Explanatory Note

This Current Report on Form 8-K/A is being filed to correct certain information provided in Item 9.01 of the Current Report on Form 8-K filed by Blockchain Industries, Inc. (the "Company") on January 22, 2019 that included a prior version of a press release the Company did not disseminate (the "Original Press Release"). The Company is filing this Form 8-K/A to include a copy of the disseminated press release (the "Amended Press Release") which was published after revising clerical errors, mainly to clarify that the transaction contemplated by the binding letter of intent was not yet consummated.

Item 1.01 Entry into a Material Definitive Agreement.

On January 16, 2019, Blockchain Industries, Inc. (the "Company") entered into a binding letter of intent (the "Letter of Intent") with BTHMB Holdings Pte. Ltd., a Singapore corporation ("BTHMB"). The Letter of Intent provides that the Company and BTHMB will negotiate the terms of a certain stock purchase whereby the Seller shall sell that certain number of shares of the Company's Common Stock (the "Sale Shares") representing a super majority of the Company's outstanding shares of Common Stock. At the consummation of the transaction, the Company shall become a subsidiary of BTHMB.

This Letter of Intent may be terminated (a) by mutual written consent, (b) by either party (i) after February 7, 2019 (the "Termination Date") if a definitive agreement is not executed and delivered by the parties prior to such time, or (ii) if the transaction is enjoined by a court or any governmental body.

The Letter of Intent requires the parties to negotiate and execute a definitive agreement, otherwise the Letter of Intent terminates.

Item 8.01 Other Events.

On January 22, 2019, subsequent to the Original Press Release, the Company issued the Amended Press Release announcing the Letter of Intent. A copy of the Amended Press Release is attached as Exhibit 99.1 hereto.

Item 9.01. Exhibits.

(d) Exhibits

Exhibit Exhibit
No. No.

[99.1](#) Amended Press Release dated January 23, 2019.

SIGNATURES

UPDATE: Blockchain Industries Accepts Binding LOI with BTHMB Holdings

This Amended Press Release revises clerical errors, mainly to clarify some language to ensure that the reader understood the Letter of Intent implies a potential business investment rather than one that has already been executed

SANTA MONICA, CA / ACCESSWIRE / January 23, 2019 / Blockchain Industries, Inc. ("Blockchain Industries") (OTC PINK: BCII) today announced it has signed a binding letter of intent (the "LOI") to accept Singapore company, BTHMB HOLDINGS Pte. Ltd., to be renamed as Blockchain Exchange Alliance (BXA), as the largest shareholder. The companies anticipate turning into a single entity, becoming a publicly traded cryptocurrency exchange company. BXA has agreed to place \$1M USD into an escrow account as consideration for entering into the LOI which is subject to diligence review by both parties mutual agreement on certain terms including, but not limited to, valuation and the entrance into definitive transaction documents.

"We are thrilled to be part of this important initiative that is expected to bring liquidity, accessibility and expansion to the blockchain industry," said Patrick Moynihan, CEO of Blockchain Industries. "By working with BXA, we expect to bring more advanced technology and better compliance practices into the public marketplace via a consolidated focus."

BXA intends to use Blockchain Industries to market and expand their operations in North America.

"BXA is a global exchange alliance and the United States is a key factor to any global initiative," said Dr. Byung Gun Kim, CEO of BXA. "By unifying our businesses, we benefit from the focused expertise of Blockchain Industries. As a result, we have tremendous growth opportunities in this region, and we expect quality results from this in North America."

The intention of the LOI aims to solve problems with liquidity, accessibility and expansion that have challenged the fast-paced and swiftly growing digital asset market. This potential transaction would result in a unified, more secure global exchange platform with a broad capability to support emerging blockchain e-commerce, payments, and other digital finance functions.
