Progress on Strategic Initiatives
Strategic Initiative #1 - Expand access to genetic counseling services by actively pursuing reimbursement for Certified Genetic Counselors

Federal Efforts:
NSGC Rolled out a 3 pronged strategic plan at last year’s AEC
  • Federal Legislative Remedy
  • State Licensure
  • Third Party Payers

  • Met with the key policy makers at CMS re: allowing genetic counselors to practice under Medicare

  • Created an educational document that explains the importance of the B&R strategic plan, each of its prongs and how they are interrelated
Strategic Initiative #1: Federal Efforts

- Drafted federal legislation and supporting documents
- Leadership has met with members of Congress throughout the year to help educate them on who we are and what we do
- 7 genetic counselors participated in a “Hill Day” meeting in conjunction with the Region II meeting
**Strategic Initiative #1: State Licensure**

State Licensure Efforts:

- Created guiding principles for state licensure
- Reworked model legislative language
- Developed mechanism to Charter State Chapters of NSGC to support licensure efforts
- NSGC has provided counsel to over 10 states in the past year
Strategic Initiative #1: Additional Efforts

• The CPT Subcommittee created a FAQ on the CPT code 96040

• Pursued relationships with other medical specialty organizations to gain support for our goals:
  • ACMG
  • ASHG
  • ACOG
  • SMFM
  • ISONG
  • ASCO
Strategic Initiative #2 – To promote and organizational culture that will enable NSGC to adapt to the evolving needs of Genetic Counselors

Governance

- Governance describes how we function at an organizational level – our Board, committees, task forces, SIGs and liaisons

- Governance as been a priority of the Board for a number of years
Strategic Initiative #2: Governance

- NSGC underwent a professionally facilitated Governance session in February.

- Task Force was established to further explore governance models and make recommendations regarding the most effective model for NSGC at this time.

- These were presented to the Board for consideration and discussion in May.

- Final recommendations were approved by the Board of Directors in June.
Strategic Initiative #2: Governance

NSGC’s new governance structure:

- NSGC Board of Directors will be reduced from 19 members to 12 members
- Committee Chairs will no longer serve on the Board
- Regional Representatives have been transitioned to Board Members At Large, now elected to represent the membership as a whole
Strategic Initiative #2: Governance

NSGC’s new governance structure: Nominations/Election Process

- The new nominations and election process is based on best practices in other professional associations.

- After a comprehensive nomination process, the membership will be presented with a slate of candidates for approval.

- Members will also have the option to write in candidates.

- Nomination and election process will be evaluated carefully and regularly.
Strategic Initiative #2: Governance

NSGC’s new governance structure: Committee Structure

• Committees reorganized to directly address the annual plan of work as established by our Strategic Plan

• Committee Chairs and Vice Chairs will be appointed by the President-Elect

• Committee members will be appointed annually based on the tasks to be accomplished and their skills and interests
Strategic Initiative #2: Governance

NSGC’s new governance structure:

• Other NSGC members will be tapped for work on Task Forces, other long and short term, focused projects and initiatives

• NSGC will hold an annual Volunteer/Leadership Development Program session at the AEC beginning this year

• We encourage everyone to attend!

• This information is also available through www.nsgc.org, or by contacting the Executive Office
Strategic Initiative #2: Governance

Governance Implementation:

• Governance Task Force expanded to include two at-large NSGC members and one additional Board member

• Currently in the implementation phase of these exciting changes

• We will continue to evaluate the newly adopted structure through member surveys and personal discussions with members

• We want your feedback!
Strategic Initiative #2: Membership Enhancements

- Perspectives in Genetic Counseling expanded in 2007
- Weekly member Eblasts communicate member news
- Monthly President updates were initiated to increase your awareness of NSGC activities
- Enhanced job connection services, i.e. job postings now posted on SIG listservs
- Expanded membership options for new members
Strategic Initiative #2: Education

- Successful Regional Conferences held in Regions I, II, and IV.
- Region V piloted first NSGC virtual conference in September with 98 registrants
- Approval for NSGC to provide CEUs is expected in early 2008
- Partnered with Myriad Genetics to offer rotation opportunities for students interested in expanded roles in genetic counseling
- Ethics Casebook revision completed
- Grant/Scholarship opportunities have been expanded to include Prenatal SIG grants
Strategic Initiative #2: Education

In August, NSGC held an Educational Summit to evaluate NSGC’s current and future educational offerings

- Appointed task force of members with broad experience in education

- Identified audiences and educational needs of NSGC members and external stakeholders, using data from PSS, Member surveys, and feedback from AEC, SC and Regional meeting evaluations

- Task force will present recommendations to the Board of Directors for approval and implementation
Strategic Initiative #2: External Education and Partnerships

- NSGC was represented at the Minority Women’s Health Summit in August.

