The coaches will need your help as needed throughout the season. It might be sending an email on behalf of your coach with reminders about practices. It might be reminding parents to check the tournament schedule for game times or updates. It would also be nice to try to get your team together outside of basketball to help with building team camaraderie and team chemistry. Go have lunch in between games or dinner after games as a team. Maybe go play mini golf or get together.

*All questions and concerns can go be forwarded to me. Ken Gee (YBA Club Director)*
