Form: 10-Q

Date Filed: 2018-08-08

Corporate Issuer CIK: 945384

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark one)

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the quarterly period ended June 30, 2018.

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the transition period from _____ to _____

Commission File Number 0-26392

CICERO INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

11-2920559

(I.R.S Employer Identification Number)

8000 Regency Parkway, Suite 542, Cary, North Carolina

(Address of principal executive offices)

27518

(Zip Code)

(919) 380-5000

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. YES ☒ NO ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

☐ Accelerated filer

☐

Non-accelerated filer

☐ Smaller reporting company

☒

(Do not check if a smaller reporting company)

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes ☒ No ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of Exchange Act).

Yes ☐ No ☒

207,913,541 shares of common stock, \$.001 par value, were outstanding as of August 5, 2018.

CICERO INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

NOTE 1. INTERIM FINANCIAL STATEMENTS

The accompanying condensed consolidated financial statements for the three and six months ended June 30, 2018 and 2017 are unaudited, and have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and note disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to those rules and regulations. Accordingly, these interim financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto contained in Cicero Inc.'s (the "Company") Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on March 30, 2018. The results of operations for the interim periods shown in this report are not necessarily indicative of results to be expected for other interim periods or for the full fiscal year. In the opinion of management, the information contained herein reflects all adjustments necessary for a fair presentation of the interim results of operations. All such adjustments are of a normal, recurring nature.

The year-end condensed balance sheet data was derived from audited consolidated financial statements in accordance with the rules and regulations of the SEC, but does not include all disclosures required for financial statements prepared in accordance with accounting principles generally accepted in the United States of America.

The accompanying condensed consolidated financial statements include the accounts of the Company and its subsidiaries. All of the Company's subsidiaries are wholly owned for the periods presented.

Liquidity

Although the Company has incurred an operating loss of approximately \$1,090,000 for the six months ended June 30, 2018, and has a history of operating losses, management believes that its product's functionality resonates in the marketplace as both "analytics" and "automation" are topics often discussed and written about. Further, the Company believes that its repositioned strategy of leading with a no cost, short, "proof of concept" evaluation of the software's capabilities will shorten the sales cycle and allow for value based selling to our customers and prospects. The Company anticipates success in this regard based upon current discussions and active "proof of concepts" with active partners, customers and prospects. In August 2017, the Company issued 5,083 shares of its Series A preferred stock and a Warrant to purchase up to 20,333,620 shares of the Company's Common Stock at an exercise price of \$0.07 per share to its Chairman, John Steffens as part of a conversion of debt and interest totaling \$5,083,405 improving its working capital deficiency. The Company has borrowed \$1,065,000 and \$1,873,000 in 2018 and 2017, respectively. Should the Company be unable to secure customer contracts that will drive sufficient cash flow to sustain operations, the Company will be forced to seek additional capital in the form of debt or equity financing; however, there can be no assurance that such debt or equity financing will be available on terms acceptable to the Company or at all. As a result of these factors, the report of our independent auditors dated March 30, 2018, on our consolidated financial statements for the period ended December 31, 2017 included an emphasis of matter paragraph indicating that there is a substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from these estimates. Significant estimates include the recoverability of long-lived assets, stock based compensation, deferred taxes, and related valuation allowances and valuation of equity instruments.

Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with Accounting Standards Codification ("ASC") 718 "Compensation – Stock Compensation" which addresses the accounting for stock-based payment transactions in which an enterprise receives employee services in exchange for (a) equity instruments of the enterprise or (b) liabilities that are based on the fair value of the enterprise's equity instruments or that may be settled by the issuance of such equity instruments. The Company uses the Black-Scholes option-pricing model to determine the fair-value of stock-based awards under ASC 718. The plan expired in fiscal 2017 and as such no further options are available to grant. The Company did not recognize any stock-based compensation expense for the three and six months ended June 30, 2018 and \$1,200 and \$2,500 for the three and six months ended June 30, 2017, respectively, in connection with outstanding options. The Company has no unrecognized stock-based compensation expense in connection with outstanding options as of June 30, 2018.

The Company recognized \$200 and \$700 in stock-based compensation in connection with the restricted stock grants for the three and six months ended June 30, 2018, respectively, and did not recognize any stock-based compensation for the three and six months ended June 30, 2017, respectively, in connection with restricted stock grants issued in the first quarter of 2018 to certain employees. The grants vest on the second anniversary of the grant date. The Company has \$3,200 of unrecognized stock-based compensation expense in connection with the restricted stock grants

The following table sets forth certain information as of June 30, 2018 about shares of the Company's common stock, par value \$.001 (the "Common Stock"), outstanding and available for issuance under the Company's existing equity compensation plans: the Cicero Inc. 2007 Employee Stock Option Plan and the Outside Director Stock Option Plan. The Company's stockholders approved all of the Company's stock-based compensation plans.

