

Aim for Excellence

INSTITUTE FOR HEALTHCARE IMPROVEMENT TRIPLE AIM

- Better care for individuals
- Better health for populations
- Lower health care costs

PROVIDE BETTER CARE WITH INFORMATION FROM MEDICAL LIBRARIANS.

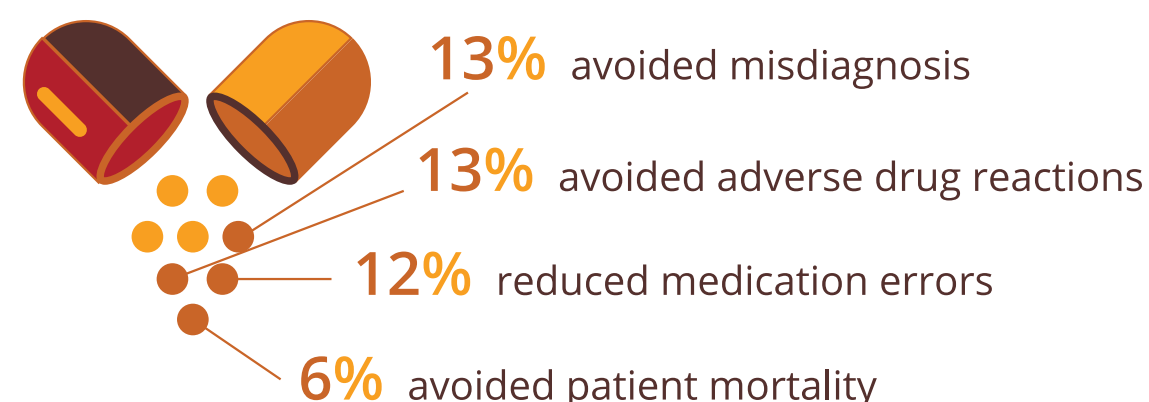

In one study of participating health professionals, **86%** reported that information provided by clinical librarians had a positive impact on care they provided to patients

[McGowan, et al., 2008]

AVOID ADVERSE EVENTS WITH INFORMATION FROM MEDICAL LIBRARIANS.

Of 16,000 health professionals using resources and services provided by medical librarians:

[Marshall, et al., 2013]

MAKE BETTER DECISIONS WITH INFORMATION FROM MEDICAL LIBRARIANS.

After using information from the library...

- 75%** handled patient care differently
- 48%** changed advice to patients
- 33%** changed drug choice
- 25%** changed diagnosis

[Marshall, et al., 2013]

SAVE COSTS WITH INFORMATION FROM MEDICAL LIBRARIANS.

In an 8-month study, when librarians contributed to residents' morning reports, the average hospital length of stay was reduced by 2 days and median hospital charges were reduced by **\$3,618**.

[Banks, et al., 2007]

@sk your Medical Librarian
