# DEANNA ARMEL

Broker

> "Saving lives & Protecting Property..."

This was what Deanna Armel did for ten years working as a Firefighter Paramedic for the City of Orlando Fire Department before her career ended in 2006 with an on-the-job back injury. Growing up in Jacksonville, Florida in an entrepreneurial climate, Deanna witnessed her grandmother as the "Pioneer in the beauty industry" as she not only opened the first Day Spa in the city but also created her own line of skin care and cosmetics which continues to thrive today-Frances Calhoun Skin Care (FCSkinCare.com). Deanna consistently heard both her mother and her grandmother say that it was their goal to "help everyone look and feel their best."

It is evident that Deanna was meant to "impact lives" and she does just that with her Real Estate company here in Orlando, Florida. Armel Real Estate, Inc. is a full-service commercial and residential real estate firm specializing in selling golf courses, businesses and luxury homes and is composed of a team of five agents. Deanna maintains a small firm and emphasizes "teamwork and exceptional service with a personal touch."

"It is an honor to be recognized in Orlando Style Magazine by my professional colleagues in the community not only as a woman with strong leadership skills but also as a female with tenacity and compassion," stated Deanna Armel.

As a graduate of Rollins College, a wife, and an Orlando resident of twenty-three years, Deanna has been quite involved in the community and takes much pride in her volunteer work with the Orlando Health Foundation's Cancer Research and Fund Raising Organization- Women

Playing for T.I.M.E. This is close to her heart as she lost her mother to cancer five years ago and then her grandmother within the same year. As Larry Graham (one of her clients) stated, "Deanna has a sense of compassion and sincerity that goes beyond any sale. I am truly convinced that she truly cares about her clients' desires as evidenced by my own experience gleaned from many interactions with her."

When Deanna began her real estate career, she reached out to a longtime family friend who was also the nation's leading golf course broker and still is, Hilda Allen. Deanna's very first real estate transaction was the sale of a golf course with Hilda-The Majors Golf Club in Palm Bay, Florida. Since then, Deanna has worked with Hilda in closing more than a dozen golf courses including the most recent- The Legacy Club at Alaqua Lakes in Longwood, Florida as well as Highlands Reserve in Davenport, Florida. Other local area golf courses Deanna has sold with Hilda include Windermere Country Club, Timacuan Country Club, Palisades Golf Club, Kissimmee Oaks Golf Club, just to name a few.

"Deanna is the 'One in a Billion' that you will be lucky to use to sell your home, buy a home or sell your business," said the Stepp's, founders and owners of VELOCITY Powerboats which Deanna successfully sold this year.

"Impacting Lives and Selling Property..." what Deanna Armel is doing today. <
