Vice President & Safety

If a kid is injured during game, there are forms that can be filled out. It is not necessary to fill out for every injury. This should be done if the parent wants a record of it.

For defensive practice for PeeWees, teams should practice behind the fence in the open area by the drop off area to prevent a kid from getting hit by ball during batting practice.

Next meeting is Wednesday, May 24th at 8:00 PM.
