STATEMENT OF ERISA RIGHTS

- The Guardian's Responsibilities 53
- Group Health Benefits Claims Procedure 54
- Termination of This Group Plan 57

IMPORTANT NOTICE

These benefits are directly funded through and provided by your employer, and are not insured by Guardian. Guardian supplies administrative services, such as: claims services and preparation of employee benefit booklets.

Your employer, has the sole responsibility and liability for payment of these benefits.

As used in this booklet, the terms:

- "certificate" refers to this booklet describing the benefits directly funded through and provided by your employer;
- "insurance" and "insured" refers to the benefits directly funded through and provided by your employer;
- "plan", "we", "us" and "our" refer to the benefits that are directly funded through and provided by your employer, and are not insured by Guardian;
- "premium," "premiums," and "premium charge" refer to payments required from you for coverage under this plan; and
- "proof of insurability" refers to any evidence of your good health which may be required under this plan.

All terms and provisions, maximums or limitations set forth in this booklet will be applicable to these benefits provided by your employer.

B115.0126

An Important Notice About Continuation Rights

The following "Federal Continuation Rights" section may not apply to the employer's plan. You must contact your employer to find out if: (a) the employer is subject to the "Federal Continuation Rights" section, and therefore; (b) the section applies to you.

B235.0109

YOUR CONTINUATION RIGHTS

Federal Continuation Rights

Important Notice This notice contains important information about the right to continue group dental coverage. In addition to the continuation rights described below, other health coverage alternatives may be available through states' Health Insurance Marketplaces. Please read the information contained in this notice very carefully.

This section applies only to any dental, out-of-network point-of-service medical, major medical, prescription drug or vision coverages which are part of this plan. In this section, these coverages are referred to as "group health benefits."

This section does not apply to any coverage for loss of income due to disability. This coverage can not be continued under this section.

Under this section, "qualified continuee" means any person who, on the day before any event which would qualify him or her for continuation under this section, is covered for group health benefits under this plan as: (a) an active, covered employee; (b) the spouse of an active, covered employee; or (c) the dependent child of an active covered employee. A child born to, or adopted by, the covered employee during a continuation period is also a qualified continuee. Any other person who becomes covered under this plan during a continuation provided by this section is not a qualified continuee.

If Your Group Health Benefits End If you are a qualified continuee and your group health benefits end due to your termination of employment or reduction of work hours, you may elect to continue such benefits for up to 18 months, if you were not terminated due to gross misconduct.

The continuation: (a) may cover you or any other qualified continuee; and (b) is subject to "When Continuation Ends".

Extra Continuation for Disabled Qualified Continuees If a qualified continuee is determined to be disabled under Title II or Title XVI of the Social Security Act on or during the first 60 days after the date his or her group health benefits would otherwise end due to your termination of employment or reduction of work hours, and such disability lasts at least until the end of the 18 month period of continuation coverage, he or she or any member of that person's family who is a qualified continuee may elect to extend his or her 18 month continuation period explained above for up to an extra 11 months.

To elect the extra 11 months of continuation, a qualified continuee must give your employer written proof of Social Security's determination of the disabled qualified continuee's disability as described in "The Qualified Continuee's Responsibilities". If, during this extra 11 month continuation period, the qualified continuee is determined to be no longer disabled under the Social Security Act, he or she must notify your employer within 30 days of such determination, and continuation will end, as explained in "When Continuation Ends."

This extra 11 month continuation is subject to "When Continuation Ends".

Federal Continuation Rights (Cont.)

An additional 50% of the total cost of coverage also may be required from all qualified continuees who are members of the disabled qualified continuee's family by your employer during this extra 11 month continuation period, provided the disabled qualified continuee has extended coverage.

B235.0577

- If You Die While Covered** If you die while covered, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".
- If Your Marriage Ends** If your marriage ends due to legal divorce or legal separation, any qualified continuee whose group health benefits would otherwise end may elect to continue such benefits. The continuation can last for up to 36 months, subject to "When Continuation Ends".
- If a Dependent Child Loses Eligibility** If a dependent child's group health benefits end due to his or her loss of dependent eligibility as defined in this plan, other than your coverage ending, he or she may elect to continue such benefits. However, such dependent child must be a qualified continuee. The continuation can last for up to 36 months, subject to "When Continuation Ends".
- Concurrent Continuations** If a dependent elects to continue his or her group health benefits due to your termination of employment or reduction of work hours, the dependent may elect to extend his or her 18 month or 29 month continuation period to up to 36 months, if during the 18 month or 29 month continuation period, the dependent becomes eligible for 36 months of continuation due to any of the reasons stated above.
- The 36 month continuation period starts on the date the 18 month continuation period started, and the two continuation periods will be deemed to have run concurrently.
- Special Medicare Rule** If you become entitled to Medicare before a termination of employment or reduction of work hours, a special rule applies for a dependent. The continuation period for a dependent, after your later termination of employment or reduction of work hours, will be the longer of: (a) 18 months (29 months if there is a disability extension) from your termination of employment or reduction of work hours; or (b) 36 months from the date of your earlier entitlement to Medicare. If Medicare entitlement occurs more than 18 months before termination of employment or reduction of work hours, this special Medicare rule does not apply.
- The Qualified Continuee's Responsibilities** A person eligible for continuation under this section must notify your employer, in writing, of: (a) your legal divorce or legal separation from your spouse; (b) the loss of dependent eligibility, as defined in this plan, of a covered dependent child; (c) a second event that would qualify a person for continuation coverage after a qualified continuee has become entitled to continuation with a maximum of 18 or 29 months; (d) a determination by the Social Security Administration that a qualified continuee entitled to receive continuation with a maximum of 18 months has become disabled during the first 60 days of such continuation; and (e) a determination by the Social Security Administration that a qualified continuee is no longer disabled.

