses after your eighth semester of high school and you plan on attending an NCAA Division I college or university.

To Document Your Education-Impacting Disability
Send the following documentation to:
NCAA Eligibility Center
P.O. Box 7110
Indianapolis, IN 46207-7110
• Copy of your professional diagnosis; and
• Copy of your IEP, ITP, 504 plan or statement of accommodations. (One of the above documents should be dated within the last three years.)

Note: Please include home address, telephone number, social security number and the year of your high school graduation.

Core Courses
If you are a high school student with an education-impacting disability and have received help (for example, taken special classes or received extra time for tests) because of that education-impacting disability, you are eligible for the following:
• You may use a course that your high school has designed for students with education-impacting disabilities, if it appears on your high school’s list of approved core courses.
• You may take core courses any time before your enrollment as a full-time student in college, even during the summer after your last high school year. Remember, for Division I, you must document your education-impacting disability with the NCAA to receive this accommodation.

Nonstandard Tests
If you have an education-impacting disability, you may also take a nonstandard test to satisfy test-score requirements. Follow these guidelines:
• Register for nonstandard testing as described by ACT or SAT, submitting a properly documented and confirmed diagnosis.
• Follow procedures governed by ACT or SAT. (The test may not be administered by a member of your high school athletics department or any NCAA school’s athletics department.)
• If you take a nonstandard ACT or SAT, you may take the test on a date other than a national testing date, but you still must achieve the required test score.
• Your high school counselor can help you register to take a nonstandard test.

The GED
The General Education Development (GED) test may, under certain conditions, satisfy the graduation requirement, but it will not satisfy core-course grade-point average or test-score requirements. Contact the NCAA for information about GED submission.

Home School
Home-schooled students who plan to enroll in a Division I or II college must register with the Eligibility Center and must meet the same requirements as all other students.
If you want to participate in NCAA Division I or II athletics, you must also be certified as an amateur student-athlete. The Eligibility Center will determine the amateurism eligibility of all freshman and transfer college-bound student-athletes for initial participation at an NCAA Division I or II member institution. In Division III, certification of an individual’s amateurism status is completed by each institution, not the Eligibility Center.

When you register with the Eligibility Center, you will be asked questions about your athletics participation. The information you will provide will be reviewed and a determination will be made as to whether your amateurism status should be certified or if a penalty should be assessed before certification. If a penalty is assessed, you will have an opportunity to appeal the decision.

The following precollegiate enrollment activities will be reviewed:

1. Contracts with a professional team.
2. Salary for participating in athletics.
3. Prize money.
4. Play with professionals.
5. Tryouts, practice or competition with a professional team.
6. Benefits from an agent or prospective agent.
7. Agreement to be represented by an agent.
8. Delayed initial full-time collegiate enrollment to participate in organized sports competition.

Additional information regarding NCAA amateurism rules is available on the Eligibility Center’s Web site by logging on to www.eligibilitycenter.org, then clicking on the “Resources” link at the top of the page.
Definition of a Professional Team.

In Divisions I and II, a team is considered professional if it declares itself to be professional or provides any player more than actual and necessary expenses for participation on the team.

Actual and necessary expenses are limited to the following:
(a) Meals and lodging directly tied to competition and practice held in preparation for competition;
(b) Transportation (i.e., expenses to and from practice and competition, cost of transportation between home and the training/practice site at the beginning and end of the season);
(c) Apparel, equipment and supplies related to participation on the team;
(d) Coaching and instruction, use of facilities and entry fees;
(e) Health insurance, medical treatment and physical therapy; and
(f) Other reasonable expenses (e.g., laundry money).

Definition of Organized Competition.

In Division I, athletics competition is considered organized if any one of the following conditions exists:
(a) Competition is scheduled and publicized in advance;
(b) Official score is kept;
(c) Individual or team standings are maintained;
(d) Official timer or game officials are used;
(e) Admission is charged;
(f) Teams are regularly formed or team rosters are predetermined;
(g) Team uniforms are used;
(h) A team is privately or commercially sponsored; or
(i) The competition is either directly or indirectly sponsored, promoted or administered by an individual, an organization or any other agency.

In Division II, athletics competition is considered organized if any one of the following criteria is met:
(a) Any team or individual competition or training in which payment (including expenses) is provided to any participant;
(b) Any competition as a result of signing a contract for athletics participation;
(c) Any competition as a result of involvement in a professional draft;
(d) Any competition funded by a professional sports organization;
(e) Any competition funded by a representative of an institution’s athletics interest that is not an open event;
(f) Any practice with a professional athletics team (excluding a 48-hour tryout);
(g) Any competition or training with a team that declares itself to be professional; or
(h) Any competition or training with a team that provides compensation to any of the participants (including actual and necessary expenses).

