This Amendment to Current Report on Form 8-K/A amends and restates Mobiquity Technologies, Inc.'s Current Report on Form 8-K dated December 6, 2018 and filed on December 11, 2018, to file financial statements of the business acquired which is described in Item 2.01 of this report, in accordance with Form 8-K Item 9.01(a)(4) and (b)(2), and to make some clarifying changes.

Item 1.01 Entry into a Material Definitive Agreement.

The disclosure set forth below in Item 2.01 of this Current Report on Form 8-K relating to the First Amendment to Agreement and Plan of Merger and the Consulting Agreements is incorporated by reference herein.

Item 2.01 Completion or Acquisition or Disposition of Assets.

Merger

As Mobiquity Technologies, Inc. previously reported in its Current Report on Form 8-K, filed with the Securities and Exchange Commission on November 27, 2018 (the "Previous 8-K"), Mobiquity entered into an Agreement and Plan of Merger (the "Merger Agreement") with Glen Eagles Acquisition LP ("GEAL") (which owns 165,000,000 shares of common stock of Mobiquity, equivalent to approximately 29.6% of the outstanding shares), AVNG Acquisition Sub, LLC ("Merger Sub") and Advangelists, LLC ("Advangelists") on November 20, 2018 which provided for Merger Sub to merge into Advangelists, with Advangelists as the surviving company following the merger. The description of the Merger Agreement in this Report and in the Previous 8-K is not complete and is subject to, and qualified in its entirety by, the full text of the Merger Agreement, a copy of which is attached to this Report as Exhibit 2.1, the terms of which are incorporated herein by reference.

On December 6, 2018, Mobiquity and the other parties to the Merger Agreement entered into the First Amendment to Agreement and Plan of Merger (the "Amendment") which amended the Merger Agreement as follows:

- The number of warrants to purchase shares of Mobiquity's common stock issuable as part of the merger consideration was changed from 90,000,000 shares to 107,753,750 shares, and the exercise price of the warrants was changed from \$0.09 per share to \$0.14 per share; and
- The number of shares of Gopher Protocol Inc.'s common stock to be transferred by Mobiquity as part of the merger consideration changed from 11,111,111 to 9,209,722 shares.

Under the Merger Agreement and the Amendment, in consideration for the Merger:

- Mobiquity issued warrants for 107,753,750 shares of Mobiquity common stock at an exercise price of \$0.14 per share, and, subject to the vesting threshold described below, Mobiquity transferred 9,209,722 shares of Gopher Protocol, Inc. common stock, to the pre-merger Advangelists members. The Gopher common stock was unvested at the time of transfer subject to vesting in February 2019 only if Advangelists' combined revenues for the months of December 2018 and January 2019 were at least \$250,000. The vesting threshold was met.
- GEAL paid the pre-merger Advangelists members \$10 million in cash. \$500,000 was paid at closing and \$9,500,000 will be paid under a promissory note that was issued at closing, in 19 monthly installments of \$500,000 each, commencing on January 6, 2109.

The foregoing descriptions of the Amendment and the warrants are not complete and are subject to, and qualified in its entirety by, (i) the full text of the Merger Agreement and the Amendment, which are denoted as Exhibit 2.1 and Exhibit 2.2 to this Report, and (ii) the full text of the warrants, the form of which is denoted as Exhibit 10.1 to this Report; the terms of both of which are incorporated into this Report by reference.

The transactions contemplated by the Merger Agreement were consummated on December 7, 2018 upon the filing of a Certificate of Merger by Advangelists. As a result of the merger, Mobiquity owns 48% and GEAL owns 52% of Advangelists; and Mobiquity is the sole manager of, and controls, Advangelists.

