#### Note About Historical Results for Periods Prior to the Merger

As a result of the merger involving ApolloMed and Network Medical Management ("NMM") in December 2017 (the "Merger"), NMM is now a wholly-owned subsidiary of ApolloMed. Although ApolloMed was the legal acquirer in the Merger, for accounting purposes, the Merger is treated as a "reverse acquisition," and NMM is considered the accounting acquirer and ApolloMed is the accounting acquiree. Accordingly, the condensed consolidated financial statements included above and the description of the Company's results of operations for the three and nine month periods in 2017 reflect the operations of NMM and its consolidated subsidiaries and variable interest entities ("VIEs") during those periods, and the condensed consolidated financial statements and the description of the Company's results of operations for the three and nine month periods in 2018 reflect the combined operations of ApolloMed and NMM and its consolidated subsidiaries and VIEs. Because the financial results for the reported periods in 2017 exclude the results of ApolloMed, the foregoing results of operations in 2018 are not directly comparable to the Company's results of operations in the 2017 periods.

#### **Note About Consolidated Entities**

The Company consolidates entities in which it has a controlling financial interest. The Company consolidates subsidiaries in which it holds, directly or indirectly, more than 50% of the voting rights, and variable interest entities ("VIEs") in which the Company is the primary beneficiary. Noncontrolling interests represent third-party equity ownership interests (including certain VIEs) in the Company's consolidated entities. The amount of net income attributable to noncontrolling interests is disclosed in the Company's condensed consolidated statements of income.

#### Note About Stockholders' Equity, Certain Treasury Stock and Earnings Per Share

As of the date of this press release, 648,705 shares of ApolloMed's common stock to be issued as part of the Merger are subject to ApolloMed receiving from those former NMM shareholders a properly completed letter of transmittal (and related exhibits) before such former NMM shareholders may receive their pro rata portion of ApolloMed common stock and warrants. Pending such receipt, such former NMM shareholders have the right to receive, without interest, their pro rata share of dividends or distributions with a record date after the effectiveness of the Merger. The Company's condensed consolidated financial statements have treated such shares of common stock as outstanding, given the receipt of the letter of transmittal is considered perfunctory and the Company is legally obligated to issue these shares as of the closing of the Merger.

Shares of ApolloMed's common stock owned by Allied Physicians of California IPA (d.b.a. Allied Pacific of California IPA), a variable interest entity of the Company, are legally issued and outstanding but excluded from shares of common stock outstanding in the Company's condensed consolidated financial statements, as such shares are treated as treasury shares for accounting purposes. Such shares, therefore, are not included in the number of shares of common stock outstanding used to calculate the Company's earnings per share.
