International Economic Trends

May 2012

This publication contains charts and tables compiled by the Data Desk staff of the Federal Reserve Bank of St. Louis.

The data are from the G-7 countries, selected emerging markets, and the euro area, including output, inflation, labor markets, interest rates, government budgets, trade, and more.

Effective January 2012, all cover pages for the International Economic Trends, Monetary Trends, and National Economic Trends publications have been discontinued. Cover pages are now part of our Economic Synopses series.