As a result of Mobiquity having 100% control over Advangelists ASC 810-10-05-3 states “that for LLCs with managing and non-managing members, a managing member is the functional equivalent of a general partner and a nonmanaging member is the functional equivalent of a limited partner. In this case, a reporting entity with an interest in an LLC (which is not a VIE) would likely apply the consolidation model for limited partnerships if the managing member has the right to make the significant operating and financial decisions of the LLC.” In This case Mobiquity has the right to make the significant operating and financial decisions of Advangelists resulting in consolidation of Advangelists. As a result the Pro Forma’s are attached as if consolidated.

Consulting Agreements

Upon consummation of the Merger, Mobiquity entered into consulting agreements (the “Consulting Agreements”) with certain employees and contractors of Advangelists (the “Consultants”), pursuant to which Mobiquity (i) issued to the Consultants warrants to purchase an aggregate of 22,246,250 shares of its common stock and (ii) agreed to transfer to the Consultants an aggregate of 1,901,389 shares of common stock of Gopher Protocol Inc. The terms of the Consultant’s warrants are substantially similar to the terms of the warrants issued in the merger. The foregoing description of the Consulting Agreements are not complete and is subject to, and qualified in its entirety by, the full text of form of Consulting Agreement, a copy of which is denoted as Exhibit 10.1 to this Report, the terms of which are incorporated into this Report by reference.

Item 3.02 Unregistered Sales of Equity Securities

The disclosure set forth above in Item 2.01 of this Current Report on Form 8-K relating to the issuance of the warrants and transfer of the Gopher common stock is incorporated by reference herein. The warrants and, unless subsequently registered, the shares underlying the warrants, will be issued in reliance on the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933. The Gopher common stock were transferred in reliance on the exemption from registration provided by Section 4(a)(1) of the Securities Act.

Item 8.01 Other Events.

On December 11, 2018, Mobiquity issued a press release announcing the consummation of the Merger and the launch of a location product for programmatic marketers. A copy of the press release is attached to this Report as Exhibit 99.1 and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.

(a) Financial statements of businesses acquired.

The [audited financial statements of Advangelists](#) for the fiscal years ending December 31, 2017 and 2016, and the unaudited financial statements of Advangelists for the [interim period ending September 30, 2018](#), follow the signature page of this Form 8-K/A.

As a result of Mobiquity having 100% control over Advangelists as the sole manager, Accounting Standards Codification 810-10-05-3 states “that for LLCs with managing and non-managing members, a managing member is the functional equivalent of a general partner and a non-managing member is the functional equivalent of a limited partner. In this case, a reporting entity with an interest in an LLC (which is not a Variable Interest Interest Entity) would likely apply the consolidation model for limited partnerships if the managing member has the right to make the significant operating and financial decisions of the LLC.” In this case Mobiquity has the right to make the significant operating and financial decisions of Advangelists as sole manager, resulting in consolidation of Advangelists. Accordingly, the pro forma financial information showing the effects of the merger are included in this Form 8-K/A following the above-mentioned financial statements.

ADVANGELISTS, LLC
NOTES TO FINANCIAL STATEMENTS
NINE MONTHS ENDED SEPTEMBER 30, 2018 AND 2017
(UNAUDITED)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS – Advangelists, LLC. operates through a Delaware limited liability company – Advangelists, LLC.

Advangelists is a pioneer and developer of Advertising & Marketing technology for Mobile.

With 30+ years of cumulative Ad-Tech and Mar-Tech experiences under our belt, Advangelists brings a unique cross pollinated Hybrid blend of AI driven Ad serving technology and Machine learning based optimization to the table.

