Absolutely Gorgeous!

Stunning 2021 green-built/Energy Star home with year-round easterly mountain views. Deeply set back from the road on a 0.69-acre lot. Custom features throughout, 4" maple-plank floors, custom trim work and cabinet paint. Macaubas quartzite island that seats six. GE Profile appliances with dual-oven gas range. Vaulted tongue-and-groove ceiling in living room. Gorgeous rockwork surrounds the modern gas fireplace. Large primary suite features oversized windows, a walk-in closet, and an ensuite bath with two showerheads, a pebble-tiled step-in shower and a dual vanity with granite counter. On the main level, there are two more bedrooms with mountain views and a full bath. Wood shelving systems in closets. Laundry near the primary suite. Uptairs, there is a large bonus room with mountain views that would be perfect for a fourth bedroom, office or workout space. Two-car garage with an epoxied floor and tankless water heater in front; screened-in porch with an open area for grilling in back.
