New Team Acknowledgment

**CODE OF CONDUCT**

Players, coaches, spectators and parents are to conduct themselves in a manner that "Honors the Game" and demonstrates respect to other players, coaches, officials and spectators. In becoming a member of the *Southern Nevada Lacrosse Association*, an individual assumes certain obligations and responsibilities to the game of lacrosse and its participants. The essential elements in this "Code of Conduct" are HONESTY and INTEGRITY. Those who conduct themselves in a manner that reflects these elements will bring recognition to the sport of lacrosse, themselves, their team and their organization. It is only through such conduct that our sport can earn and maintain a positive image and make its full contribution to youth sports in Las Vegas. SNLA requires the following essential elements of the "Code of Conduct" be adhered to, for those participating or involved in any way with youth lacrosse.

- ◆ Sportsmanship and teaching the concepts of fair play are essential to the game, and must be taught and developed both at home and on the field during practices and games.
- ◆ The emphasis on winning should never be placed above the value of good sportsmanship, the concepts of fair play, or the skills of the game.
- ◆ The safety and welfare of the players are of primary importance.
- ◆ Coaches must always be aware of the tremendous influence they have on their players. They are to strive to be positive role models in dealing with young people, as well as with adults.
- ◆ Coaches should always demonstrate positive behaviors and reinforce them to players, parents, officials and spectators alike. Players should be specifically encouraged and positively reinforced by coaches to demonstrate respect for teammates, opponents, officials and spectators.
- ◆ Adults involved with the game must never permit anyone to openly or maliciously criticize, badger, harass, or threaten an official.
- ◆ Knowledge of the Rules of Lacrosse must be respected and adhered to by all who participate in the game of lacrosse, both in the letter and the spirit of the game. Attempts to manipulate rules in an effort to take unfair advantage of an opponent, or to teach deliberate unsportsmanlike conduct, is considered unacceptable conduct.
- ◆ Eligibility requirements and league zoning, must be followed. They have been established to encourage and maximize participation, as well as promote safety and fair play.
- ◆ Grievances or misunderstandings between coaches, officials or any other parties involved with the sport should be communicated through the proper channels and established procedures, never on or around the field of play, in view of spectators or participants.