Advangelists revenue stream comes in from four different avenues

White Label Clients: Clients who use the Advangelists platform to execute of their advertising strategies. They pay Advangelists a certain percentage of Revenue under management fees (RUM)

Semi White Label Clients: Clients who use the Advangelists platform to execute of their advertising strategies. They pay Advangelists a certain percentage of Revenue under management fees (RUM). This set of clients rely of Advangelists to provide them with inventory on publishers

Advertisers: Clients who work directly with Advangelists to place ads on publishers, these clients work with us on a cost per impression basis

DSP (Demand Side Platform): Clients who access and buy Advangelists supply inventory over programmatic channels and established pipes

ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FAIR VALUE OF FINANCIAL INSTRUMENTS- The Company adopted ASC 820 which measures assets and liabilities at fair value based on an expected exit price as defined by the authoritative guidance on fair value measurements, which represents the amount that would be received on the sale of an asset or paid to transfer a liability, as the case may be, in an orderly transaction between market participants. As such, fair value may be based on assumptions that market participants would use in pricing an asset or liability. The authoritative guidance on fair value measurements establishes a consistent framework for measuring fair value on either a recurring or nonrecurring basis whereby inputs, used in valuation techniques, are assigned a hierarchical level.

CASH AND CASH EQUIVALENTS - The Company considers all highly liquid debt instruments with a maturity of three months or less, as well as bank money market accounts, to be cash equivalents. As of September 30, 2018, and December 31, 2017, the balances are \$252,419 and \$424,171, respectively.

CONCENTRATION OF CREDIT RISK - Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of trade receivables and cash and cash equivalents.

ACCOUNTS RECEIVABLE - consist of trade accounts arising in the normal course of business and are classified as current assets and carried at original invoice amounts less an estimate for doubtful receivables based on a review of outstanding balances. The estimate of allowance for doubtful accounts is based on the Company's bad debt experience, market conditions, and aging of accounts receivable, among other factors. If the financial condition of the Company's customers deteriorates resulting in the customer's inability to pay the Company's receivables as they come due, additional allowances for doubtful accounts will be required.

The Company places its temporary cash investments with high credit quality financial institutions. At times, the Company maintains bank account balances, which exceed FDIC limits. As of September 30, 2018, and December 31, 2017, the Company exceeded FDIC limits by \$2,419 and \$174,171, respectively.

REVENUE RECOGNITION – The Company recognized revenue on arrangements in accordance with FASB Codification Topic 606, *Revenue from Contracts with Customers*. Advangelists brings a unique cross-pollinated revenue stream in the form of four different avenues consisting of White Label, semi White Label, Advertisers and our Demand Side Platform.

We recognize revenues in the period in which the data transaction is provided to the buyer.

Under these policies, the Company evaluates each of these criteria as follows:

- Evidence of an arrangement. We consider a signed insertion order or contract by the licensee or its agency to be evidence of an arrangement.
- Delivery. Delivery is considered to occur daily with the transmission of the data from our network servers to the licensee.
- Fixed or determinable fee. The Company recognizes revenue for data license arrangements ratably over the term of the insertion order or contract. Our arrangements with the licensee is noted in the signed contracts which specifies the price to be paid and due date of remittance. Contracts that include fixed-fee data transmission are invoiced upon acceptance of the insertion order or contract and billed at time of delivery. The Company's terms as stated in the contracts. Final billing is based on usage of delivered data. At the end of the period (usually monthly) an acknowledgment of data amount delivered is sent to licensee, who then verifies usage and at the point a final invoice is generated.
- Collection is deemed reasonably assured. We deem collection reasonably assured if we expect that the licensee will be able to pay the amounts under the arrangement as payments become due. Collection is deemed not reasonably assured when a licensee is perceived to be in financial distress, which may be evidenced by weak industry conditions, a bankruptcy filing, or previously billed amounts that are past due. If we determine that collection is not reasonably assured, then we would defer the revenue and recognize the revenue upon cash collection.
- No other warranties and or obligations are implied or due once the data transmission has been completed with the licensee.

ALLOWANCE FOR DOUBTFUL ACCOUNTS - Management must make estimates of the collectability of accounts receivable. Management specifically analyzes accounts receivable and analyzes historical bad debts, customer concentrations, customer credit-worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of the allowance for doubtful accounts. As of September 30, 2018, and December 31, 2017, allowance for doubtful accounts were \$54,000 and \$4,000, respectively.

