September 29, 2020

Good evening ATB families-

The 2020 ATB Season remains **ON HOLD**.

The Board has been working weekly, and in collaboration with Department of Parks and Recreation, to come up with creative solutions to get the season started but we simply can't find a realistic way to make the season start on time.

Our peer organizations, which are overseen by FCYBL, are also on hiatus. There are many factors influencing this decision, but the primary obstacle, across Northern Virginia, is the lack of access to indoor gym space.

When (if) gym space becomes available, we are planning to stand up tryouts as soon as possible. An announcement about developments regarding tryouts will be posted on the website and sent in an email communication.

Please know that the ATB board will continue to monitor the current situation related to COVID-19 and will continue to collaborate with DPR to facilitate a return to play that is safe and makes sense for families and players.

If you have any questions, please reach out.

Sincerely,

The ATB Board