Recent Accounting Pronouncements

In August 2016, the FASB issued ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments, standard that clarifies how companies present and classify certain cash receipts and cash payments in the statement of cash flows where diversity in practice exists. The new standard is effective for us in our first quarter of fiscal 2018. This standard did not have a material impact on our consolidated financial statements and related disclosures.

The FASB's new leases standard ASU 2016-02 Leases (Topic 842) was issued on February 25, 2016. ASU 2016-02 is intended to improve financial reporting about leasing transactions. The ASU affects all companies and other organizations that lease assets such as real estate, airplanes, and manufacturing equipment. The ASU will require organizations that lease assets referred to as "Lessees" to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases. An organization is to provide disclosures designed to enable users of financial statements to understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements concerning additional information about the amounts recorded in the financial statements. Under the new guidance, a lessee will be required to recognize assets and liabilities for leases with lease terms of more than 12 months. Consistent with current GAAP, the recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee primarily will depend on its classification as a finance or operating lease. However, unlike current GAAP which requires only capital leases to be recognized on the balance sheet the new ASU will require both types of leases (i.e. operating and capital) to be recognized on the balance sheet. The FASB lessee accounting model will continue to account for both types of leases. The capital lease will be accounted for in substantially the same manner as capital leases are accounted for under existing GAAP. The operating lease will be accounted for in a manner similar to operating leases under existing GAAP, except that lessees will recognize a lease liability and a lease asset for all of those leases. Public companies will be required to adopt the new leasing standard for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Early adoption will be permitted for all companies and organizations upon issuance of the standard. For calendar year-end public companies, this means an adoption date of January 1, 2019 and retrospective application to previously issued annual and interim financial statements for 2018. See Note 5 for the Company's current lease commitments. The Company is currently in the process of evaluating the impact that this new leasing ASU will have on its financial statements.

NOTE 2. REVENUE

On January 1, 2018, we adopted ASC 606, Revenue from Contracts with Customers and all the related amendments ("the new revenue standard") and applied it to all contracts using the modified retrospective method. We completed our review of contracts with our customers and did not need to record a cumulative effect adjustment to accumulated deficit upon adoption of the new revenue standard as of January 1, 2018. Under ASC 606, revenue is recognized when a company transfers the promised goods or services to a customer in an amount that reflects consideration that is expected to be received for those goods and services. Adoption of the standard did not have a material impact on the Company's financial position, results of operations, cash flow, accounting policies, business processes, internal controls or disclosures.

Contract Balances

Timing differences among revenue recognition may result in contract assets or liabilities. Contract liabilities (deferred revenue) totaled \$454,000 and \$739,000 as of January 1, 2018 and June 30, 2018, respectively. Revenue recognized from the contract liabilities for the six months ended June 30, 2018 was \$241,000. The contract liability balances reflect the unrecognized transaction price.

Our net trade accounts receivables were \$223,000 and \$64,000 as of January 1, 2018 and June 30, 2018, respectively. Trade accounts receivable are stated in the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to the allowance of doubtful accounts based on its assessment of the current status of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance of doubtful accounts and a credit to trade accounts receivable. Changes in the allowance for doubtful accounts have not been material to the consolidated financial statements.

Performance Obligations

A performance obligation is a promise in a contract to transfer a distinct good or service to the customer and is the unit of account under the new revenue recognition standard. The transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. Most of our contracts have multiple performance obligations, which include software, maintenance and professional services.

Revenue Recognition

Cicero utilizes point in time method for revenue recognition for its software license revenue. Our software licenses are distinct and have standalone functionality as it is fully functional without any services purchased. Cicero utilizes the output method over time for revenue recognition as maintenance contracts are invoiced annually prior to the start of the maintenance period and then recognized monthly over the length of the maintenance contract. Cicero utilizes the output method over time for revenue recognition for its services revenue as service hours/days are logged and billed subsequently. Cicero has no upfront fees that are billable to customers.

Cicero established a standalone selling price for its lines of revenue based on price list and historical sales.

Practical Expedients and Exemptions

There are several practical expedients and exemptions allowed under ASC 606 that impact timing of revenue recognition and our disclosures. Below is a list of practical expedients we applied in the adoption and application of ASC 606:

Application

- The Company is making the election not to disclose variable consideration allocated to performance obligations related to either: (1) sales- or usage-based royalties on licenses of intellectual property or (2) variable consideration allocated entirely to a wholly unsatisfied performance obligation or to a wholly unsatisfied promise to transfer a distinct good or service that forms part of a single performance obligation when certain criteria are met.
- The Company is making an election to treat sales tax on a net basis, which would not include it in the transaction price to allocate across performance obligations.
- The Company elects to treat similar contracts among the business units as part of a portfolio of contracts, primarily software license and maintenance contracts. These contracts have the same provision terms, and management has the expectation the result will not be materially different from the consideration of each individual contract.
- The Company does not evaluate a contract for a significant financing component if payment is expected within one year or less from the transfer of the promised items to the customer.
- The Company generally expenses sales commissions when incurred when the amortization period would have been one year or less. These costs are recorded within selling, general and administrative expenses.

