CANE CREEK

29 BLUEBERRY LANE | FAIRVIEW, NC 28730

IMMACULATELY MAINTAINED AND THOUGHTFULLY UPDATED

... this inviting home blends comfort, style, and standout outdoor living. Set on beautifully curated, park-like grounds, the property is a true sanctuary and features mature landscaping and year-round flowering plants that create a private and peaceful, ever-changing natural backdrop. Inside, the home feels both elevated and effortless. The chef's kitchen anchors the space with clean lines, abundant cabinetry, and a layout that makes cooking (and lingering) feel like part of the experience. Beautifully tiled bathrooms add a spa-like touch, reinforcing the home's calm, collected vibe. The real magic happens outdoors. A huge screened-in porch overlooks the lush grounds, which are perfect for morning coffee, evening dinners, or simply doing nothing at all (highly recommended!). The yard continues to impress with a charming garden/tool shed, wonderful stonework, meandering garden beds, a fire pit and a bench swing. So many thoughtfully designed spaces to relax, garden, or gather. Located in the Reynolds school district in the beautiful Cane Creek area, with solar panels that keep energy costs impressively low, this home delivers on both practicality and long-term value. Exceptionally cared for, where every detail feels intentional, this is the kind of place you walk into and immediately think, "Yeah, this is it."
