

# 2015 Season

**Lacrosse Tournament Information**

# Mission

The mission of Blue Valley Lacrosse is to place the most competitive players in tournaments that will challenge their lacrosse abilities and expose those abilities to interested parties. We have incorporated some changes brought about by suggestions and experiences from last season. Our coaches have a wealth of lacrosse coaching experience and will do everything they can to help your players get to the next level. Having fun is a key ingredient to the longevity of a player's career. We will continue to strive for that balance of fun and competitiveness at the travel team level.