NOTE 3. DEBT

Debt and notes payable to related party consist of the following (in thousands):

	June 30, 2018	December 31, 2017
Note payable – asset purchase agreement (a)	\$ 403	\$ 421
Note payable – related party (b)	2,175	1,170
Notes payable (c)	515	519
Total debt	3,093	2,110
Less current portion	(2,629)	(1,220)
Total long term debt	\$ 464	\$ 890

- (a) As part of a prior acquisition, the Company was subject to certain earn-out obligation payments of up to \$2,410,000 over an 18-month period from January 15, 2010 through July 31, 2011, based upon the achievement of certain revenue performance targets. The earn-out was payable fifty percent in cash and fifty percent in common stock of the Company at the rate of one share for every \$0.15 earn-out payable. The Company had recorded \$842,606 in its accounts payable as of December 31, 2014 due to a portion of earn-out obligations being met. In June 2015, the Company entered into a promissory note with SOAdesk for fifty percent of the earn-out payable (\$421,303) to SOAdesk. The maturity date of the note was December 31, 2015 with an annual interest rate of 10%. Through a series of amendments, the maturity date was extended to December 31, 2017 and two milestone payments of \$62,500, to be applied to outstanding interest and then principal, payable on June 1, 2017 and December 1, 2017, respectively, were added. In April 2017, the maturity date was extended to January 1, 2019 and two milestone payments of \$62,500, to be applied to outstanding interest and then principal, payable on June 1, 2018 and December 1, 2018, respectively, were added. As such, the Company has reclassified this debt to long term debt as of December 31, 2017. At December 31, 2017, the Company was indebted to SOAdesk for \$421,303 in principal and approximately \$43,000 in interest. At June 30, 2018, the Company was indebted to SOAdesk for \$403,302 in principal and approximately \$19,000 in interest and the principal has been reclassified to short term debt.
- (b) From time to time during 2017 through 2018, the Company entered into several short term notes payable with John Steffens, the Company's Chairman of the Board, for various working capital needs. The notes vary from non-interest bearing to interest rate of 12% with a maturity date of June 30, 2018. In June 2018, all outstanding notes were amended to a new maturity date of December 31, 2018. The Company is obligated to repay the notes with the collection of any accounts receivables. At December 31, 2017, the Company was indebted to Mr. Steffens in the approximate amount of \$1,170,000 of principal and \$75,000 of interest. At June 30, 2018, the Company was indebted to Mr. Steffens in the approximate amount of \$2,175,000 of principal and \$156,000 of interest.
- (c) The Company has issued a series of short-term unsecured promissory notes with private lenders, which provide for short term borrowings. The notes, in the aggregate amount of \$50,000 of principal and \$76,000 of interest and \$50,000 of principal and \$82,000 of interest, as of December 31, 2017 and June 30, 2018, respectively, bear interest between 10% and 36% per annum.

In March 2012 the Company entered into an unsecured promissory note with a private lender for \$336,000 at an interest rate of 12% and a maturity date of March 31, 2013. Through a series of amendments, the note was amended to extend the maturity date to January 31, 2021 and a new principal balance of \$498,500. Simultaneously a \$30,000 principal payment was made to the lender. A new repayment schedule of quarterly principal and interest payments was added beginning in January 31, 2018 with a payment of \$30,000. \$25,000 quarterly principal and interest payments are required to be made beginning on April 30, 2018 through January 31, 2019. \$40,000 principal and interest payments are required to be made on beginning on April 30, 2019 through October 31, 2020. Final payment of remaining principal and interest is due on January 31, 2021. The lender agreed to waive certain quarterly payments in fiscal 2018 as business conditions so warrant without triggering any default and that any deferred payments would be added to the next quarterly payment. At December 31, 2017, the Company was indebted to this private lender in the amount of \$468,500 in principal and \$21,000 in interest and has been reclassified as long term debt due to its maturity date of January 31, 2021. At June 30, 2018, the Company was indebted to this private lender in the amount of \$464,350 in principal and \$23,000 in interest.

NOTE 4. INCOME TAXES

The Company accounts for income taxes in accordance with Financial Accounting Standards Board ("FASB") guidance ASC 740 "Income Taxes". The Company's effective tax rate differs from the statutory rate primarily due to the fact that no income tax benefit or expense was recorded for the three and six months ended on June 30, 2018 and 2017. As a result of the Company's recurring losses, the deferred tax assets have been fully offset by a valuation allowance.