<tr>
<td>Delays Full-Time Collegiate Enrollment and Participates in Organized Competition</td>
<td>Tennis and Swimming &amp; Diving: Have one year after high school graduation to enroll full time in a collegiate institution or will lose one season of intercollegiate competition for each calendar year during which you continue to participate in organized competition.</td>
<td>All Sports: Must enroll at the next opportunity (excluding summer) immediately after the date that your high school class normally graduates (or the international equivalent) or you will use a season of intercollegiate competition for each calendar year or sports season (subsequent to that date) in which you have participated in organized competition.</td>
</tr>
</tbody>
</table>

[If you are charged with season(s) of competition under this rule, you will also have to serve an academic year in residence at the NCAA institution.]

Tennis and Swimming & Diving: Any participation in organized sports competition during each 12-month period after your 21st birthday and before initial full-time enrollment in a collegiate institution shall count as one year of varsity competition.

All Other Sports: Any participation in organized sports competition

The chart above summarizes the Divisions I and II pre-enrollment amateurism rules.
This worksheet is provided to assist you in monitoring your progress in meeting NCAA initial-eligibility standards. The NCAA Eligibility Center will determine your official status after you graduate. Remember to check your high school’s list of approved courses for the classes you have taken. Use the following scale: A = 4 quality points; B = 3 quality points; C = 2 quality points; D = 1 quality point.

COLLEGE-BOUND STUDENT-ATHLETE 13
Steps to Achieving Your Eligibility

Freshmen and Sophomores
- Start planning now!
- Work hard to get the best grades possible.
- Take classes that match your school’s list of approved core courses.
- You can receive your school’s list of approved core courses at www.eligibilitycenter.org.

Juniors
- At the beginning of your junior year, register at www.eligibilitycenter.org.
- Register to take the ACT, SAT or both and use the Eligibility Center code (9999) as a score recipient.
- Double check to make sure the courses you have taken match your school’s list of approved core courses.
- Ask your guidance counselor to send an official transcript to the Eligibility Center after completing your junior year. If you have attended more than one high school, the Eligibility Center will need official transcripts from all high schools attended. (The Eligibility Center does NOT accept faxed transcripts or test scores.)
- Before registration for classes for your senior year, check with your guidance counselor to determine the amount of core courses that you need to complete your senior year.

Seniors
- Take the SAT and/or ACT again, if necessary. The Eligibility Center will use the best scores from each section of the ACT or SAT to determine your best cumulative score.
- Continue to take college-prep courses.
- Check the courses you have taken to match your school’s list of approved core courses.
- Review your amateurism responses and request final amateurism certification on or after April 1 (for fall enrollees) or October 1 (for spring enrollees).
- Continue to work hard to get the best grades possible.
- Graduate on time (in eight academic semesters). If you fall behind, use summer school sessions before graduation to catch up.
- After graduation, ask your guidance counselor to send your final transcript to the Eligibility Center with proof of graduation.
Online Registration: The Eligibility Center has designed a new Web site with you, the student-athlete, in mind. This is where you will find the tools and information you need to begin your college experience as a student-athlete.

To register with the Eligibility Center, go online to www.eligibilitycenter.org. To create an account, either click on the “New Account” button at the top right of the screen or the cell phone on the left side of the screen.

Account Creation
You will need to provide a valid e-mail address to create an account and begin the registration process. Be sure you provide an e-mail address that will be active even after you complete high school.

About Me
In this section, you just need to pass along some quick facts about you—information such as your name, date of birth, gender and where you live.

My Coursework
You will need to enter the name and location of the high school you currently attend in this section. If you have attended more than one school (including summer school) during grades nine, 10, 11 or 12, you will need to have that information ready as well. List all schools you previously attended. Make sure to include all schools, whether you received grades or credits. If you attended ninth grade in a junior high school located in the same school system in which you later attended high school, do not list the ninth-grade school.

My Sport
In this section, you will select the sport(s) you plan to participate in at an NCAA Division I or II school. The Eligibility Center will also ask about the high school and/or club teams you have been a part of and events you have participated in during your high school career.

Payment
Your account will be eligible for processing only with payment of an application fee of $60 for U.S. students or $85 for international students (or submission of a fee waiver if you have been granted a waiver). You must pay by debit, credit card or e-check.

You are eligible for a waiver of the registration fee only if you have already received a waiver of the ACT or SAT fee. (This is not the same as a U.S. state voucher.) You must have an authorized high school official submit your fee waiver documentation online. If you have not yet been granted a fee waiver by ACT or SAT, you are not yet eligible for a waiver of the registration fee.
Fee-Waiver Eligibility

**ACT**
In order to be eligible for an ACT fee waiver, a student must meet one of these indicators of economic need:

- Family receives public assistance;
- Student is a ward of the state;
- Student resides in foster home;
- Student participates in free or reduced-price lunch program at school;
- Student participates in federally funded TRIO Program such as Upward Bound; or
- Family income is at or below the 2009-10 Bureau of Labor Statistics Low Standard Budget.

**SAT**
You are eligible for consideration for an SAT fee waiver if you are:

- An American citizen or a foreign national taking the SAT in the United States, Puerto Rico or U.S. territories; or
- An American citizen living outside the United States; and you meet the financial eligibility guidelines for fee waivers, such as participating in the Federal Free and Reduced Lunch/National School Lunch Program at your school. Your guidance counselor will share any additional eligibility guidelines with you.

