Discover the best of both worlds in this centrally located ranch home. Enjoy the tranquility of a quiet lot while being conveniently close to everyday amenities. The beautifully remodeled kitchen showcases stainless steel appliances, sleek granite counters, a reverse osmosis water filter at the sink, and space for a table. The living area opens to a private, screened-in balcony, perfect for relaxing and overlooking the level, private backyard. Inside, the classic split-level design offers distinct living areas ideal for both. The primary suite features a remodeled bathroom complete with a walk-in shower. The lower level has been completely renovated and offers a warm and inviting atmosphere with a wood-burning fireplace featuring a brick surround and blower fans. You'll also find a remodeled half bath and a practical office nook on this level. Direct access to the oversized one-car garage, which includes a workshop area. Recent upgrades include all-new windows (installed 2023).
