Google AdWords is one of the most powerful advertising tools ever created. It deals with millions of searches by internet users every day.

It then gives business owners a unique opportunity to convert many of these people into business leads and customers.

It represents 78 percent of US desktop paid search clicks and 95 percent of US smartphone paid search clicks based on a recent report.

Due to its influence and reach, Google AdWords is crucial to incorporate PPC into your marketing strategy.

When used properly, Google AdWords has the potential to send large numbers of people to you who want exactly what you have to offer.

Still not sure Google AdWords is a good investment for your business?

Then consider the stats below:

- Google owns 71% of the search market share. (Netmarketshare.com).
- Google owns the world's largest online display advertising network. (comScore)
- Google display campaigns reach 80% of global internet users. (Google Benchmarks and Insights)
- Consumers exposed to display ads are, on average, 155% more likely to search for brand- and segment-specific terms. (Specific Media)
- About 97% of Google's total revenues come from advertising. (Google Investor Relations)
- Businesses make an average of \$2 in revenue for every \$1 they spend on AdWords. (Google Economic Impact Report)
- 72% of AdWords marketers plan to increase their PPC budgets (Search Engine Watch).
- 70% of mobile searchers call a business directly from Google Search. (Expandedramblings.com)

If you don't currently use Google AdWords or don't use it to its full potential, you should seriously reconsider this stance.

Paying for online advertising like Google AdWords turns off a lot of people, especially if they are unfamiliar with how this platform works.

Hence, we have put together all the resources you need to help you succeed with your Google Ads Strategy.
