Tucked away on a private 0.89-acre setting in Weaverville, this beautiful new-construction home blends modern comfort with thoughtful design and abundant natural light throughout. Step inside to 9-foot ceilings and finished-in-place hardwood floors that create a bright, open feel across the main level. The well-appointed kitchen features stainless steel appliances, under-cabinet lighting, a stylish tile backsplash, and a spacious walk-in pantry, making it both functional and inviting for everyday living and entertaining. The main level offers the convenience of two bedroom suites, each with custom walk-in closets, providing comfort and privacy. A main-level laundry room adds everyday ease. Just off the living space, enjoy the outdoors from the large, full-length rear deck, perfect for relaxing or entertaining while overlooking the peaceful surroundings. The walkout basement level features impressive 10-foot ceilings, a large recreation room, an additional bedroom, and a full bathroom, providing flexible space for guests, hobbies, or multi-generational living. Upstairs, over 500 SF of unfinished space offers excellent potential to create additional bedrooms, a home office, or bonus living area. With its private setting, quality finishes, and room to expand, this home offers the perfect blend of new construction and future possibilities.