- Diversity Subcommittee represented NSGC at the Society for Advancement of Chicanos and Native Americans in Science (SACNAS) conference being held this week.

- Neurofibromatosis and Hereditary Breast and Ovarian Cancer guidelines published.

- Published joint position statement with ISONG regarding provision of quality genetic services.

- NSGC’s liaisons attended meetings and conferences to build relationships and promote the value of genetic counselors.
Strategic Initiative #3 - Position Genetic Counselors as key players in the integration of genetics across the healthcare spectrum

Communication/Media Efforts:

• Developed the “Five Questions You Should Ask Before Undergoing Genetic Testing,” with our PR Company, PCI

• Developed key talking points and “common myths” fact sheet in preparation for October’s Breast Cancer Awareness Month

• PCI conducted media spokesperson training with 13 NSGC spokespersons during the Region IV meeting in Skokie, IL

• NSGC has taken a proactive approach with the media that has led to a number of interviews in print, TV and radio over the past year
Strategic Initiative #3: Advocacy

Advocacy for the profession:

- Communicated with the Secretary’s Advisory Committee of Genetics, Humans and Society (SACGHS) regarding challenges genetic counselors face in our integration into the health care system

- Provided input on legislation

- Participated as a member of the IOM Roundtable on Translating Genomic-Based Research for Health

- Submitted requests to have genetic counselors are listed in the Department of Labor’s Standard Occupational Classification
Strategic Initiative #3: Advocacy

Promoting GINA:

• NSGC sent letters endorsing GINA to all of the Congressional champions

• Issued numerous action alerts to the membership in support of GINA

• In July, over 20 genetic counselors joined the Genetic Alliance’s hill day to lobby for passage of GINA in the Senate.
Strategic Initiative #3: Branding

NSGC Branding – What do we mean?

- A brand as a promise that is kept again and again because of what the brand does and what the brand believes in
- A strong organizational identity can provide the same benefits of a brand
Strategic Initiative #3: Branding

Branding – why now?

- The idea of branding stemmed from our strategic planning process in August of 2006

- We recognized that we needed a professionally facilitated session to identify our value proposition to various important audiences for NSGC
  - Members
  - Physicians
  - Patients/Consumers
  - Insurance/TPP
Strategic Initiative #3: Branding

- What will branding help us do?
- Creating a clear and compelling organizational brand for NSGC can help accomplish its strategic goals by:
  - Help NSGC redefine its mission and vision
  - Stimulate membership growth by providing a clear, compelling value proposition for potential members
  - Distinguishing our benefits from others offered in the field
  - Promoting the profession of genetic counseling to important constituencies
  - Creating a consistent, compelling communications platform about genetic counseling and NSGC
Strategic Initiative #3: Branding

Draft Brand Platform – not yet approved:

- Draft branding plan focus on physician organizations and showing our value to this audience with the assistance of our PR company, PCI

- Look for more information on this topic as the plan is unveiled and implemented in 2008

- We will be reaching out to many of you to work on this project and utilize your expertise!
NSGC Strategic Initiatives: Budget Implications
NSGC is working on behalf of our members

Billing and reimbursement strategic initiative has an annual cost of $68 per member

Other valuable NSGC membership benefits and resources that have been initiated or expanded in the past 5 years include:

- Increased negotiating power through expanded PSS data

- Greater awareness of the status of professional issues relevant to your practice through Eblasts, expanded *Perspectives in Genetic Counseling* and *Journal of Genetic Counseling* content
NSGC is working on behalf of our members

- A more prominent national presence to increase professional visibility and expand roles and opportunities

- Advocacy for genetic issues at a national level, resulting in a voice in public policy making

- Continued access to high quality education and professional development opportunities for all genetic counselors

- Expanded networking opportunities through increased specialty listservs and an enhanced website
Budget Implications

To help support these initiatives, the Board of Directors has approved a dues increase in 2008:

- First increase in 5 years
- Full member dues will increase from $175 to $230

GCF Accomplishments 2007

• Board conducted strategic planning session in March.

• As a result of this session, the Board decided that a step had been missed in the development of the foundation.

• Task Force Appointed in August 2007 to address this step and determine:
  • Primary areas of research/funding focus for GCF
  • Programs and services for next 3 years
  • Board/staff structure to provide support
GCF Task Force

GCF wants to recognize and thank the Task Force members:

Vivian Weinblatt, Chair
Beth Balkite
Karen Hanson
Ed Kloza
Joan Scott
Next Steps

• GCF Task Force recommendations are being evaluated by the GCF Board of Directors

• Based on recommendations, the GCF Board will develop a plan for moving forward to ensure a successful Foundation

• Taking this step has been extremely positive in the further formation of the Foundation and we are very excited about the future of GCF!
We appreciate your support!

- As a result of member support, GCF has raised $17,037 from member donations to date.
- GCF now positioned to move to the next level.
- Thank you!