NOTE 5. LOSS PER SHARE

Basic loss per share is computed based upon the weighted average number of common shares outstanding. Diluted loss per share is computed based upon the weighted average number of common shares outstanding and any potentially dilutive securities. Potentially dilutive securities outstanding during the periods presented include stock options, warrants, restricted stock, convertible preferred stock and convertible debt.

The weighted average number of common shares is increased by the number of dilutive potential common shares issuable on the exercise of options less the number of common shares assumed to have been purchased with the proceeds from the exercise of the options pursuant to the treasury stock method; those purchases are assumed to have been made at the average price of the common stock during the respective period. Options, warrants or convertible preferred stock to purchase shares of common stock are excluded from the calculation of diluted earnings per share when their inclusion would have an anti-dilutive effect on the calculation. No options, warrants or convertible preferred stock were included in the calculation of loss per share for the three and six months ended June 30, 2018 and 2017.

NOTE 6. COMMITMENTS

In June 2014, the Company entered into an amendment with its landlord and renewed its lease through 2018. In October 2016, the Company entered into an amendment reducing the square footage being leased for the remaining term of the lease. Future minimum lease commitments on operating leases that have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2018 consisted of only one lease as follows (in thousands):

	<u>Lease Commitments</u>
2018	\$ 22
	<u>\$ 22</u>

NOTE 7. CONTINGENCIES

The Company, from time to time, is involved in legal matters arising in the ordinary course of its business including matters involving proprietary technology. While management believes that such matters are currently not material, there can be no assurance that matters arising in the ordinary course of business for which the Company is or could become involved in litigation, will not have a material adverse effect on its business, financial condition or results of operations.

Under the indemnification clause of the Company's standard reseller agreements and software license agreements, the Company agrees to defend the reseller/licensee against third party claims asserting infringement by the Company's products of certain intellectual property rights, which may include patents, copyrights, trademarks or trade secrets, and to pay any judgments entered on such claims against the reseller/licensee. There were no claims against the Company as of June 30, 2018.

NOTE 8. SUBSEQUENT EVENTS

In July 2018, the Company entered into notes payable totaling \$307,500 with Mr. Steffens. The notes bear interest at 10% per annum. The notes are unsecured and mature on December 31, 2018. The Company is obligated to repay the notes with the collection of any accounts receivables.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Cicero, Inc. (the "Company") provides desktop activity intelligence and automation software that helps organizations isolate issues and automates employee tasks in the contact center and back office. The Company provides an innovative and unique combination of application and process integration, automation, and desktop analytics capabilities, all without changing the underlying applications or requiring costly application development. The Company's software collects desktop activity and application performance data and tracks business objects across time and multiple users, as well as measures against defined expected business process flows, for either analysis or to feed a third-party application. In addition to software solutions, the Company also provides technical support, training and consulting services as part of its commitment to providing customers with industry-leading solutions. The Company's consulting team has in-depth experience in developing successful enterprise-class solutions as well as valuable insight into the business information needs of customers in the largest Fortune 500 corporations worldwide.

The Company focuses on the activity intelligence and customer experience management market with emphasis on desktop analytics and automation with its Cicero Discovery™, Cicero Insight™ and Cicero Automation™ products.

Cicero Discovery collects desktop activity leveraging a suite of sensors. Cicero Discovery is a lightweight and configurable tool to collect activity and application performance data and track business objects across time and across multiple users as well as measure against a defined "expected" business process flow, either for analysis or to feed a third-party application.

Cicero Insight is a measurement and analytics solution that collects and presents high value information about quality, productivity, compliance, and revenue from frontline activity to target areas for improvement. Powered by Cicero Discovery sensors, Cicero Insight collects activity data about the applications, when and how they are used and makes it readily available for analysis and action to the business community.

Cicero Automation delivers all the features of the Cicero Discovery product as well as desktop automation for enterprise contact center and back office employees. Leveraging existing IT investments Cicero Automation integrates applications, automates workflow, and provides control and adaptability at the end user desktop.

Cicero Automation also provides Single Sign-On (SSO) and stay signed on capability. The software maintains a secure credential store that facilitates single sign-on. Passwords can be reset but are non-retrievable. Stored interactions can be selectively encrypted based on the needs of the enterprise. All network communications are compressed and encrypted for transmission.

The Company provides an intuitive configuration toolkit for each product, which simplifies the process of deploying and managing the solutions in the enterprise. The Company provides a unique way of capturing untapped desktop activity data using sensors, combining it with other data sources, and making it readily available for analysis and action to the business community. The Company also provides a unique approach that allows companies to organize functionality of their existing applications to better align them with tasks and operational processes. In addition, the Company's software solutions can streamline end-user tasks and enable automatic information sharing among line-of-business siloed applications and tools. It is ideal for deployment in organizations that need to provide access to enterprise applications on desktops to iteratively improve business performance, the user experience, and customer satisfaction. By leveraging desktop activity data, integrating disparate applications, automating business processes and delivering a better user experience, the Company's products are ideal for the financial services, insurance, healthcare, governmental and other industries requiring a cost-effective, proven business performance and user experience management solution for enterprise desktops.

