Compulab mini-PC re-branding terms

Introduction

Compulab can supply to business customers and resellers its mini PCs carrying the customer brand.

fitlet1 / fitlet2 re-branding

Implementation is by monochrome silk-print on the power button. Example:

IPCx / fit-PCx re-branding

Implementation is by back-illuminated green light logo plate. Example:

Terms

Minimum order quantity

100 power buttons / logo plates

Cost per button

- Single color silk-print: \$2.00
Including warehousing at Compulab for up to 12 months.
- Two color silk-print: \$2.30
Including warehousing at Compulab for up to 12 months.

Cost per logo plate

- \$2.00
Including warehousing at Compulab for up to 12 months.

Preparation fee

First time preparation fee: \$500

Recurring order fee: \$200

Notes

- Custom logo parts can be stored at Compulab until a matching order for re-branded mini-PC is placed. On customer's request the logo parts are shipped to the customer.
- Minimum order quantity of re-branded logo part is 100 units. Buyer may purchase a smaller volume of unbranded mini-PCs and replace the logo part.

Checklist for re-branding

Customer has to provide:

- Purchase order (preparation fee + 100 logo parts or more)
- Graphics of logo in vector format (DXF or Illustrator .ai)
- For fitlet power button: color specification (RAL or Pantone)
