

What is a School-Family Compact?

The School-Family compact is a written commitment describing how members of the school parents/guardians, students, staff, teachers, community, and stakeholders agree to share the responsibility for student learning. This compact helps to bridge the learning bond between school and home.

Jointly Developed

The parents, students, and staff of Skyview Charter High School worked together to develop this school-parent compact for achievement. School-Family Compact. This compact is uniquely developed to meet the needs and goals of our school and students. Teachers suggested strategies for learning at home, parents gave input about support they needed, and students talked to us about ways we could help expand on learning. Each school year, Parent Input meetings are held for parents, students, community members, and teachers to provide valuable suggestions to aid in student learning. We encourage ALL parents and community members to participate in revision meetings in the spring as well as an annual Title I parent survey that is used as an informative tool.