In addition to software products, the Company also provides technical support, training and consulting services as part of its commitment to providing its customers industry-leading integration solutions. The Company's consulting team has in-depth experience in developing successful enterprise-class solutions as well as valuable insight into the business information needs of customers in the Global 5000. We offer services around our integration software products.

This Quarterly Report on Form 10-Q contains forward-looking statements relating to such matters as anticipated financial performance, business prospects, technological developments, new products, research and development activities, liquidity and capital resources and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. In order to comply with the terms of the safe harbor, the Company notes that a variety of factors could cause its actual results to differ materially from the anticipated results or other expectations expressed in the Company's forward-looking statements. These risk and uncertainties include, among others, the following:

- An inability to obtain sufficient capital either through internally generated cash or through the use of equity or debt offerings could impair the growth of our business;
- Economic conditions could adversely affect our revenue growth and cause us not to achieve desired revenue;
- The so-called "penny stock rule" could make it cumbersome for brokers and dealers to trade in our common stock, making the market for our common stock less liquid which could cause the price of our stock to decline;
- Because we cannot accurately predict the amount and timing of individual sales, our quarterly operating results may vary significantly, which could adversely impact our stock price;
- A loss of key personnel associated with Cicero Discovery and Cicero Discovery Automation development could adversely affect our business;
- Different competitive approaches or internally developed solutions to the same business problem could delay or prevent adoption of Cicero Discovery and Cicero Discovery Automation;
- Our ability to compete may be subject to factors outside our control;
- The markets for our products are characterized by rapidly changing technologies, evolving industry standards, and frequent new product introductions;
- We may face damage to the reputation of our software and a loss of revenue if our software products fail to perform as intended or contain significant defects;
- We may be unable to enforce or defend our ownership and use of proprietary and licensed technology; and
- Our business may be adversely impacted if we do not provide professional services to implement our solutions.

Reference should be made to such factors and all forward-looking statements are qualified in their entirety by the above cautionary statements. Although we believe that these forward-looking statements are based upon reasonable assumptions, we can give no assurance that our goals will be achieved. Given these uncertainties, readers of this Quarterly Report on Form 10-Q are cautioned not to place undue reliance on these forward-looking statements. These forward-looking statements are made as of the date of this quarterly report. We assume no obligation to update or revise them or provide reasons why actual results may differ.

RESULTS OF OPERATIONS

The table below presents information for the three and six months ended June 30, 2018 and 2017 (in thousands):

	Three months ended June 30,		Six months ended June 30,	
	2018	2017	2018	2017
Total revenue	\$ 205	\$ 263	\$ 409	\$ 834
Total cost of revenue	136	136	275	272
Gross margin	69	127	134	562
Total operating expenses	567	593	1,087	1,312
Income/(loss) from operations	\$ (498)	\$ (466)	\$ (953)	\$ (750)

Revenue. The Company has three categories of revenue: software products, maintenance, and services. Software products revenue is comprised primarily of fees from licensing the Company's proprietary software products. Maintenance revenue is comprised of fees for maintaining, supporting, and providing periodic upgrades to the Company's software products. Services revenue is comprised of fees for consulting and training services related to the Company's software products.

The Company's revenues vary from quarter to quarter, due to market conditions, the budgeting and purchasing cycles of customers and the effectiveness of the Company's sales force. The Company typically does not have any material backlog of unfilled software orders and product revenue in any quarter is substantially dependent upon orders received in that quarter. Because the Company's operating expenses are relatively fixed over the short term, variations in the timing of the recognition of revenue can cause significant variations in operating results from quarter to quarter.

On January 1, 2018, we adopted the new accounting standard Accounting Standards Codification ("ASC") 606, Revenue from Contracts with Customers and all the related amendments ("the new revenue standard") and applied it to all contracts using the modified retrospective method. According to the new guidance, revenue is recognized when promised goods or services are transferred to customers in an amount that reflects the consideration for which the Company expects to be entitled in exchange for those goods or services. We completed our review of contracts with our customers and did not need to record a cumulative effect adjustment to accumulated deficit upon adoption of the new revenue standard as of January 1, 2018. Based on the evaluation the Company performed on its customer contracts, the adoption will not have a material impact on the Company's financial position, results of operations, cash flow, accounting policies, business processes, internal controls or disclosures.

THREE MONTHS ENDED JUNE 30, 2018 COMPARED WITH THE THREE MONTHS ENDED JUNE 30, 2017.

Total Revenues. Total revenues decreased \$58,000, or 22.1%, from \$263,000 to \$205,000, for the three months ended June 30, 2018 as compared with the three months ended June 30, 2017. The decrease is due primarily to a decrease in software and maintenance revenue partially offset by higher services revenue.

