Compulab mini-PC re-branding terms

Introduction

Compulab can supply to business customers and resellers its mini PCs carrying the customer's brand.

Customer's brand is normally required in two places:

1. Physically on the device itself
2. In BIOS splash-screen

fitlet2 re-branding

For fitlet2 re-branding see <https://fit-iot.com/files/fitlet2/docs/fitlet2-customization.pdf>

IPC2 / IPC3 / fit-PC3 / fit-PC4 rebranding

Logo plate rebranding

Implementation is by back-illuminated green light logo plate. Example:

Terms

Minimum order quantity: 100 logo plates

Cost per logo plate

- \$2.00
Including warehousing at Compulab for up to 12 months.

Preparation fee

First time preparation fee: \$500

Recurring order fee: \$200

Notes

- Custom logo plates can be stored at Compulab until a matching order for re-branded mini-PC is placed
- On customer's request the logo parts are shipped to the customer

Checklist for logo plate rebranding

Customer has to provide:

- Purchase order (preparation fee + 100 logo plates or more)
- Graphics of logo in vector format (DXF or Illustrator .ai)

BIOS re-branding

BIOS with no branding is available free of charge and can be downloaded from the support wiki.

For fitlet2 see <https://fit-iot.com/files/fitlet2/docs/fitlet2-customization.pdf>

Terms for custom splashscreen

Price: \$500

Deliverable: A BIOS version with customer's splashscreen (and optionally changed defaults).

The customer should update the BIOS.

Integrating customer's BIOS into Compulab production

This allocates a special part number for customer's version of the product.

It allows the customer to place an order for computers with his BIOS flashed at Compulab.

Setup price: \$2000