Notice of an event that would qualify a person for continuation under this section must be given to your employer within 60 days of the latest of: (a) the date on which an event that would qualify a person for continuation under this section occurs; (b) the date on which the qualified continuee loses (or would lose) coverage under this plan as a result of the event; or (c) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice.

Notice of a disability determination must be given to your employer by a qualified continuee within 60 days of the latest of: (a) the date of the Social Security Administration determination; (b) the date of the event that would qualify a person for continuation; (c) the date the qualified continuee loses or would lose coverage; or (d) the date the qualified continuee is informed of the responsibility to provide notice to your employer and this plan's procedures for providing such notice. But such notice must be given before the end of the first 18 months of continuation coverage.

B235.0181

Your Employer's Responsibilities

Your employer must notify the qualified continuee, in writing, of: (a) his or her right to continue this plan's group health benefits; (b) the payments he or she must make to continue such benefits; and (c) the times and manner in which such payments must be made.

If your employer determines that an individual is not eligible for continued group health benefits under this plan, they must notify the individual with an explanation of why such coverage is not available. This notice must be provided within the time frame described above.

If a qualified continuee's continued group health benefits under this plan are cancelled prior to the maximum continuation period, your employer must notify the qualified continuee as soon as practical following determination that the continued group health benefits shall terminate.

Election of Continuation

To continue his or her group health benefits, the qualified continuee must give your employer written notice that he or she elects to continue. This must be done by the later of: (a) 60 days from the date a qualified continuee receives notice of his or her continuation rights from your employer as described above; or (b) the date coverage would otherwise end. And the qualified continuee must make his or her first payment in a timely manner.

The subsequent payments must be paid to your employer, by the qualified continuee, in advance, at the times and in the manner specified by your employer. No further notice of when payments are due will be given.

The payment will be the total cost of coverage for the group health benefits had the qualified continuee stayed covered under the group plan on a regular basis. It includes any amount that would have been paid by your employer. Except as explained in "Extra Continuation for Disabled Qualified Continuees", an additional charge of two percent of the total cost of coverage may also be required by your employer.

If the qualified continuee fails to give your employer notice of his or her intent to continue, or fails to make any required payments in a timely manner, he or she waives his or her continuation rights.

Grace in Payment A qualified continuee's payment is timely if, with respect to the first payment after the qualified continuee elects to continue, such payment is made no later than 45 days after such election. In all other cases, such payment is timely if it is made within 31 days of the specified due date. If timely payment is made to the plan in an amount that is not significantly less than the amount the plan requires to be paid for the period of coverage, then the amount paid is deemed to satisfy the requirement for the payment that must be made; unless your employer notifies the qualified continuee of the amount of the deficiency and grants an additional 30 days for payment of the deficiency to be made. Payment is calculated to be made on the date on which it is sent to your employer.

When Continuation Ends A qualified continuee's continued group health benefits end on the first of the following:

- (1) with respect to continuation upon your termination of employment or reduction of work hours, the end of the 18 month period which starts on the date the group health benefits would otherwise end;
- (2) with respect to a qualified continuee who has an additional 11 months of continuation due to disability, the earlier of: (a) the end of the 29 month period which starts on the date the group health benefits would otherwise end; or (b) the first day of the month which coincides with or next follows the date which is 30 days after the date on which a final determination is made that the disabled qualified continuee is no longer disabled under Title II or Title XVI of the Social Security Act;
- (3) with respect to continuation upon your death, your legal divorce, or legal separation, or the end of a covered dependent's eligibility, the end of the 36 month period which starts on the date the group health benefits would otherwise end;
- (4) the date the employer ceases to provide any group health plan to any employee;
- (5) the end of the period for which the last payment is made;
- (6) the date, after the date of election, he or she becomes covered under any other group health plan which does not contain any pre-existing condition exclusion or limitation affecting him or her; or
- (7) the date, after the date of election, he or she becomes entitled to Medicare.

B235.0190

Uniformed Services Continuation Rights

If you enter or return from military service, you may have special rights under this *plan* as a result of the Uniformed Services Employment and Reemployment Rights Act of 1994 ("USERRA").

If your group health benefits under this *plan* would otherwise end because you enter into active military service, this *plan* will allow you, or your dependents, to continue such coverage in accord with the provisions of USERRA. As used here, "group health benefits" means any dental, out-of-network point-of service medical, major medical, prescription drug or vision coverages which are part of this *plan*.