Total Cost of Revenue. Total cost of revenue remained constant at \$136,000 for the three months ended June 30, 2018, as compared with the three months ended June 30, 2017.

Total Gross Margin. Gross margin was \$69,000, or 33.7%, for the three months ended June 30, 2018, as compared to the gross margin of \$127,000, or 48.3%, for the three months ended June 30, 2017. The decrease in gross margin is primarily due to the decrease in sales.

Total Operating Expenses. Total operating expenses decreased \$26,000, or 4.4%, from \$593,000 to \$567,000 for the three months ended June 30, 2018, as compared with the three months ended June 30, 2017. The decrease is primarily attributable to a decrease in outside consulting expenses.

Software Products:

Software Product Revenue. The Company earned \$11,000 in software product revenue for the three months ended June 30, 2018 as compared to \$80,000 in software revenue for the three months ended June 30, 2017, a decrease of \$69,000. The decrease is primarily due to timing of software sales.

Software Product Gross Margin. The gross margin on software products for the three months ended June 30, 2018 and June 30, 2017 was 100.0%, respectively.

Maintenance:

Maintenance Revenue. Maintenance revenue for the three months ended June 30, 2018 decreased by approximately \$11,000, or 8.3%, from \$133,000 to \$122,000 as compared to the three months ended June 30, 2017. The decrease in maintenance revenue is primarily due to the decrease in new software sales in 2018.

Maintenance Gross Margin. Gross margin on maintenance products for the three months ended June 30, 2018 was \$83,000 or 68.0% compared with \$93,000 or 69.9% for the three months ended June 30, 2017. Cost of maintenance is comprised of personnel costs and related overhead for the maintenance and support of the Company's software products. The decrease in gross margin is due to the decrease in maintenance revenue.

Services:

Services Revenue. Services revenue for the three months ended June 30, 2018 increased by approximately \$22,000, or 44.0%, from \$50,000 to \$72,000 as compared with the three months ended June 30, 2017. The increase is primarily due to an increase from new services performed on existing customers.

Services Gross Margin Loss. Services gross margin loss was \$25,000 or 34.7% for the three months ended June 30, 2018 compared with gross margin loss of \$46,000 or 92.0% for the three months ended June 30, 2017. The decrease in gross margin loss was primarily attributable to an increase in services revenue.

Operating Expenses:

Sales and Marketing. Sales and marketing expenses primarily include personnel costs for salespeople, marketing personnel, travel and related overhead, as well as trade show participation and promotional expenses. Sales and marketing expenses for the three months ended June 30, 2018 increased by approximately \$15,000, or 12.4%, from \$121,000 to \$136,000 as compared with the three months ended June 30, 2017. The increase is primarily attributable to an increase in headcount and higher outside consulting expenses.

Research and Development. Research and product development expenses primarily include personnel costs for product developers and product documentation and related overhead. Research and development expense decreased by approximately \$16,000, or 5.9%, from \$273,000 to \$257,000 for the three months ended June 30, 2018 as compared to the three months ended June 30, 2017. The decrease in research and development costs for the quarter is primarily due to a decrease in headcount and lower outside consulting expenses.

General and Administrative. General and administrative expenses consist of personnel costs for the legal, financial, human resources, and administrative staff, related overhead, and all non-allocable corporate costs of operating the Company. General and administrative expenses for the three months ended June 30, 2018 decreased by approximately \$25,000, or 12.6%, from \$199,000 to \$174,000 as compared to the three months ended June 30, 2017. The decrease is primarily due to a decrease in headcount and lower legal fees.

Provision for Taxes. The Company's effective income tax rate differs from the statutory rate primarily because an income tax expense/benefit was not recorded as a result of the losses in the second quarter of 2018 and 2017. As a result of the Company's recurring losses, the deferred tax assets have been fully offset by a valuation allowance.

Net Loss. The Company recorded a net loss of \$570,000 for the three months ended June 30, 2018 as compared to a net loss of \$592,000 for the three months ended June 30, 2017. The decrease in net loss is primarily due to the decrease operating expenses and interest expense partially offset by the decrease in total revenue.

SIX MONTHS ENDED JUNE 30, 2018 COMPARED WITH THE SIX MONTHS ENDED JUNE 30, 2017.

Total Revenues. Total revenues decreased \$425,000, or 51.0%, from \$834,000 to \$409,000, for the six months ended June 30, 2018 as compared with the six months ended June 30, 2017. The decrease is due primarily to a decrease in software revenue partially offset by higher services revenue.

Total Cost of Revenue. Total cost of revenue increased \$3,000, or 1.1%, from \$272,000 to \$275,000 for the six months ended June 30, 2018, as compared with the six months ended June 30, 2017. The increase is primarily due to an increase in personnel costs.

