Instructions for Members of the Public

Due to current “stay at home” orders from the state and local authorities, and in an effort to continue addressing the needs of our students during this time, our board has opted to conduct its meeting electronically via Zoom. While we are conducting our board meeting electronically, we welcome members of the public and want to ensure that they are permitted to have the opportunity to attend. We understand that this may be an unfamiliar way of doing business, but we are all adjusting and seeking to successfully navigate these uncharted waters. Towards that end, we have instituted measures to facilitate an efficient, effective board meeting via the Zoom platform. Please adhere to the following:

1. Members of the public will be asked to provide their full name and any affiliation. For the purpose of this board meeting, a member of the public is any person that is not a member of the NC High School for Accelerated Learning, Inc. board of directors, an ALS employee or contractor, or the board’s attorney.
2. Members of the public should be reminded that this is not a public hearing, so members of the public are not permitted to speak unless asked to do so by the Board President or until the public comment period on the agenda.
3. When speaking, members of the public should state their name so that everyone is clear on who is speaking, unless the person’s name is displayed.
4. During the public comment portion of the agenda, members of the public who speak shall comply with the time limitations specified by the Board President.
5. When permitted to speak, members of the public must speak one at a time. Please refrain from interrupting another person while that person is talking.
6. Members of the public are required to keep their electronic devices muted when they are not speaking.
7. Members of the public will not be permitted to share their screen, write on the screen, type on the screen, or take over control of the screen for any reason.
8. Members of the public are not permitted to provide written comments, symbols, or emojis via the chat feature in Zoom or via any other method during the meeting.

9. Members of the public shall refrain from engaging in any action that would disrupt the board meeting. Any intentional disruption by any member of the public may result in removal from the board meeting, subject to the Board President's discretion.
10. Members of the public shall comply with all of the Board President's instructions.
11. Failure to comply with any of the above requirements may result in removal from the board meeting, subject to the Board President's discretion.