If you are a home schooled student in the United States, Puerto Rico or U.S. territories who cannot afford to pay the test fees, you must provide proof of eligibility to your local high school or agency fee-waiver administrator/counselor. Only a school or agency counselor can provide you with the fee-waiver card for the appropriate test.
Athletic scholarships are awarded by NCAA Divisions I and II institutions. Division III institutions do not award financial aid based on athletics ability, but you may be eligible to receive academic scholarships or need-based financial aid. It is important to understand several points about athletics scholarships. (Note: The information below is a summary and does not include all Divisions I and II financial aid rules. Contact your college or university to get more detailed information about NCAA financial aid rules.):

- Athletics scholarships in Divisions I and II are given initially for up to one year. They may be renewed annually for a maximum of five years within a six-year period of continuous college attendance if you fulfill NCAA requirements. But please keep in mind that your athletics aid can be cancelled or reduced at the end of one year.

- Athletics scholarships can be renewed, reduced, increased or canceled from year to year for almost any reason. If your scholarship is going to be reduced or cancelled at any time, your college or university must first provide you with an opportunity to appeal that decision.

- Athletics scholarships are awarded in a variety of amounts, ranging from full scholarships (including tuition, fees, room, board and books) to very small scholarships that, for example, provide only required course-related books.

- You must report all scholarships you receive to your college financial aid office. The total amount of financial aid a student-athlete can receive and the total amount of athletics aid a team can award may be limited. These limits can affect whether a student-athlete may accept additional financial aid from other sources. Ask financial aid officials at the college or university about other financial aid you may be eligible to receive and about the impact of that aid on athletics aid limits.

An athletics scholarship is a tremendous benefit to most families, but you should have a plan to pay for those college costs not covered by a scholarship (i.e., travel between home and school). You should also consider how you will finance your education if your athletics scholarship is reduced or canceled.
Introduction
College coaches must follow the rules outlined in this section. You are expected to follow these rules as well.

Recruiting Terms

Contact. A contact occurs any time a coach has any face-to-face contact with you or your parents off the college’s campus and says more than hello. A contact also occurs if a coach has any contact with you or your parents at your high school or any location where you are competing or practicing.

Contact period. During this time, a college coach may have in-person contact with you and/or your parents on or off the college’s campus. The coach may also watch you play or visit your high school. You and your parents may visit a college campus and the coach may write and telephone you during this period.

Dead period. A college coach may not have any in-person contact with you or your parents on or off campus at any time during a dead period. The coach may write and telephone you or your parents during this time.

Evaluation. An evaluation is an activity by a coach to evaluate your academic or athletics ability. This would include visiting your high school or watching you practice or compete.

Evaluation period. During this time, a college coach may watch you play or visit your high school, but cannot have any in-person conversations with you or your parents off the college’s campus. You and your parents can visit a college campus during this period. A coach may write and telephone you or your parents during this time.

Official visit. Any visit to a college campus by you and your parents paid for by the college. The college may pay all or some of the following expenses:
- Your transportation to and from the college;
- Room and meals (three per day) while you are visiting the college; and
- Reasonable entertainment expenses, including three complimentary admissions to a home athletics contest.

Before a college may invite you on an official visit, you will have to provide the college with a copy of your high school transcript (Division I only) and SAT, ACT or PLAN score and register with the Eligibility Center.

Prospective student-athlete. You become a “prospective student-athlete” when:
- You start ninth-grade classes; or
- Before your ninth-grade year, a college gives you, your relatives or your friends any financial aid or other benefits that the college does not provide to students generally.

Quiet period. During this time, a college coach may not have any in-person contact with you or your parents off the college’s campus. The coach may not watch you play or visit your high school during this period. You and your parents may visit a college campus during this time. A coach may write or telephone you or your parents during this time.

Unofficial visit. Any visit by you and your parents to a college campus paid for by you or your parents. The only expense you may receive from the college is three complimentary admissions to a home athletics contest. You may make as many unofficial visits as you like and may take those visits at any time. The only time you cannot talk with a coach during an unofficial visit is during a dead period.

Verbal commitment. This phrase is used to describe a college-bound student-athlete’s commitment to a school before he or she signs (or is able to sign) a National Letter of Intent. A college-bound student-athlete can announce a verbal commitment at any time. While verbal commitments have become very popular for both college-bound student-athletes and coaches, this “commitment” is NOT binding on either the college-bound student-athlete or the institution. Only the signing of the National Letter of Intent accompanied by a financial aid agreement is binding on both parties.

Recruiting Calendars
To see recruiting calendars for all sports, go to NCAA.org.

National Letter of Intent
The National Letter of Intent (NLI) is a voluntary program administered by the Eligibility Center. By signing an NLI, your son or daughter agrees to attend the institution for one academic year. In exchange, that institution must provide athletics financial aid for one academic year.

Restrictions are contained in the NLI itself. Read them carefully. These restrictions may affect your eligibility.

If you have questions about the National Letter of Intent, visit the Web site at www.national-letter.org or call 877/262-1492.