Total Gross Margin. Gross margin was \$134,000, or 32.8%, for the six months ended June 30, 2018, as compared to the gross margin of \$562,000, or 67.4%, for the six months ended June 30, 2017. The decrease in gross margin is primarily due to the decrease in sales.

Total Operating Expenses. Total operating expenses decreased \$225,000, or 17.1%, from \$1,312,000 to \$1,087,000 for the six months ended June 30, 2018, as compared with the six months ended June 30, 2017. The decrease is primarily attributable to a decrease in headcount, outside consulting expenses and legal fees.

Software Products:

Software Product Revenue. The Company earned \$22,000 in software product revenue for the six months ended June 30, 2018 as compared to \$475,000 in software revenue for the six months ended June 30, 2017, a decrease of \$453,000. The decrease is primarily due to a timing of software sales due to a large license sale in first quarter 2017 and the absence of a similar license sale in first quarter 2018.

Software Product Gross Margin. The gross margin on software products for the six months ended June 30, 2018 and June 30, 2017 was 100.0%, respectively.

Maintenance:

Maintenance Revenue. Maintenance revenue was constant at \$250,000 for the six months ended June 30, 2018 and June 30, 2017.

Maintenance Gross Margin. Gross margin on maintenance was \$168,000 or 67.2% for the six months ended June 30, 2018 as compared with \$170,000 or 68.0% for the six months ended June 30, 2017. Cost of maintenance is comprised of personnel costs and related overhead for the maintenance and support of the Company's software products. The decrease in gross margin percentage is due to a slight increase in maintenance costs.

Services:

Services Revenue. Services revenue for the six months ended June 30, 2018 increased by approximately \$28,000, or 25.7%, from \$109,000 to \$137,000 as compared with the six months ended June 30, 2017. The increase is primarily due to an increase from new services performed on existing customers.

Services Gross Margin Loss. Services gross margin loss was \$56,000 or 40.9% for the six months ended June 30, 2018 compared with gross margin loss of \$83,000 or 76.1% for the six months ended June 30, 2017. The decrease in gross margin loss was primarily attributable to an increase in services revenue.

Operating Expenses:

Sales and Marketing. Sales and marketing expenses primarily include personnel costs for salespeople, marketing personnel, travel and related overhead, as well as trade show participation and promotional expenses. Sales and marketing expenses for the six months ended June 30, 2018 increased by approximately \$9,000, or 4.3%, from \$208,000 to \$217,000 as compared with the six months ended June 30, 2017. The increase is primarily attributable to an increase in headcount partially offset by a decrease in commissions and lower outside consulting expenses.

Research and Development. Research and product development expenses primarily include personnel costs for product developers and product documentation and related overhead. Research and development expense decreased by approximately \$61,000, or 11.0%, from \$554,000 to \$493,000 for the six months ended June 30, 2018 as compared to the six months ended June 30, 2017. The decrease in research and development costs is primarily due to a decrease in headcount and lower outside consulting expenses.

General and Administrative. General and administrative expenses consist of personnel costs for the legal, financial, human resources, and administrative staff, related overhead, and all non-allocable corporate costs of operating the Company. General and administrative expenses for the six months ended June 30, 2018 decreased by approximately \$173,000, or 31.5%, from \$550,000 to \$377,000 as compared to the six months ended June 30, 2017. The decrease is primarily due to a decrease in headcount and lower outside consulting and legal fees.

Provision for Taxes. The Company's effective income tax rate differs from the statutory rate primarily because an income tax expense/benefit was not recorded as a result of the losses in the first six months of 2018 and 2017. As a result of the Company's recurring losses, the deferred tax assets have been fully offset by a valuation allowance.

Net Loss. The Company recorded a net loss of \$1,090,000 for the six months ended June 30, 2018 as compared to a net loss of \$990,000 for the six months ended June 30, 2017. The increase in net loss is primarily due to the decrease in total revenue partially offset by the decrease in operating expenses and lower interest expense.

LIQUIDITY AND CAPITAL RESOURCES

Cash

Cash and cash equivalents increased to \$64,000 at June 30, 2018 from \$56,000 at December 31, 2017, an increase of \$8,000. The increase is primarily attributable to collections of accounts receivable from year end, revenue generated in the first six months of 2018 and short term borrowings partially offset by expenses in the first six months of 2018.

Net cash used by Operating Activities. Cash used by operations for the six months ended June 30, 2018 was \$973,000 compared to \$716,000 for the six months ended June 30, 2017. Cash used by operations for the six months ended June 30, 2018 was primarily due to the net loss from operations of \$1,090,000; an increase in prepaid expenses of \$123,000 and a decrease of accounts payable and accrued expenses of \$208,000 partially offset by depreciation expense of \$3,000, stock option expense of \$1,000, bad debt expense of \$2,000, a decrease in accounts receivable of \$157,000, and an increase in deferred revenue of \$285,000.

