2019 ASCO®
ANNUAL MEETING
CARING FOR EVERY PATIENT, LEARNING FROM EVERY PATIENT

Program Announcement

MAY 31—JUNE 4, 2019
McCORMICK PLACE | CHICAGO, ILLINOIS
am.asco.org | #ASCO19

Hotel Reservation and Early Registration Deadline
April 24 at 11:59 PM (EDT)
Every patient deserves equal access to the highest quality care and the opportunity to participate in research. The 2019 ASCO Annual Meeting will focus on a unique global exchange of information on how to drive progress and expand the reach of quality care for all patients.

The Meeting offers a variety of session types designed to teach, engage, and bring the field together. In addition to presenting the latest research in cancer care, attendees can connect with the brightest minds in oncology through numerous networking events designed to fit the needs and interests of every oncology professional.

Whether you are new to the Annual Meeting or a perennial attendee, an incredible experience awaits you. Spanning all oncology disciplines, professions, and interests, this is the must-attend multidisciplinary conference for global cancer care.

Sessions will feature world-renowned faculty discussing state-of-the-art treatment modalities, new therapies, and ongoing controversies in the field.

Don’t miss out on your preferred hotel—register for the Meeting and make your hotel reservation today at am.asco.org.

Monica Bertagnolli, MD, FACS, FASCO
2018-2019 ASCO President
Professor of Surgery, Harvard Medical School

Participate in a Global Exchange of Information.
Drive Progress.
Expand the Reach of Quality Care.

I believe in the promise of tomorrow and the discoveries that will expand our understanding of how to best prevent, treat, and ultimately conquer cancer. Join me at the 2019 ASCO Annual Meeting as we learn and share the latest innovations in oncology to deliver optimal care to our patients.
Timely Topics in the Field of Oncology

OPENING SESSION GUEST SPEAKER: ATUL GAWANDE, MD, MPH

Dr. Atul Gawande, New York Times bestselling author, surgeon, and public health leader will share his own experiences Caring for Every Patient, Learning from Every Patient.

In addition to practicing general and endocrine surgery at Brigham and Women’s Hospital, Dr. Gawande is CEO of the non-profit-seeking health care venture formed by Amazon, Berkshire Hathaway, and JPMorgan Chase to deliver better outcomes, satisfaction, and cost efficiency in care. He is the Founding Executive Director and Chairman of Ariadne Labs, a joint center for health systems innovation, and Chairman of Lifebox, a nonprofit organization making surgery safer globally. Dr. Gawande is also a professor in the Department of Health Policy and Management at the Harvard T.H. Chan School of Public Health and The Samuel O. Thier Professor of Surgery at Harvard Medical School.

FRIDAY WORKSHOPS

Friday afternoon Workshops offer hands-on learning opportunities. Attendees will work in small groups to apply practical tools and learn take-home skills to implement immediately into practice. Space will be available on a first-come, first-served basis.

Workshop Topics:
- Enhancing Cultural Literacy in Oncology: Strategies for Delivery of High-Quality Cancer Care
- How to Initiate and Integrate Clinical Trials Into your Practice
- Genomics for Oncologists 101
- Grant Writing

TICKETED SESSIONS

Enhance your meeting experience by registering for a ticketed session. These limited attendance sessions provide a more engaging learning experience. Early registration is encouraged, as attendance in these sessions is limited.

Ticketed Session Topics Include:
- Fireside Chats With Luminaries in the Oncology Field
- Clinical Controversies Discussions
- Meet the Professor Sessions

Check out the Program starting on page 9 for surgical-focused sessions related to expanding the reach of quality care for all patients.

ASCO BOOK CLUB

Cancerland: A Medical Memoir
Join the discussion with author David Scadden, MD, a hematologist/oncologist at Harvard Medical School and Massachusetts General Hospital, to discuss stories of loss and hope, and the promise of science and medicine in cancer treatment.

CLINICAL TRIAL ENROLLMENT AND ACCESSIBILITY

There is little debate about the importance of increasing clinical trial participation, however, trial availability and enrollment processes, which are often plagued by obstacles, limit a patient’s ability and opportunity to join. The Friday workshop on How to Initiate and Integrate Clinical Trials into Your Practice will offer an interactive experience with faculty addressing these important issues. Additionally, the education session Overcoming Barriers to Clinical Trial Enrollment will address issues of financial toxicity, the informed consent process, and the importance of patient navigators in clinical trial participation.

ASCO VOICES

Returning for 2019, ASCO Voices features a variety of personal narratives and perspectives to expand your view of oncology, medicine, and the world—from big ideas to personal passions. These lightning talks offer a break from the science and an opportunity to reflect on personal stories and experiences.

