

For Employers during COVID-19:

- Communications to employees (I have attached sample forms)
- Keeping the workplace clean
- Handling communicable disease in the workplace. What is the employers responsibility with notification, verification and compliance with ADA, Paid Leaves, and maintaining confidentiality with personal health information.
- Minimizing travel – what is essential, vs. non-essential.
- Preparing to have employees working remotely (infrastructure, performance expectations)
- Preparing for business and school closures (parents having to be home for day care)
- Keeping up on Federal, State and local leave laws providing paid time for hourly employees
- Assisting employees with pay during extended absences
- Reviewing plans / policies in place for natural disasters
- Complying with Federal, State and Local mandates