Coverage under this plan may be continued while you are in the military for up to a maximum period of 24 months beginning on the date of absence from work. Continued coverage will end if you fail to return to work in a timely manner after military service ends as provided under USERRA. You should contact your employer for details about this continuation provision including required premium payments.

B235.0194

ELIGIBILITY FOR DENTAL COVERAGE

B489.0002

Employee Coverage

Eligible Employees To be eligible for *employee* coverage you must be an active *full-time employee*. And you must belong to a class of *employees* covered by this *plan*.

Other Conditions If you must pay all or part of the cost of *employee* coverage, we won't insure you until you enroll and agree to make the required payments. If you do this: (a) more than 31 days after you first become eligible; or (b) after you previously had coverage which ended because you failed to make a required payment, you will not be able to enroll until the next group enrollment period.

If you initially waived dental coverage under this *plan* because you were covered under another group *plan*, and you now elect to enroll in the dental coverage under this *plan*, you will not be required to wait until the next group enrollment period provided your coverage under the other *plan* ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's *plan*; (c) divorce; (d) death of your spouse; or (e) termination of the other *plan*.

But you must enroll in the dental coverage under this *plan* within 30 days of the date that any of the events described above occur.

In addition, you will not be required to wait until the next group enrollment period to enroll a spouse or eligible dependent children if: (a) you are under legal obligation to provide dental coverage due to a court-order; and (b) you enroll them in the dental coverage under this plan within 30 days of the issuance of the court-order.

B489.0122-R

When Your Coverage Starts *Employee* benefits are scheduled to start on your effective date.

But you must be actively at work on a *full-time* basis on the scheduled effective date. And you must have met all of the applicable conditions explained above, and any applicable waiting period. If you are not actively at work on the date your insurance is scheduled to start, we will postpone your coverage until the date you return to active *full-time* work.

Sometimes, your effective date is not a regularly scheduled work day. But coverage will still start on that date if you were actively at work on a *full-time* basis on your last regularly scheduled work day.

B489.0070-R

When Your Coverage Ends Your coverage ends on the date your active *full-time* service ends for any reason, other than disability. Such reasons include death, retirement, layoff, leave of absence and the end of employment.

It also ends on the date you stop being a member of a class of *employees* eligible for insurance under this *plan*, or when this *plan* ends for all *employees*. And it ends when this *plan* is changed so that benefits for the class of *employees* to which you belong ends.

Employee Coverage (Cont.)

If you are required to pay all or part of the cost of this coverage and you fail to do so, your coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

Read this booklet carefully if your coverage ends. You may have the right to continue certain group benefits for a limited time.

B489.0087-R

Your Right To Continue Group Coverage During A Family Leave Of Absence

Important Notice This section may not apply. You must contact your *employer* to find out if your *employer* must allow for a leave of absence under federal law. In that case the section applies.

If Your Group Coverage Would End Group coverage may normally end for an *employee* because he or she ceases work due to an approved leave of absence. But, the *employee* may continue his or her group coverage if the leave of absence has been granted: (a) to allow the *employee* to care for a seriously injured or ill spouse, child, or parent; (b) after the birth or adoption of a child; (c) due to the *employee's* own serious health condition. The employee may be required to pay the same share of the premium as he or she paid before the leave of absence.

When Continuation Ends Coverage may continue until the earliest of the following:

- The date you return to active work.
- The end of a total leave period of 12 weeks in any 12 month period.
- The date on which your coverage would have ended had you not been on leave.
- The end of the period for which the premium has been paid.

B449.0727-R

Dependent Coverage

B200.0271-R

Eligible Dependents For Dependent Dental Benefits Your *eligible dependents* are: (a) your legal spouse; (b) your dependent children who are under age 26.

B489.0480-R

Adopted Children, Step-Children and Grandchildren An *employee's* "dependent children" include: (a) his or her legally adopted children; (b) his or her grandchildren who are dependents for federal income tax purposes at the time application for coverage of the grandchildren are made; and (c) his or her step-children.

Dependent Coverage (Cont.)

We treat a child as legally adopted from the time the child is placed in the home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued

Dependents Not Eligible We exclude any dependent who is insured by this *plan* as an *employee*. And we exclude any dependent who is on active duty in any armed force.

B489.0483-R

Handicapped Children You may have an unmarried child with a mental or physical handicap, or developmental disability, who can't support himself or herself. Subject to all of the terms of this coverage and the *plan*, such a child may stay eligible for dependent benefits past this coverage's age limit.

The child will stay eligible as long as he or she stays unmarried and unable to support himself or herself, if: (a) his or her conditions started before he or she reached this coverage's age limit; (b) he or she became insured by this coverage before he or she reached the age limit, and stayed continuously insured until he or she reached such limit; and (c) he or she depends on you for most of his or her support and maintenance.

But, for the child to stay eligible, you must send us written proof that the child is handicapped and depends on you for most of his or her support and maintenance. You have 31 days from the date the child reaches the age limit to do this. We can ask for periodic proof that the child's condition continues. But, after two years, we can't ask for this proof more than once a year.

The child's coverage ends when yours does.