ESTABLISHING A MUTUALLY RESPECTFUL ENVIRONMENT
IN THE WORKPLACE

Racism, sexual harassment, and implicit bias exist in all corners of modern society, including the health care setting. Join us for a thoughtful conversation as a group of clinicians share their personal experiences and offer ways to navigate these prevalent and pertinent social issues.

New Sessions in 2019

Hematology-Oncology Chiefs and Chairs Breakfast
Saturday, June 1, 7:30 AM – 8:30 AM

Effective Cancer Pain Management in an Era of Opioid Aberrancy
Saturday, June 1, 1:15 PM – 2:30 PM

The Elephant in the Room: Addressing Depression and Suicide Among Oncology Providers
Monday, June 3, 1:15 PM – 2:30 PM

ABIM/MOC Oncology Learning and Assessment: The New Alternative MOC Pathway
Saturday, June 1, 3:00 PM – 4:15 PM

Academic-Community Partnerships: Approaches to Engagement
Monday, June 3, 11:45 AM – 12:30 PM

REGISTER NOW AT AM.ASCO.ORG
Interact In Sessions

Returning this year, Interact, powered by Sync, enables attendees to view session slides on personal devices in real-time, take notes on presentation slides, and pose questions to speakers.

Bring your laptop or tablet with you to the Meeting for the best Interact experience during sessions.

"Interact was extremely easy. It made the real time viewing of slides and documenting information a pleasure.”
- Albert DeNittis, MD

NEW SESSION FORMAT: INTERACTIVE CASE-BASED SESSIONS

New this year! Twenty-four Interactive Case-Based Sessions will feature panel discussions around real-world cases. Sessions will utilize ASCO’s Interact technology to poll the audience, enhancing attendee engagement and maximizing learning throughout the session. Bring your laptop or tablet to participate in these highly interactive discussions.

Read ASCO Daily News

Stay abreast of the most important news from the Meeting with ASCO Daily News. The Friday registration issue provides attendees with a roadmap to the Meeting. The Saturday, Sunday, and Monday Editions feature commentary from key opinion leaders in oncology and news articles on top abstracts. Learn more at dailynews.ascopubs.org.

Stay Connected

- Follow @ASCO, use #ASCO19, and tweet that you’ve registered, who you’re excited to see, and what you want to learn.
- Tune into ASCO Podcasts to hear about the latest Annual Meeting announcements and happenings.
- Use the FIND A COLLEAGUE directory to search for people by name, institution, and specialty and see if they’re registered for the Meeting. If so, you can send them an email and make plans to meet. Find more information at am.asco.org.

2019 ASCO Educational Book—Meeting attendees and ASCO Members benefit from exclusive FREE access to the 2019 ASCO Educational Book digital edition. The PubMed-indexed, peer-reviewed resource features articles written by Education Program faculty. Access it on asco.org/edbook on May 21!

INSIDER’S TIP: Plan Your Meeting

Available in early May, download the ASCO iPlanner mobile app to map out how to get from your location to your next session room in McCormick Place. The app also allows you to build your schedule, use Interact, and claim CE credits right from the session room.
ASCO Is the Place to Connect

Take advantage of networking opportunities to meet with fellow attendees. #ASCO19 is the optimal place to share ideas and build foundations for future relationships and collaborations.

**WOMEN’S NETWORKING CENTER**
Gather, discuss, and attend interactive panel discussions related to pertinent issues that affect women in oncology. In addition, mentoring office hours will also provide an opportunity for a 30-minute one-on-one conversation with a female in the field of oncology—sign up in May!

**PUBLISHING LOUNGE**
Journal of Clinical Oncology, Journal of Oncology Practice, Journal of Global Oncology, JCO Precision Oncology, JCO Clinical Informatics, ASCO Educational Book, and Daily News authors, editors, editorial board members, and reviewers are encouraged to take a break and network with colleagues in the Publishing Lounge. Meet the Editor-in-Chiefs, pick up the latest ASCO publications, and more.

**TRAINEE & EARLY CAREER ONCOLOGIST MEMBER LOUNGE**
Open to medical students, residents, fellows, early-career oncologists within 3 years post-training, and Oncology Training Program Directors who are ASCO members. Career development sessions and mentoring opportunities are available, visit am.asco.org for information.

**PATIENT ADVOCATE LOUNGE**
Take the opportunity to gather in a relaxed environment, network with colleagues, and peruse ASCO patient information materials.

**LAKESIDE LOUNGE**
This large open area in the East Building offers a place to charge your devices, grab a bite to eat, watch ASCO TV, stop by the Podcast Listening Station, take a selfie, and shop at a Pop-Up Shop.

**RESERVE A NETWORKING TABLE**
Guarantee a place to meet with colleagues by reserving a Networking table in the seating area behind Concierge Services from Friday–Monday of #ASCO19. Each table has a powerstrip and can seat 10 people. Table reservations will be available at am.asco.org 2 weeks prior to the meeting.

