PORTRAIT PHOTOGRAPHY
WELCOME GUIDE
ENGLISH

IT'S SO NICE TO MEET YOU!

I'm Oriana, and I simply adore portrait photography. I am so honored that you are considering booking a session with me! I'm excited to share a little more about what a session with me is like, so you can decide if an Oriana Higuera Photography portrait session is the perfect fit for you and your family.

When I'm not behind the camera, you can typically find me working in a project at my kid's school, with friends or volunteering at church, spending time with my husband and our three kiddos. As a mama myself, I have truly found that family photos are the most meaningful artwork we will ever own.

I'd love for you to take a look through this guide to find everything you need to know about booking your session, and don't hesitate to let me know if you have any questions that don't get answered here! I can't wait to get you in front of my camera!

Every family has a story...

TELLING YOUR STORY

Your portrait session will be unlike any other photo session you have experienced. My style is natural and relaxed, and my goal is to completely remove the stress and let your story unfold in front of my camera. I approach photos sessions in a fun way to help bring out each family member's unique characteristics and to ensure that every photo highlights your family's unique story.

WHAT TO EXPECT

Family portrait sessions with me are relaxed, laid back and fun! My style is to capture your family as you really are, focusing on the connections between you and the love you share. I love to incorporate play, games and laughter into all of my photo sessions. Not only does this keep the session light on stress and anxiety, but it creates an environment for the whole family to truly be themselves and have fun. It's my goal for you to ENJOY your session and the time with your family. I'm just the one fortunate to document it for you!

SCHEDULING YOUR SESSION

When it comes to getting your session booked, earlier is usually better! My calendar tends to fill a couple of months in advance, so as soon as you're ready to book your session, be sure to get in touch with me to reserve your spot. I typically recommend to schedule family sessions in the evenings before sunset, for the best and most flattering lighting, but I'm flexible to your schedule.

My weekends fill up the fastest, as does the Fall season, but you can jump to the front of the line by booking a mid-week session! Need a peak time? No problem! Just let me know as soon as you can so we can get your spot reserved!

CHOOSING YOUR LOCATION

The location of your portrait session is up to you! I have several favorite spots that I am always happy to recommend, and always love to showcase the natural beauty of our area. I love shooting in natural, wide open spaces because the light is gorgeous, especially in the evening. My urban settings are fun too, and add a sophisticated feeling to your session. You really can't go wrong!

There are two types of locations, Public spaces as County Parks, Beach, and streets as Wynwood Walls for example. And Private Venues, like Vizcaya Museum, The Ancient Spanish Monastery and so many more, where we can take advantage of their gardens and architectures. These Venues usually charge a Portrait fee around \$200 and it may vary based on the Venue's regulations.