PROPERTY AND EQUIPMENT - Property and equipment are stated at cost. Depreciation is expensed using the straight-line method over the estimated useful lives of the related assets. Leasehold improvements are being amortized using the straight-line method over the estimated useful lives of the related assets or the remaining term of the lease. The costs of additions and improvements, which substantially extend the useful life of a particular asset, are capitalized. Repair and maintenance costs are charged to expense. When assets are sold or otherwise disposed of, the cost and related accumulated depreciation are removed from the account and the gain or loss on disposition is reflected in operating income.

LONG LIVED ASSETS – In accordance with the FASB Accounting Standards Codification ("ASC")350, we regularly review the carrying value of long-lived assets such as property and equipment are reviewed for impairment whenever facts and circumstances indicate that the carrying value may not be recoverable. When required impairment losses on assets to be held and used are recognized based on the fair value of the asset. The fair value is determined based on estimates of future cash flows, market value of similar assets, if available, or independent appraisals, if required. If the carrying amount of the long-lived asset is not recoverable from its undiscounted cash flows, an impairment loss is recognized for the difference between the carrying amount and fair value of the asset. When fair values are not available, the Company estimates fair value using the expected future cash flows discounted at a rate commensurate with the risk associated with the recovery of the assets. The Company recognized no impairment losses for the period ended September 30, 2018.

ADVERTISING COSTS - Advertising costs are expensed as incurred. For the nine months ended September 30, 2018 and December 31, 2017, there were advertising costs of \$4,465 and \$29,723, respectively.

INCOME TAXES - For income tax reporting purposes, the Company has elected to file as a small business corporation under Subchapter S of the Internal Revenue Code. Accordingly, no provision for federal income taxes has been made in the financial statements as the taxable income is included in the stockholders' individual income tax returns.

NET INCOME PER SHARE - We compute net income per share in accordance with ASC 260, Earnings per Share. Under the provisions of ASC 260, basic net income per share includes no dilution and is computed by dividing the net income available to common stockholders for the period by the weighted average number of shares of Common Stock outstanding during the period. Diluted net income per share takes into consideration shares of Common Stock outstanding (computed under basic net income per share) and potentially dilutive securities that are not anti-dilutive

There were no options potentially issuable into common shares for the nine months ended September 30, 2018.

NOTE 3: COMMITMENTS AND CONTINGENCIES

COMMITMENTS –

There were no rent or real estate tax expense for the calendar years ended December 31, 2017 and 2016.

Minimum future rentals under non-cancelable lease commitments are as follows:

NOTE 4: SUBSEQUENT EVENTS

On November 20, 2018, Advangelists, LLC entered into an Agreement and Plan of Merger. Under the merger agreement, Mobiquity Technologies, Inc., a New York corporation will become the 48% member, and Glen Eagles Acquisition LP, a Delaware limited partnership will become a 52% member, of Advangelists, LLC. Mobiquity Technologies, Inc. will be the manager following the merger.

- The number of warrants to purchase shares of Mobiquity's common stock issuable as part of the merger consideration was changed from 90,000,000 shares to 107,753,750 shares, and the exercise price of the warrants was changed from \$0.09 per share to \$0.14 per share; and
- The number of shares of Gopher Protocol Inc.'s common stock to be transferred by Mobiquity as part of the merger consideration changed from 11,111,111 to 9,209,722 shares.

On December 6, 2018 the Merger agreement was amended as follows:

Under the Merger Agreement and the Amendment, in consideration for the Merger:

- Mobiquity issued warrants for 107,753,750 shares of Mobiquity common stock at an exercise price of \$0.14 per share, and, subject to the vesting threshold described below, Mobiquity transferred 9,209,722 shares of Gopher Protocol, Inc. common stock, to the pre-merger Advangelists members. The Gopher common stock was unvested at the time of transfer subject to vesting in February 2019 only if Advangelists' combined revenues for the months of December 2018 and January 2019 were at least \$250,000. The vesting threshold was met.
- GEAL paid the pre-merger Advangelists members \$10 million in cash. \$500,000 was paid at closing and \$9,500,000 will be paid under a promissory note that was issued at closing, in 19 monthly installments of \$500,000 each, commencing on January 6, 2109.