**STEP CHALLENGE**
Be a part of ASCO’s Step Challenge! The importance of regular physical activity is paramount to our health. McCormick Place is a large building—take advantage of it and log in some steps for fun, for your health, and for a chance to win bragging rights and giveaways. The app will be available at the end of May.

**ONCOLOGY PROFESSIONALS HALL**
Network with poster presenters, visit exhibits, learn about new therapies, products, and advancements in research, and eat in the building’s largest food court.

**#ASCO19 PODCASTS**
Have a few minutes between sessions? Looking for additional perspectives after a session? Check out all of the different podcasts that ASCO has to offer at the Podcast Portal in the East Building. Learn more at asco.org/podcasts.

**FREE COFFEE ON TUESDAY**
Caffeinate and energize yourself for the last day of learning at this year’s Meeting. Free coffee for attendees will be available on Tuesday in the grand concourse outside the Oncology Professionals Hall.

Experience It All at #ASCO19
#ASCO19 BY THE NUMBERS

- Over 250 Oral Abstract Presentations
- Over 2,200 Poster Presentations
- 13 Clinical Science Symposia
- 14 Special Awards
- 480 Educational Presentations by Speakers from 23 different countries
- 612 Networking and reserved areas with over 6,120 seats

ASCO 2019 OFFERS SESSIONS FOR CLINICIANS IN PRIVATE PRACTICE

HIGHLIGHTS INCLUDE:

- Overcoming Unique Obstacles to Implementing Precision Medicine Trials in the Community Setting
- Patient-Reported Outcomes: Expanding From Plenary to Everyday Practice
- Perspectives in Oncology Utilization Management: Using Collaboration Rather Than Confrontation
- Tele-Oncology: Beyond the Basics

**Plan Your Chicago Visit**

McCormick Place is centrally located in Chicago. Directly accessible from McCormick Place are:

- **580 parks and 26 beaches**
- **26 miles of lakefront with an 18.5 mile lakefront path**
- **More than 125 art galleries and 20 neighborhood art centers**
- **Approximately 369 landmarks and 46 historic districts**
- **Over 225 miles of bike lanes, 3,000 bikes, and 300 stations through a bike sharing system**
- **56 museums including**
  - Hamilton Exhibit
  - Glessner House Museum
  - Clarke House Museum
  - Chinese American Museum of Chicago
  - Heritage Museum of Asian Art and many more
- **580 museums including**
  - Hamilton Exhibit
  - Glessner House Museum
  - Clarke House Museum
  - Chinese American Museum of Chicago
  - Heritage Museum of Asian Art and many more
- **More than 5,195 restaurants**
- **Over 225 miles of bike lanes, 3,000 bikes, and 300 stations through a bike sharing system**
- **Games during #ASCO19:**
  - May 31–June 2: Chicago White Sox vs. Cleveland Indians

**Improve Your #ASCO19 Experience**

**NEW THIS YEAR! CHILDCARE IS AVAILABLE AT MCCORMICK PLACE**

ASCO will provide professional childcare services during the Annual Meeting through KiddieCorp for infants and children ages 6 months to 12 years. More information on how to sign up will be available at am.asco.org.

**COMMUTE TO MCCORMICK PLACE STRESS-FREE**

- More hotels within walking distance of McCormick Place
- Transportation options include:
  - Complimentary ASCO shuttle service to and from all official hotels and McCormick Place, except those that are within walking distance, these include:
    - Hyatt Regency McCormick Place
    - Hampton Inn by Hilton Chicago McCormick Place
    - Home2 Suites by Hilton Chicago McCormick Place
    - Ridesharing options, including Uber and Lyft
    - Taxi
    - CTA, Chicago’s “L train” service

- Marriott Marquis Chicago
- Hilton Garden Inn Chicago McCormick Place
Register and Reserve Your Hotel

Visit am.asco.org to register and make a hotel reservation.

Hotel Reservation and Early Registration Deadline: April 24 at 11:59 PM (EDT)

Registration includes:

• Access to all Education Sessions and Scientific Sessions, including Poster Sessions
• Access to 2019 ASCO Annual Meeting Videos and Slides
• Electronic access to the 2019 ASCO Educational Book, Annual Meeting Proceedings, and ASCO Daily News
• Interact, our online tool that enables you to view session slides on your personal device in real time, take notes on slides during sessions, pose questions directly to faculty, and use audience response technology
• Continuing Medical Education (CME) and Continuing Education (CE) credits for nurses and pharmacists, and Maintenance of Certification (MOC) points for physicians
• Entrance to the Oncology Professionals Hall

Customize your experience by adding any of the below items for an additional fee:

• Pre-Annual Meeting Seminars (see page 19)
• Ticketed Session Pass
  These limited attendance, interactive sessions provide a more intimate learning experience. You will need a Ticketed Session Pass in order to purchase any session-specific tickets. The Pass gives you the ability to pre-register for one ticketed session and unlimited tickets can be purchased after April 24, based on availability.
• Professional childcare services through KiddieCorp for infants and children ages 6 months to 12 years; more information available at am.asco.org

Pre-Annual Meeting Seminars

Arrive at the Annual Meeting a day early for added learning! Take advantage of additional opportunities to network and experience in-depth education on timely topics in oncology.