B449.0042-R

Late Enrollment Provision If you initially waived dental coverage for your spouse or eligible dependent children under this plan because they were covered under another group plan, and you now elect to enroll them in the dental coverage under this plan, you will not be required to wait until the next group enrollment period provided their coverage under the other plan ends due to one of the following events: (a) termination of your spouse's employment; (b) loss of eligibility under your spouse's plan; (c) divorce; (d) death of your spouse; or (e) termination of the other plan.

But you must enroll your spouse or eligible dependent children in the dental coverage under this plan within 30 days of the date that any of the events described above occur.

In addition, you will not be required to wait until the next group enrollment period to enroll a spouse or eligible dependent children if: (a) you are under legal obligation to provide dental coverage due to a court-order; and (b) you enroll them in the dental coverage under this plan within 30 days of the issuance of the court-order.

B200.0749-R

When Dependent Coverage Starts In order for your dependent coverage to begin you must already be insured for employee coverage or enroll for employee and dependent coverage at the same time. The date your dependent coverage starts depends on when you elect to enroll your initial *dependents* and agree to make any required payments.

If you do this on or before your eligibility *date*, the dependent's coverage is scheduled to start on the later of your eligibility *date* and the date you become insured for employee coverage.

If you do this within the *enrollment period*, the coverage is scheduled to start on the date you become insured for employee coverage.

If you do this after the enrollment *period* ends, you will not be able to enroll his or her initial dependents until the next group enrollment period.

Once you have dependent coverage for your initial *dependents*, you must notify us when you acquire any new dependents and agree to make any additional payments required for their coverage.

If you do this within 31 days of the date the *newly acquired dependent* becomes eligible, the dependent's coverage will start on the date the dependent first becomes eligible. If you fail to notify us on time, you will not be able to enroll his or her newly acquired dependents until the next group enrollment period.

B489.0252-R

Newborn Children We cover your newborn child for dependent benefits, from the moment of birth if you enroll the child and agree to provide dependent verification documents and make any required premium payments within 31 days of the date the child is born. If you fail to do this you will not be able to enroll the child until the next group enrollment period.

B489.0178-R

When Dependent Coverage Ends Dependent coverage ends for all of your dependents when your coverage ends.

If you are required to pay all or part of the cost of dependent coverage, and you fail to do so, your dependent coverage ends. It ends on the last day of the period for which you made the required payments, unless coverage ends earlier for other reasons.

An individual dependent's coverage ends when he or she stops being an *eligible dependent*. This happens to a child on the last day of the month following the child's 26th birthday. It happens to a spouse when a marriage ends in legal divorce or annulment.

Read this *plan* carefully if dependent coverage ends for any reason. Dependents may have the right to continue certain group benefits for a limited time.

B489.0488-R

DENTAL HIGHLIGHTS

This page provides a quick guide to some of the Dental Expense Insurance *plan* features which people most often want to know about. But it's not a complete description of your Dental Expense Insurance *plan*. Read the following pages carefully for a complete explanation of what we pay, limit and exclude.

● **Benefit Year Cash Deductible for Non-Orthodontic Services**

For Group I Services None
For Group II and III Services \$50.00
for each covered person, to a maximum of \$150.00 per covered family

B497.0075-R

● **Payment Rates:**

For Group I Services 100%
For Group II Services 80%
For Group III Services 50%
For Group IV Services 50%

B497.0086

● **Benefit Year Payment Limit for Non-Orthodontic Services**

For Group I, II and III Services Up to \$2,000.00

● **Lifetime Payment Limit for Orthodontic Treatment**

For Group IV Services Up to \$1,500.00

B497.0105

**Group Enrollment
Period**

A group enrollment period is held each year. The group enrollment period is a time period agreed to by your employer and us. During this period, you may elect to enroll in dental insurance under this plan. Coverage starts on January 1 of the immediate plan year.

B497.2407-R

DENTAL EXPENSE INSURANCE

This insurance will pay many of a *covered person's* dental expenses. *We* pay benefits for covered charges incurred by a *covered person*. What *we* pay and terms for payment are explained below.

B498.0007

Covered Charges

Covered charges are reasonable and customary charges for the dental services named in this *plan's* List of Covered Dental Services. To be covered by this *plan*, a service must be: (a) necessary; (b) appropriate for a given condition; and (c) included in the List of Covered Dental Services.

We may use the professional review of a *dentist* to determine the appropriate benefit for a dental procedure or course of treatment.

By reasonable, *we* mean the charge is the *dentist's* usual charge for the service furnished. By customary, *we* mean the charge made for the given dental condition isn't more than the usual charge made by most other *dentists*. But, in no event will the covered charge be greater than the 90th percentile of the prevailing fee data for a particular service in a geographic area.

When certain comprehensive dental procedures are performed, other less extensive procedures may be performed prior to, at the same time or at a later date. For benefit purposes under this *plan*, these less extensive procedures are considered to be part of the more comprehensive procedure. Even if the *dentist* submits separate bills, the total benefit payable for all related charges will be limited to the maximum benefit payable for the more comprehensive procedure. For example, osseous surgery includes the procedure scaling and root planing. If the scaling and root planing is performed one or two weeks prior to the osseous surgery, *we* may only pay benefits for the osseous surgery.

