CT panels complement our CT work area products and offer a feature-rich and flexible patching solution. Flat CT couplers are ordered separately and quickly snap into the black anodized patch panels. This easy snap-in capability lets you custom configure panels to suit your particular application. This modular capability allows custom configuration of panels to suit a variety of applications. Low cost blank couplers are available to fill unused ports, and can be replaced with active couplers when the need arises.

Black anodized aluminum panels can be mounted directly to an EIA standard 19 inch relay rack or cabinet.

Cutouts allow terminated couplers to pass through panels from front to back or back to front.

Couplers can be easily removed from the panel making moves, adds, and changes quick and easy.

For optimum flexibility, the CT Panel accepts a wide variety of CT couplers, including UTP, fiber, and coax.

Technical Tip!
Use optional fiber management tray when mixing copper and fiber in CT panel.

Siemon offers a wide range of rear cable management products to encompass a wide range of rack sizes and cable routing methods.

Siemon is ETL and UL listed.
MODULAR PATCHING

**ORDERING INFORMATION**

**CT® Patch Panels:**
- CT-PN L-16 ............ 16-port panel,* accepts 8 couplers, 1 RMS
- CT-PN L-24 ............ 24-port panel,* accepts 12 couplers, 2 RMS
- CT-PN L-32 ............ 32-port panel,* accepts 16 couplers, 2 RMS
- CT-PN L-48 ............ 48-port panel,* accepts 24 couplers, 3 RMS
- CT-PN L-64 ............ 64-port panel,* accepts 32 couplers, 4 RMS
- CT-PN L-96 ............ 96-port panel,* accepts 48 couplers, 6 RMS

**Oversized CT Patch Panels:**
- CT-PN L-16-ID ........ 16-port panel,* accepts 8 couplers, 2 RMS
- CT-PN L-24-ID ........ 24-port panel,* accepts 12 couplers, 3 RMS
- CT-PN L-32-ID ........ 32-port panel,* accepts 16 couplers, 3 RMS
- CT-PN L-48-ID ........ 48-port panel,* accepts 24 couplers, 4 RMS
- CT-PN L-64-ID ........ 64-port panel,* accepts 32 couplers, 4 RMS
- CT-PN L-96-ID ........ 96-port panel,* accepts 48 couplers, 7 RMS

**CT-DK Designation Kit:**
- CT-DK ................. Bag of adhesive backed, clear plastic holders with paper designation strips, designed for use with ID oversized CT panels