Report of Independent Registered Public Accounting Firm

To the shareholders and the board of directors of Advangelists, LLC

Opinion on the Financial Statements

We have audited the accompanying balance sheets of Advangelists, LLC (the "Company") as of December 31, 2017 and 2016, the related statements of operations, stockholders' equity (deficit), and cash flows for the years then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017 and 2016, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Advertisers: Clients who work directly with Advangelists to place ads on publishers, these clients work with us on a cost per impression basis

DSP (Demand Side Platform): Clients who access and buy Advangelists supply inventory over programmatic channels and established pipes

ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FAIR VALUE OF FINANCIAL INSTRUMENTS- The Company adopted ASC 820 which measures assets and liabilities at fair value based on an expected exit price as defined by the authoritative guidance on fair value measurements, which represents the amount that would be received on the sale of an asset or paid to transfer a liability, as the case may be, in an orderly transaction between market participants. As such, fair value may be based on assumptions that market participants would use in pricing an asset or liability. The authoritative guidance on fair value measurements establishes a consistent framework for measuring fair value on either a recurring or nonrecurring basis whereby inputs, used in valuation techniques, are assigned a hierarchical level.

CASH AND CASH EQUIVALENTS - The Company considers all highly liquid debt instruments with a maturity of three months or less, as well as bank money market accounts, to be cash equivalents. As of December 31, 2017, and 2016, the balances are \$424,171 and \$33,826, respectively.

CONCENTRATION OF CREDIT RISK - Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of trade receivables and cash and cash equivalents.

ACCOUNTS RECEIVABLE - consist of trade accounts arising in the normal course of business and are classified as current assets and carried at original invoice amounts less an estimate for doubtful receivables based on a review of outstanding balances. The estimate of allowance for doubtful accounts is based on the Company's bad debt experience, market conditions, and aging of accounts receivable, among other factors. If the financial condition of the Company's customers deteriorates resulting in the customer's inability to pay the Company's receivables as they come due, additional allowances for doubtful accounts will be required. At December 31, 2017, the Company has recorded an allowance in the amount of \$4,000.

The Company places its temporary cash investments with high credit quality financial institutions. At times, the Company maintains bank account balances, which exceed FDIC limits. As of December 31, 2017, and 2016, the Company exceeded FDIC limits by \$174,171 and \$0, respectively.

REVENUE RECOGNITION – The Company recognizes revenue in accordance with ASC 605 “Revenue Recognition”. The Company records revenue under each contract once persuasive evidence of an agreement exists, delivery has occurred, or services have been rendered, the fee is fixed or determinable and collectability is reasonably assured.

ALLOWANCE FOR DOUBTFUL ACCOUNTS - Management must make estimates of the collectability of accounts receivable. Management specifically analyzes accounts receivable and analyzes historical bad debts, customer concentrations, customer credit-worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of the allowance for doubtful accounts. As of December 31, 2017, and 2016, allowance for doubtful accounts were \$4,000 and \$0, respectively.

PROPERTY AND EQUIPMENT - Property and equipment are stated at cost. Depreciation is expensed using the straight-line method over the estimated useful lives of the related assets. Leasehold improvements are being amortized using the straight-line method over the estimated useful lives of the related assets or the remaining term of the lease. The costs of additions and improvements, which substantially extend the useful life of a particular asset, are capitalized. Repair and maintenance costs are charged to expense. When assets are sold or otherwise disposed of, the cost and related accumulated depreciation are removed from the account and the gain or loss on disposition is reflected in operating income.