We only pay benefits for covered charges incurred by a *covered person* while he or she is insured by this *plan*. A covered charge for a crown, bridge or cast restoration is incurred on the date the tooth is initially prepared. A covered charge for any other *dental prosthesis* is incurred on the date the first master impression is made. A covered charge for root canal treatment is incurred on the date the pulp chamber is opened. A covered charge for *orthodontic treatment* is incurred on the date the *active orthodontic appliance* is first placed. All other covered charges are incurred on the date the services are furnished. If a service is started while a *covered person* is insured, *we'll* only pay benefits for services which are completed within 31 days of the date his or her coverage under this *plan* ends.

B498.0386

Appeal Process

Definitions

As used in this section, the terms listed below have the meanings shown below.

- Adverse Determination** This term means a determination by a utilization review agent(URA) that the health care services provided or proposed to be provided to the *covered person* are not *medically necessary* or are experimental or investigational.
- Certification** This term means a determination that the health care services being provided or proposed to be provided to a *covered person* meet the criteria for *medical necessity* and appropriateness.
- Clinical Peer** This term means a *dentist* or health care professional in the same or similar specialty, who typically manages the medical condition, procedure or treatment under review.
- Concurrent Review** This term means a utilization review conducted for a currently in process course of treatment.
- Department** This term means the Texas Department of Insurance.
- Emergency Care** This term means health care services provided in a *hospital* emergency facility or comparable facility to evaluate and stabilize medical conditions of a recent onset and severity, including but not limited to severe pain, that would lead a prudent layperson who has an average knowledge of medicine and health to believe that his or her condition, sickness, or injury is of such a nature that failure to get immediate medical care could result in: (a) placing a *covered person's* health in serious jeopardy; (b) serious impairment to bodily functions; (c) serious dysfunction of any bodily organ or part; (d) serious disfigurement; or (e) in the case of a pregnant woman, serious jeopardy to the health of the fetus.
- External Review** This term means the review of an adverse determination by an independent review organization(IRO).
- Life-Threatening** This term means a disease or condition for which the likelihood of death is probable unless the course of the disease or condition is interrupted. A life-threatening condition exists if a prudent layperson who has an average knowledge of medicine and health would believe that his or her disease or condition is a life-threatening condition.
- Prospective Review** This term means a utilization review conducted prior to a course of treatment.
- Retrospective Review** This term means the utilization review process of reviewing the medical necessity and reasonableness of health care that has been provided to a *covered person*.

- Utilization Review** This term includes a system for prospective, concurrent, or retrospective review of the medical necessity and appropriateness of health care services and a system for prospective, concurrent, or retrospective review to determine the experimental or investigational nature of health care services. The term does not include a review in response to an elective request for clarification of coverage.
- Working Day** This term means a weekday. It excludes: (a) New Years Day; (b) Memorial Day; (c) Fourth of July; (d) Labor Day; (e) Thanksgiving Day; and (f) Christmas Day.

Utilization Review Determinations

When the initial determination is certification, written notification will be sent to a *covered person* and the *covered person's* health care provider within two working days of making the determination.

The URA will make an initial determination in a prospective review within three working days of receipt of all information needed to complete the review.

The URA will make an initial determination in a concurrent review within three working days of receipt of all information needed to complete the review.

The URA will make an initial determination in a retrospective review within thirty days of receipt of all information needed to complete the review. This period may be extended once by the URA for a period not to exceed 15 days, if the URA:

- (a) determines that an extension is necessary due to matters beyond the URA's control; and
- (b) notifies the provider of record and the *covered person* before the expiration of the initial 30-day period of the circumstances requiring the extension and the date by which the URA expects to make a determination.

If the extension is required because of the failure of the provider of record or the *covered person* to submit information necessary to reach a determination on the request, the notice of extension must:

- (a) specifically describe the required information necessary to complete the request; and
- (b) give the provider of record and the *covered person* at least 45 days from the date of receipt of the notice of extension to provide the specified information.

If the period for making the determination under this section is extended because of the failure of the provider of record or the *covered person* to submit the information necessary to make the determination, the period for making the determination is tolled from the date on which the URA sends the notification of the extension to the provider of record or the *covered person* until the earlier of:

Appeal Process (Cont.)

- (a) the date on which the provider of record or the *covered person* responds to the request for additional information; or
- (b) the date by which the specified information was to have been submitted.

Notice of adverse determination will include:

- (1) the principal reasons for the adverse determination;
- (2) the clinical basis for the adverse determination;
- (3) a description of the source of the screening criteria that were used in making the determination;
- (4) a description of the complaint and appeal process; and
- (5) the independent review notification procedures, and the independent review request form.

For life-threatening conditions, notice of adverse determination will be given within the time frames shown above. In circumstances involving a life-threatening condition, the *covered person*, person acting on the *covered person's* behalf, or the *covered person's* provider of record is entitled to immediate external appeal by independent review and is not required to comply with procedures for reconsideration or internal appeals.

B498.4839

Internal Appeals

A *covered person*, a person acting on the *covered person's* behalf, or the *covered person's doctor* or health care provider may appeal an adverse determination orally or in writing.

