MAX® International Faceplates

The MAX series modular faceplates combine high capacity with aesthetic enhancements that provide a fresh new look to match today’s technologies. The faceplate offers pressure-release designation label covers which eliminate the need for a probe-pic or screwdriver when installing faceplate labels. The faceplates are designed to be used with Z-MAX®, TERA®, and both angled and flat MAX outlets. Its durable finish masks minor scuffs that may occur during daily usage.

Labels
Sheets of designation labels can be ordered for use with printers

Variety
A variety of faceplates and adapters are available

Multiple Colour Options
Faceplates available in black, white, bright white, alpine white, ivory, light ivory

Application Flexibility
Complete multimedia support

Installation Flexibility
Flexible mounting tab on MAX outlets allows installation from front or rear of faceplate.

Reduced Mounting Depth
Siemon’s angled faceplate adapters provide a secure mounting solution for use in trunking systems, faceplates and floor boxes while reducing depth needs.

Labelling
Most faceplates include pressure-release designation label covers for quick, tool-less removal.

10G MAX® Horizontal Faceplates (International)
Siemon’s 10G single gang horizontal faceplate for Z-MAX®, TERA® or MAX outlets, (Australian/Italian)

Ordering Information

10G MAX® British Faceplates
Siemon’s 10G MAX British faceplates are designed to provide the optimal outlet separation necessary to reduce alien crosstalk (ANEXT) between Z-MAX 6A UTP modules. They are also ideal for use with Siemon’s shielded Z-MAX 6A modules. MAX British faceplates are compatible with British standards (85mm x 85mm).

Use (XX) to specify color: 01 = black, 02 = white, 20 = Ivory, 25 = British White, 80 = Light Ivory

Max British Faceplates
Max British faceplates are compatible with British standards (85mm x 85mm). The faceplate is designed to accept up to six Z-MAX, MAX or TERA outlets.

Max British Double Layer Faceplates
Designed for markets that use British mounting standards (85mm x 85mm), these faceplates offer improved aesthetics via snap-on mounting screw covers. Faceplates include designation labels, clear label covers, and M3.5 x 0.6x25 mounting screws.

Add “M” to end of part number for M4 x 0.7x25 mounting screws. Faceplates include designation label, clear label covers, and M3.5 x 0.6x25 mounting screws.

Use (XX) to specify color: 01 = black, 02 = white, 20 = Ivory, 25 = British White, 80 = Light Ivory
