National Economic Trends
October 2012

This publication contains charts and tables compiled by the Data Desk staff of the Federal Reserve Bank of St. Louis.

The data are related to the state of the U.S. economy: output, inflation, labor markets, interest rates, government budgets, international trade, and more.

Effective January 2012, all cover pages for the International Economic Trends, Monetary Trends, and National Economic Trends publications have been discontinued. Cover pages are now part of our Economic Synopses series.