Net cash used in Investing Activities. The Company had \$2,000 in purchases of equipment in the six months ended June 30, 2018 as compared to zero for the six months ended June 30, 2017.

Net cash generated by Financing Activities. Net cash generated by financing activities for the six months ended June 30, 2018 was approximately \$983,000, compared to \$665,000 for the six months ended June 30, 2017. Cash generated by financing activities for the six months ended June 30, 2018 was comprised primarily from short term borrowings of \$1,065,000 partially offset by repayments of \$82,000.

Liquidity

The Company funded its cash needs during the six months ended June 30, 2018 with cash on hand from December 31, 2017; the revenue generated in the first six months of 2018 and short term borrowings.

From time to time during 2017 through 2018, the Company entered into several short term notes payable with John Steffens, the Company's Chairman of the Board, for various working capital needs. The notes vary from non-interest bearing to interest rate of 12% with a maturity date of June 30, 2018. In June 2018, all outstanding notes were amended to a maturity date of December 31, 2018. The Company is obligated to repay the notes with the collection of any accounts receivables. At December 31, 2017, the Company was indebted to Mr. Steffens in the approximate amount of \$1,170,000 of principal and \$75,000 of interest. At June 30, 2018, the Company was indebted to Mr. Steffens in the approximate amount of \$2,175,000 of principal and \$156,000 of interest.

Although the Company has incurred an operating loss of approximately \$1,090,000 for the six months ended June 30, 2018, and has a history of operating losses, management believes that its product's functionality resonates in the marketplace as both "analytics" and "automation" are topics often discussed and written about. Further, the Company believes that its repositioned strategy of leading with a no cost, short, "proof of concept" evaluation of the software's capabilities will shorten the sales cycle and allow for value based selling to our customers and prospects. The Company anticipates success in this regard based upon current discussions and active "proof of concepts" with active partners, customers and prospects. In August 2017, the Company issued 5,083 shares of its Series A preferred stock and a Warrant to purchase up to 20,333,620 shares of the Company's Common Stock, at an exercise price of \$0.07 per share, to its Chairman, John Steffens as part of a conversion of debt and interest totaling \$5,083,405 improving its then working capital deficiency. The Company has borrowed \$1,065,000 and \$1,873,000 in 2018 and 2017, respectively. Should the Company be unable to secure customer contracts that will drive sufficient cash flow to sustain operations, the Company will be forced to seek additional capital in the form of debt or equity financing; however, there can be no assurance that such debt or equity financing will be available on terms acceptable to the Company or at all. These factors raise substantial doubt about the Company's ability to continue as a going concern. The condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

OFF-BALANCE SHEET ARRANGEMENTS

The Company does not have any off-balance sheet arrangements. We have no unconsolidated subsidiaries or other unconsolidated limited purpose entities, and we have not guaranteed or otherwise supported the obligations of any other entity.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Not applicable.

Item 4. Controls and Procedures

a) Evaluation of Disclosure Controls and Procedures.

We maintain "disclosure controls and procedures," as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, or the Exchange Act, that are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, management recognized that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Our disclosure controls and procedures have been designed to meet reasonable assurance standards. Additionally, in designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of June 30, 2018.

Based on that evaluation, our Chief Executive Officer and Chief Financial Officer has concluded that as of June 30, 2018, our disclosure controls and procedures were effective.

(b) Changes in Internal Controls.

There were no changes in our internal control over financial reporting that occurred during the fiscal quarter ended June 30, 2018 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

Not Applicable.

Item 1A. Risk Factors

Not Applicable.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information

None

Item 6. Exhibits

Exhibit No.	Description
31.1	Certification of Chief Executive Officer/Chief Financial Officer pursuant to Rule 13a-14(a) (filed herewith).
32.1	Certification of Chief Executive Officer/Chief Financial Officer pursuant to 18 USC § 1350, as adopted pursuant to §906 of the Sarbanes-Oxley Act of 2002 (filed herewith).

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized.

CERTIFICATIONS

I, John P. Broderick, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Cicero Inc.,
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based upon such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CHIEF EXECUTIVE OFFICER/CHIEF FINANCIAL OFFICER
OF CICERO INC.**

This certification is provided pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, 18 U.S.C. § 1350, and accompanies the quarterly report on Form 10-Q (the "Form 10-Q") for the quarter ended June 30, 2018 of Cicero Inc. (the "Company").

I, John P. Broderick, the Chief Executive Officer/Chief Financial Officer of the Company certify that:

- (i) the Report fully complies with the requirements of Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended; and
- (ii) the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

By: /s/ John P. Broderick

John P. Broderick

Chief Executive and Financial Officer

(Principal Executive, Financial and Accounting Officer)

August 8, 2018

A signed original of this written statement required by Section 906 has been provided to the Company and will be retained by the Company and furnished to the Securities and Exchange Commission or its staff upon request.
