

# PRELIMINARY PROGRAM

## MAY 31 - JUNE 4, 2019

# 2019 ASCO<sup>®</sup>

## ANNUAL MEETING

### FRIDAY, MAY 31, 2019

#### 1:00 PM - 2:00 PM

#### INTERACTIVE CASE-BASED SESSIONS

##### Bringing the Primary Care Physician "Back" Into Cancer Care

Track(s): Symptoms and Survivorship; Care Delivery and Practice Management; Geriatric Oncology

##### Do We Know How to Use Hypomethylating Agents in Myeloid Disorders?

Track(s): Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant; Symptoms and Survivorship

#### 1:00 PM - 2:15 PM

#### EDUCATION SESSIONS

##### Geriatric Assessment in the Management of Multiple Myeloma

Track(s): Hematologic Malignancies—Plasma Cell Dyscrasia; Geriatric Oncology; Health Services Research, Clinical Informatics, and Quality of Care

##### Improving Quality of Care and Patient Outcomes by Maximizing the Efficiency of the Oncology Team

Track(s): Global Health; Care Delivery and Practice Management; Disparities/Health Equity

##### Point/Counterpoint: Do We De-intensify Treatment for HPV-Positive Oropharynx Cancer Now? And How?

Track(s): Head and Neck Cancer

##### Point/Counterpoint: Does the Bar for Oncology Drug Approval Affect Quality of Care/Life?

Track(s): Health Services Research, Clinical Informatics, and Quality of Care; Clinical Trials; Disparities/Health Equity; Symptoms and Survivorship

##### The Evolving Role of PSMA-Based Diagnostics and Therapeutics in Prostate Cancer

Track(s): Genitourinary (Prostate) Cancer

##### Walk This Way: Wearable Devices and Remote Monitoring for Patients With Cancer

Track(s): Care Delivery and Practice Management; Health Services Research, Clinical Informatics, and Quality of Care; Value

#### TICKETED SESSIONS

##### Meet the Professors: Gastric and Pancreatic Cancer Screening in High-Risk Populations

Track(s): Cancer Prevention, Hereditary Genetics, and Epidemiology; Gastrointestinal (Noncolorectal) Cancer

##### Meet the Professors: Targeting Beyond the Genome in Epigenetics Therapy

Track(s): Symptoms and Survivorship

#### 1:00 PM - 2:30 PM

#### CLINICAL SCIENCE SYMPOSIUM

##### Lung Cancer Clinical Science Symposium

Track(s): Lung Cancer; Developmental Immunotherapy and Tumor Immunobiology; Immunotherapy

#### 1:00 PM - 3:15 PM

#### WORKSHOP

##### How to Initiate and Integrate Clinical Trials Into Your Practice

Track(s): Care Delivery and Practice Management; Clinical Trials

FRIDAY, MAY 31, 2019 (CONTINUED)

1:00 PM - 5:00 PM

WORKSHOPS

**Genomics for Oncologists 101**

Track(s): Cancer Prevention, Hereditary Genetics, and Epidemiology

**Grant Writing Workshop**

Track(s): Professional Development

2:45 PM - 4:00 PM

EDUCATION  
SESSIONS

**Implementing Risk-Stratified Cancer Follow-up Care: How, Why, and What Is the Return on Investment?**

Track(s): Symptoms and Survivorship; Care Delivery and Practice Management

**Many Shades of Disparities in Myeloma Care**

Track(s): Hematologic Malignancies—Plasma Cell Dyscrasia; Disparities/Health Equity; Global Health

**Molecular Analysis of Myeloid Disorders: Is Precision Medicine Changing Practice?**

Track(s): Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant; Symptoms and Survivorship

**On the Shoulders of Giants: Past, Present, and Future of Systemic Therapy for Lung Cancer**

Track(s): Professional Development; Developmental Immunotherapy and Tumor Immunobiology; Lung Cancer

**Real-World Tumor/Plasma Genetic Testing: Tough Choices, How Do You Pick?**

Track(s): Lung Cancer; Cancer Prevention, Hereditary Genetics, and Epidemiology; Care Delivery and Practice Management; Symptoms and Survivorship

2:45 PM - 5:45 PM

ORAL  
ABSTRACT  
SESSIONS

**Genitourinary (Prostate) Cancer**

Track(s): Genitourinary (Prostate) Cancer

**Head and Neck Cancer**

Track(s): Head and Neck Cancer

**Health Services Research, Clinical Informatics, and Quality of Care I**

Track(s): Health Services Research, Clinical Informatics, and Quality of Care

**Pediatric Oncology I**

Track(s): Pediatric Oncology

3:00 PM - 4:15 PM

EDUCATION  
SESSION

**From First- to Third-Generation Small Molecule Inhibitors**

Track(s): Symptoms and Survivorship; Lung Cancer

3:45 PM - 6:00 PM

WORKSHOP

**Enhancing Cultural Literacy in Oncology: Strategies for Delivery of High-Quality Cancer Care**

Track(s): Professional Development; Disparities/Health Equity; Ethics

FRIDAY, MAY 31, 2019 (CONTINUED)

4:30 PM - 5:30 PM

INTERACTIVE  
CASE-BASED  
SESSIONS

**Challenges in Use of Immunotherapy in Non–Small Cell Lung Cancer: Where the Rubber Meets the Road**

Track(s): Lung Cancer; Care Delivery and Practice Management; Immunotherapy; Symptoms and Survivorship

**Walk the Walk With Older Patients With Cancer: Multidisciplinary Care Across the Cancer Continuum**

Track(s): Geriatric Oncology; Disparities/Health Equity; Gastrointestinal (Colorectal) Cancer; Symptoms and Survivorship

4:30 PM - 5:45 PM

EDUCATION  
SESSIONS

**DDR: The DNA Damaging Revolution**

Track(s): Symptoms and Survivorship

**The Other Side of CAR T-Cell Therapy: Cytokine Release Syndrome, Neurologic Toxicity, and Financial Burden**

Track(s): Hematologic Malignancies—Leukemia, Myelodysplastic Syndromes, and Allotransplant; Care Delivery and Practice Management; Disparities/Health Equity; Immunotherapy; Symptoms and Survivorship; Value

**Tweets, Chats, and Posts: Using Social Media to Transcend Boundaries and Create Opportunities for Patients**

Track(s): Professional Development; Clinical Trials; Health Services Research, Clinical Informatics, and Quality of Care

TICKETED  
SESSIONS

**Clinical Controversies: Which Drugs to Choose for Maintenance Therapy in Plasma Cell Dyscrasia and for How Long? **

Track(s): Hematologic Malignancies—Plasma Cell Dyscrasia

**Meet the Professors: Primer on Palliative Care Across the Age Spectrum **

Track(s): Symptoms and Survivorship; Pediatric Oncology