LONG LIVED ASSETS – In accordance with the FASB Accounting Standards Codification (“ASC”)350, we regularly review the carrying value of long-lived assets such as property and equipment are reviewed for impairment whenever facts and circumstances indicate that the carrying value may not be recoverable. When required impairment losses on assets to be held and used are recognized based on the fair value of the asset. The fair value is determined based on estimates of future cash flows, market value of similar assets, if available, or independent appraisals, if required. If the carrying amount of the long-lived asset is not recoverable from its undiscounted cash flows, an impairment loss is recognized for the difference between the carrying amount and fair value of the asset. When fair values are not available, the Company estimates fair value using the expected future cash flows discounted at a rate commensurate with the risk associated with the recovery of the assets. The Company recognized no impairment losses for the period ended December 31, 2017 and 2016.

ADVERTISING COSTS - Advertising costs are expensed as incurred. For the years ended December 31, 2017 and 2016, there were advertising costs of \$29,723 and \$91, respectively.

INCOME TAXES - For income tax reporting purposes, the Company has elected to file as a small business corporation under Subchapter S of the Internal Revenue Code. Accordingly, no provision for federal income taxes has been made in the financial statements as the taxable income is included in the stockholders’ individual income tax returns.

NET INCOME PER SHARE - We compute net income per share in accordance with ASC 260, Earnings per Share. Under the provisions of ASC 260, basic net income per share includes no dilution and is computed by dividing the net income available to common stockholders for the period by the weighted average number of shares of Common Stock outstanding during the period. Diluted net income per share takes into consideration shares of Common Stock outstanding (computed under basic net income per share) and potentially dilutive securities that are not anti-dilutive

There were no options potentially issuable into common shares for the years ended December 31, 2017 and 2016, respectively.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS - ASC 606, Revenue from contracts with customers, the effective date for ASC 606 is for annual reporting periods beginning after December 15, 2017. It provides accounting guidance related to revenue from contracts with customers. The Guidance applies to all entities and to all customers. The accounting for ASC 606 will take effect for our company starting in January of 2018.

We have reviewed the FASB issued Accounting Standards Update ("ASU") accounting pronouncements and interpretations thereof that have effectiveness dates during the periods reported and in future periods. The Company has carefully considered the new pronouncements that alter previous generally accepted accounting principles and does not believe that any new or modified principles will have a material impact on the corporation's reported financial position or operations in the near term. The applicability of any standard is subject to the formal review of our financial management and certain standards are under consideration.

NOTE 8: SUBSEQUENT EVENTS

On November 20, 2018, Advangelists, LLC entered into an Agreement and Plan of Merger. Under the merger agreement, Mobiquity Technologies, Inc., a New York corporation will become the 48% member, and Glen Eagles Acquisition LP, a Delaware limited partnership will become a 52% member, of Advangelists, LLC. Mobiquity Technologies, Inc. will be the manager following the merger.

- The number of warrants to purchase shares of Mobiquity's common stock issuable as part of the merger consideration was changed from 90,000,000 shares to 107,753,750 shares, and the exercise price of the warrants was changed from \$0.09 per share to \$0.14 per share; and
- The number of shares of Gopher Protocol Inc.'s common stock to be transferred by Mobiquity as part of the merger consideration changed from 11,111,111 to 9,209,722 shares.

On December 6, 2018 the Merger agreement was amended as follows:

Under the Merger Agreement and the Amendment, in consideration for the Merger:

- Mobiquity issued warrants for 107,753,750 shares of Mobiquity common stock at an exercise price of \$0.14 per share, and, subject to the vesting threshold described below, Mobiquity transferred 9,209,722 shares of Gopher Protocol, Inc. common stock, to the pre-merger Advangelists members. The Gopher common stock was unvested at the time of transfer subject to vesting in February 2019 only if Advangelists' combined revenues for the months of December 2018 and January 2019 were at least \$250,000. The vesting threshold was met.
- GEAL paid the pre-merger Advangelists members \$10 million in cash. \$500,000 was paid at closing and \$9,500,000 will be paid under a promissory note that was issued at closing, in 19 monthly installments of \$500,000 each, commencing on January 6, 2109.
