

GOD TIME

FOCUS
ON WHAT YOU CAN SEE

Read Romans 1:20.

Do you ever wonder what God looks like or why you can't see Him face to face? Wouldn't it be cool if you could sit down next to Him at lunch or kick a soccer ball with God? We cannot see God because He doesn't exist in a physical body that can break down or pass away like our human bodies do. But we can know God and understand what He is like through the things that He has made.

Grab some paper, and pens, and head outside. Set a timer for one minute and make a list of all the things you see that God has made.

Seeing God in Creation • Romans 1:20

Everything you've listed—everything in ALL creation—points to an amazing, powerful, and mighty God. He made all of this, and He made YOU! So if you ever find yourself wondering if He's really there, remember to FOCUS on what you can see.

Thank God for His amazing creation by naming some of the things on your list. Ask Him to help you FOCUS on what you can see as you trust in Him.