Standard Appeal The request for standard appeal should be made or sent to the URA or to:

The Guardian Life Insurance Company of America
Dental Grievance Department
P.O. Box 2457
Spokane, WA 99210-2457

Within five working days from receipt of a written appeal, a letter of acknowledgment will be sent to the appealing party. The letter will include the date the request for appeal was received, and a list of any documentation the appealing party is required to submit to support his or her request.

A licensed *doctor* or *dentist* will review the appeal and render a decision.

Within five working days of receipt of an oral request for standard appeal, an appeal form will be mailed to the appealing party.

A licensed *doctor* or *dentist* will review the appeal and render a decision.

Notification of that decision will be mailed to the *covered person* or a person acting on behalf of the *covered person* and to the *covered person's* health care provider within 30 days of receipt of the request for standard appeal.

If the appeal is denied, the notice will include:

- (1) a statement of the specific reasons for the resolution;
- (2) the clinical basis for such decision;
- (3) the specialization of any *doctor* or other provider consulted; and
- (4) in the case of a denial, notice of the appealing party's right to seek independent review of the denial and the procedure for obtaining that review, including the necessary forms.

If the appeal is denied, the *covered person's* health care provider may request, in writing, a review of the denial by a health care provider in the same or similar specialty as typically manages the condition, procedure, or treatment under review. This request must: (a) be made within ten working days of the denial of the appeal; and (b) set forth good cause for having a particular type of specialty provider review the case. The specialty review will be completed within 15 working days of receipt of the request.

Expedited Appeal If the adverse determination involves emergency care, denial of care for a life-threatening condition, or denial of continued stay for a hospitalized *covered person*, the appealing party may call, write, or fax a request for an expedited appeal to the URA or to:

The Guardian Life Insurance Company of America
Dental Grievance Department
P.O. Box 2457
Spokane, WA 99210-2457
Phone: (800) 541-7846
Fax: (509) 468-6123

A licensed *dentist* or licensed health care professional who typically manages the medical/dental condition under review and who did not previously review the case will review the appeal.

A decision will be made within a timeframe appropriate to the medical or dental immediacy of the condition, treatment or procedure under review but in no event later than one working day after receipt of all information required to make the decision.

The *covered person* and the *covered person's* health care provider will be notified by telephone or electronic transmission within one working day of making the decision. Written confirmation will also be sent to the *covered person* or a person acting on behalf of the *covered person*.

If the appeal is denied, the written notification will include:

- (1) a statement of the specific reasons for the resolution;
- (2) the clinical basis for such decision;
- (3) the specialization of any *doctor* or other provider consulted; and
- (4) in the case of a denial, notice of the appealing party's right to seek independent review of the denial and the procedure for obtaining that review, including the necessary forms.

External Appeals

A *covered person*, a person acting on the *covered person's* behalf, or the *covered person's doctor* or health care provider may request an external review of an adverse determination: (a) after the denial of a standard or expedited appeal; or (b) immediately in the case of a life-threatening condition. The request is made by completing the request form and executing the authorization to release medical information and sending them to the URA or to:

The Guardian Life Insurance Company of America
Dental Grievance Department
P.O. Box 2457
Spokane, WA 99210-2457
Phone: (800) 541-7846
Fax: (509) 468-6123

Upon receipt of the request for external review, the Department will be notified of the request. The Department will assign an independent review organization(IRO) within one working day and will notify Guardian and the IRO of the assignment. The Department will notify the *covered person* or a person acting on behalf of the *covered person* and the *covered person's* health care provider within one working day of making the assignment.

Within three working days of receipt of the request for external review, the following information must be sent to the assigned IRO:

- (1) any relevant medical records;
- (2) any relevant portions of the utilization review *plan* used in making the decision;
- (3) a copy of the written notice of the appeal's denial;
- (4) any documentation and written information submitted by the appealing party in support of the appeal; and
- (5) a list of the names, addresses, and phone numbers of each *doctor* or health care provider who has provided care to the *covered person* and who may have medical records relevant to the appeal.

The IRO should review the case and render a decision within the time frames shown below.

- (1) If a life-threatening condition exists, the earlier of: (a) five working days of receipt of all information needed to complete the review; and (b) eight working days of receipt of the request for review.
- (2) If a life-threatening condition does not exist, the earlier of: (a) 15 working days of receipt of all information needed to complete the review; and (b) 20 working days of receipt of the request for review.

Appeal Process (Cont.)

The IRO should notify the *covered person* or person acting on behalf of the *covered person* and the *covered person's* health care provider of the decision.

This *plan* must cover charges for any covered services determined to be *medically necessary* or appropriate by the IRO. And, this *plan* will pay the cost of the external review.

B498.4840

Alternate Treatment

If more than one type of service can be used to treat a dental condition, we have the right to base benefits on the least expensive service which is within the range of professionally accepted standards of dental practice as determined by *us*. For example, in the case of bilateral multiple adjacent teeth, or multiple missing teeth in both quadrants of an arch, the benefit will be based on a removable partial denture. In the case of a composite filling on a *posterior tooth*, the benefit will be based on the corresponding amalgam filling benefit.

