As a reminder, Legends Sports Photography offers several popular incentives to make it worthwhile to have your team photographed by Legends.

- Legends Sports Photography is a league sponsor and gives back financially to N.K.C.A. when you participate in photos with our company.
- Each team who has 8 or more athletes per team ordering photos receives:
 - ❖ One **FREE Head Coach 5x7 Team Print** per team.
- All orders are returned to the athletes & coaches via postal mail, direct to their homes.
- We offer **10% ACTIVE MILITARY DISCOUNT** to participants— Just show your MILITARY ID on photo day.

BEFORE & ON PICTURE DAY...

1. Book your photo day & let your athletes and parents know about photo day as soon as possible.
2. Don't worry about a missing player or coach. Any day you schedule photos someone may have a conflict. Fact: 95% of teams take photos with someone missing because families are overloaded with activities. Just do your best and go with the majority of athletes and coaches who can be there the day and time you select.
3. **Be sure to forward the emailed photo order forms (190M) at least a week in advance of your photo date. Payment is due inside the forms before photos are taken. If parents fill out the forms and include payment ahead of arriving at the photo location, this will save your entire team from waiting while the forms are being filled out.**
4. Coach, we need you to arrive 5 minutes ahead of your appointment to fill out paperwork. Ask your team to come 5 minutes early, so they are on time. **The trick to an easy photo day is having all the athletes and coaches there on time.** If the team is on time, **with order forms ready to go...** your photo day stays on time.
5. Delivery...Photos are mailed directly to each athlete approximately 3-4 weeks after picture day.

The local staff of Legends Sports Photography, thank you for supporting our small local business, and we look forward to seeing you, and serving you on your specific picture day and time.
