

Product Line Updates

Category 6A UTP

Siemon has been hard at work expanding and refining our line of Category 6A UTP cabling and connectivity. The below enhancements further solidify this best-in-class end-to-end copper system as the best choice for cases when an unshielded solution is desired.

Category 6A TL UTP LS0H Cable

15% smaller diameter than traditional 6A UTP cables

Z-MAX® 6A UTP Patch Cords

Now with 15% smaller diameter and dual listed CM/LS0H-1/LS0H-3 cable

SkinnyPatch™ 6A UTP Patch Cords

The 6A UTP version of our popular 28 awg SkinnyPatch cords

New LockIT™ Patch Cords

Tamper-proof cords available in 6A UTP 26 AWG and 28 AWG versions

Indoor/Outdoor Cable

Available with CMR/CMX jacket, and LS0H coming in 2021 (TBD)

Intertek

ETL Test Report

Third party test reports for TL cable and channel now available, which includes Z-PLUG in the channel

Category 6A UTP LS0H CPR Cca Rating

Higher CPR rating for Europe coming end of Q1 2021

6A UTP Channel

The above products combine with the Z-MAX 6A UTP outlet, patch panel, and the Z-Plug to offer a high performing, easy-to-install 6A UTP channel. Pricing for the 6A UTP system has also now been realigned to be more competitive.

Because we continuously improve our products, Siemon reserves the right to change specifications and availability without prior notice.