Proof Of Claim

So that we may pay benefits accurately, the covered person or his or her dentist must provide us with information that is acceptable to us. This information may, at our discretion, consist of radiographs, study models, periodontal charting, narratives or other diagnostic materials that document proof of claim and support the necessity of the proposed treatment. If we don't receive the necessary information, we may pay no benefits, or minimum benefits. The plan will only provide benefits for claims submitted within 12 months from the date the services were provided.

B498.0002-R

Pre-Treatment Review

When the expected cost of a proposed course of treatment is \$300.00 or more, the *covered person's dentist* should send us a treatment plan before he or she starts. This must be done on a form acceptable to *Guardian*. The treatment plan must include: (a) a list of the services to be done, using the American Dental Association Nomenclature and codes; (b) the itemized cost of each service; and (c) the estimated length of treatment. In order to evaluate the treatment plan, dental radiographs, study models and whatever else will document the necessity of the proposed course of treatment, must be sent to *us*.

A treatment plan should always be sent to us before orthodontic treatment starts.

Pre-Treatment Review (Cont.)

We review the treatment plan and estimate what we will pay. We will send the estimate to the covered person and/or the covered person's dentist. If the treatment plan is not consistent with accepted standards of dental practice, or if one is not sent to us, we have the right to base our benefit payments on treatment appropriate to the covered person's condition using accepted standards of dental practice.

The covered person and his or her dentist have the opportunity to have services or a treatment plan reviewed before treatment begins. Pre-treatment review is not a guarantee of what we will pay. It tells the covered person, and his or her dentist, in advance, what we would pay for the covered dental services listed in the treatment plan. But, payment is conditioned on: (a) the services being performed as proposed and while the covered person is insured; and (b) the deductible, payment rate and payment limits provisions, and all of the other terms of this plan.

Emergency treatment, oral examinations, evaluations, dental radiographs and teeth cleaning are part of a course of treatment, but may be done before the pre-treatment review is made.

We won't deny or reduce benefits if pre-treatment review is not done. But what we pay will be based on the availability and submission of proof of claim.

B498.0003

Benefits From Other Sources

Other plans may furnish benefits similar to the benefits provided by this *plan*. For instance, you may be covered by this *plan* and a similar plan through your spouse's employer. You may also be covered by this *plan* and a medical plan. In such instances, we coordinate *our* benefits with the benefits from that other plan. *We* do this so that no one gets more in benefits than the charges he or she incurs. Read "Coordination of Benefits" to see how this works.

B498.0005

The Benefit Provision - Qualifying For Benefits

B498.0072

How We Pay Benefits For Group I, II And III Non-Orthodontic Services

There is no deductible for Group I services. *We* pay for Group I covered charges at the applicable *payment rate*.

A *benefit year* deductible of \$50.00 applies to Group II and III services. Each *covered person* must have covered charges from these service groups which exceed the deductible before *we* pay him or her any benefits for such charges. These charges must be incurred while the *covered person* is insured.

Once a *covered person* meets the deductible, *we* pay for his or her Group II and III covered charges above that amount at the applicable *payment rate* for the rest of that *benefit year*.

B498.0396

The Benefit Provision - Qualifying For Benefits (Cont.)

All covered charges must be incurred while insured. And we limit what we pay each benefit year to \$2,000.00.

B498.0192

How We Pay Benefits For Group IV Orthodontic Services

This *plan* provides benefits for Group IV orthodontic services.

We pay for Group IV covered charges at the applicable *payment rate*.

Using the *covered person's* original treatment *plan*, we calculate the total benefit we will pay. We divide the benefit into equal payments, which we will spread out over the shorter of: (a) the proposed length of treatment; or (b) two years.

We make the initial payment when the *active orthodontic appliance* is first placed. We make further payments at the end of each subsequent three month period, upon receipt of verification of ongoing treatment. But, treatment must continue and the *covered person* must remain covered by this *plan*. We limit what we pay for orthodontic services to the lifetime payment of \$1,500.00. What we pay is based on all of the terms of this *plan*.

We don't pay for orthodontic charges incurred by a *covered person* prior to being covered by this *plan*. We limit what we pay for *orthodontic treatment* started prior to a *covered person* being covered by this *plan* to charges determined to be incurred by the *covered person* while covered by this *plan*. Based on the original treatment *plan*, we determine the portion of charges incurred by the *covered person* prior to being covered by this *plan*, and deduct them from the total charges. What we pay is based on the remaining charges. We limit what we consider of the proposed treatment *plan* to the shorter of the proposed length of treatment, or two years from the date the *orthodontic treatment* started.

The benefits we pay for *orthodontic treatment* won't be charged against a *covered person's benefit year* payment limits that apply to all other services.

B498.0413

Non-Orthodontic Family Deductible Limit

A *covered family* must meet no more than three individual *benefit year* deductibles in any *benefit year*. Once this happens, we pay benefits for covered charges incurred by any *covered person* in that *covered family*, at the applicable *payment rate* for the rest of that *benefit year*. The charges must be incurred while the person is insured. What we pay is based on this *plan's payment limits* and to all of the terms of this *plan*.