These seminars are approved for Continuing Education credits.

NEW DRUGS IN ONCOLOGY
This seminar focuses on the theoretical and practical aspects of both recently approved drugs and those on their way to approval. Session topics will include clinical trial design, mechanisms of action, administration, toxicity, and side-effect management, and use in the clinic.

(RE)DEFINING VALUE IN CANCER CARE: PRIORITIES FOR PATIENTS, PROVIDERS, AND HEALTH SYSTEMS
The seminar provides oncology professionals with timely information on financial toxicity (impacting both practice sustainability and patient financial burden), innovative reimbursement, coverage, treatment models. Faculty will discuss strategies for overall cancer treatment spending and how clinicians can make better-informed decisions with patients, payers, and others.

IMMUNONCOLOGY: EFFECTIVELY INTEGRATING IMMUNOTHERAPY INTO TODAY’S CLINICAL PRACTICE
This seminar will be cosponsored with the Society for Immunotherapy of Cancer (SITC). The pace of progress in immunotherapy necessitates the continuing education of clinicians to provide the most up-to-date and comprehensive immunotherapy-based treatment options for their patients. This program will provide updates on utilizing immunotherapy in clinical practice across major disease sites, address issues important such as toxicity management, and look to the future of immunotherapy treatment.

GENETICS & GENOMICS FOR THE PRACTICING CLINICIAN
This seminar will focus on cancer genetics and genomics, with specific attention to issues facing clinicians in practice. The first day will focus on cancer genetics with didactic lectures providing new information regarding genetic testing. The second day will focus on genomic testing with a discussion of currently available techniques and implications on treatment and management.

Register for a seminar in addition to your Annual Meeting registration at am.asco.org.

ASCO Honors Award Recipients and Lecturers

Ian Tannock, MD, PhD, FASCO
Princess Margaret Cancer Centre and University of Toronto
Allen S. Lichter Visionary Leader Award and Lecture
Saturday, June 1, at 3:00 PM

Judy Garber, MD, MPH, FASCO
Dana-Farber Cancer Institute
ASCO-American Cancer Society Award and Lecture
Monday, June 3, at 2:00 PM

Elisabeth Quoix, MD
Hopitaux Universitaires de Strasbourg, Department of Pneumology
B.J. Kennedy Award and Lecture for Scientific Excellence in Geriatric Oncology
Monday, June 3, at 4:45 PM

Robert J. Mayer, MD, FASCO
Dana-Farber Cancer Institute
Distinguished Achievement Award
Sunday, June 2, at 1:00 PM

Ann H. Partridge, MD, MPH, FASCO
Dana-Farber Cancer Institute
Ellen Stovall Award and Lecture
Monday, June 3, at 1:30 PM

Natasha B. Leighl, MD, MMSc, FRCPc, FASCO
Princess Margaret - University Health Network
Excellence in Teaching Award
Presented at Presidents Dinner

Norman Wolmark, MD
Allegheny General Hospital
Gianni Bonadonna Breast Cancer Award and Lecture
Saturday, June 1, at 4:45 PM

Lawrence N. Shulman, MD, FACP, FASCO
Abramson Cancer Center, University of Pennsylvania
Humanitarian Award
Presented at Presidents Dinner

Connie M. Szczepanke, RN, BSN, CCRP
Cancer Research Consortium of West Michigan - NCORP
Partners in Progress Award
Sunday, June 2, at 11:30 AM

James R. Downing, MD
St. Jude Children’s Research Hospital
Pediatric Oncology Award and Lecture
Sunday, June 2, at 11:30 AM

Joan S. Brugge, PhD
Harvard Medical School
Science of Oncology Award and Lecture
Sunday, June 2, at 1:00 PM

Lynn M. Schuchter, MD, FASCO
University of Pennsylvania
2019 Hologic, Inc Endowed Women Who Conquer Cancer Mentorship Award
Friday, May 31, at 4:00 PM

Verna Vanderpuye, MBChB
National Center for Radiotherapy Oncology and Nuclear Medicine, Korlebu Teaching Hospital
2019 International Women Who Conquer Cancer Mentorship Award
Friday, May 31, at 4:00 PM
Support for this meeting is funded through:
