## ABSTRACT SUBMISSION CHECKLIST AND TIPS

### TIPS FOR A CLEAR AND INTRIGUING ABSTRACT

- Limit your abstract to less than 150 words.
- Write your abstract in third person.
  - Example: “**Presenters** will cover XYZ and ABC...” instead of “**We** will discuss...”
  - Refer to ‘attendees’ instead of ‘you’ within the description (i.e. In this session, **attendees** will learn to...)
- Choose a title that summarizes the main idea of your presentation simply and with style – and be sure to capitalize your title properly.
  - Example: This is a Properly Formatted Abstract Title
- If you are using acronyms, please use them in the title and then spell them out only on the first usage in your abstract
  - Example: Title – *Exploring OBI & Taleo*
  - Abstract – *Learn about Oracle’s plans to enhance Taleo Reporting by adopting Oracle Business Intelligence (OBI) technology...*
- Write your abstract with the typical attendee in mind – make sure your writing style is compelling, but not too sales-y, and informed, yet not too academic.
- Be sure to proofread your abstract and do your best to ensure it meets AP style. Refer to the Purdue site for guidance: <http://owl.english.purdue.edu/owl/resource/735/02/>