B498.0073

Payment Rates

Benefits for covered charges are paid at the following *payment rates*:

- Benefits for Group I Services 100%
- Benefits for Group II Services 80%
- Benefits for Group III Services 50%
- Benefits for Group IV Services 50%

B498.0407

After This Insurance Ends

We don't pay for charges incurred after a *covered person's* insurance ends. But, subject to all of the other terms of this *plan*, we'll pay for the following if the procedure is finished in the 31 days after a *covered person's* insurance under this *plan* ends: (a) a bridge or cast restoration, if the tooth or teeth are prepared before the *covered person's* insurance ends; (b) any other *dental prosthesis*, if the master impression is made before the *covered person's* insurance ends; and (c) root canal treatment, if the pulp chamber is opened before the *covered person's* insurance ends.

We pay benefits for *orthodontic treatment* to the end of the month in which the *covered person's* insurance ends.

B498.0233

Special Limitations

B498.0138-R

If This Plan Replaces The Prior Plan This *plan* may be replacing the *prior plan* you had with another insurer. If a *covered person* was insured by the *prior plan* and is covered by this *plan* on its effective date, the following provisions apply to such *covered person*.

- **Deductible Credit** - In the first *benefit year* of this *plan*, we reduce a *covered person's* deductibles required under this *plan*, by the amount of covered charges applied against the *prior plan's* deductible. The *covered person* must give us proof of the amount of the *prior plan's* deductible which he or she has satisfied.
- **Benefit Year Non-Orthodontic Payment Limit Credit** - In the first *benefit year* of this *plan*, we reduce a *covered person's benefit year payment limits* by the amounts paid or payable under the *prior plan*. The *covered person* must give us proof of the amounts applied toward the *prior plan's* payment limits.
- **Orthodontic Payment Limit Credit** - We reduce a *covered person's* orthodontic *payment limits* by the amounts paid or payable under the *prior plan*. The *covered person* must give us proof of the amounts applied toward the *prior plan's* payment limits.

B498.0134-R

Exclusions

We will not pay for:

- Any service or supply which is not specifically listed in this *plan's* List of Covered Dental Services.
- Any procedure performed in conjunction with, as part of, or related to a procedure which is not covered by this *plan*.
- Educational services, including, but not limited to, oral hygiene instruction, plaque control, tobacco counseling or diet instruction.
- Precision attachments and the replacement of part of a precision attachment, magnetic retention or overdenture attachments.

Exclusions (Cont.)

- Overdentures and related services, including root canal therapy on teeth supporting an overdenture.
- Any restoration, procedure, *appliance* or *prosthetic device* used solely to: (1) alter vertical dimension; (2) restore or maintain occlusion, except to the extent that this *plan* covers *orthodontic treatment*; (3) treat a condition necessitated by attrition or abrasion; or (4) splint or stabilize teeth for periodontal reasons.
- The use of general anesthesia, intramuscular sedation, intravenous sedation, non-intravenous sedation or inhalation sedation, including but not limited to nitrous oxide, except when administered in conjunction with covered periodontal surgery, surgical extractions, the surgical removal of impacted teeth, apicoectomies, root amputations and services listed under the "Other Oral Surgical Procedures" section of this *plan*.
- The use of local anesthetic.
- Cephalometric radiographs, oral/facial images, including traditional photographs and images obtained by intraoral camera, except when performed as part of the *orthodontic treatment* plan and records for a covered course of *orthodontic treatment*.
- Prescription medication.
- Duplication of radiographs, the completion of claim forms, OSHA or other infection control charges.
- Pulp vitality tests or caries susceptibility tests.
- Bite registration or bite analysis.
- Gingival curettage.
- The localized delivery of chemotherapeutic agents.
- Tooth transplants.
- Maxillofacial prosthetics that repair or replace facial and skeletal anomalies, maxillofacial surgery, orthognathic surgery or any oral surgery requiring the setting of a fracture or dislocation.
- Temporary or provisional *dental prosthesis* or *appliances* except interim partial dentures/stayplates to replace *anterior teeth* extracted while insured under this *plan*.
- Any service furnished solely for cosmetic reasons. This includes, but is not limited to: (1) characterization and personalization of a *dental prosthesis*; (2) facings on a *dental prosthesis* for any teeth posterior to the second bicuspid; (3) bleaching of discolored teeth; and (4) odontoplasty.
- Replacing an existing *appliance* or *dental prosthesis* with a like or un-like *appliance* or *dental prosthesis*; unless (1) it is at least 5 years old and is no longer usable; or (2) it is damaged while in the *covered person's* mouth in an *injury* suffered while insured, and can't be made serviceable.
- A fixed bridge replacing the extracted portion of a hemisected tooth or the placement of more than one unit of crown and/or bridge per tooth.
- The replacement of extracted or missing third molars/wisdom teeth.

Exclusions (Cont.)

- Treatment of congenital or developmental malformations, or the replacement of congenitally missing teeth.
- Any endodontic, periodontal, crown or bridge abutment procedure or *appliance* performed for a tooth or teeth with a guarded, questionable or poor prognosis.
- Any procedure or treatment method which does not meet professionally recognized standards of dental practice or which is considered to be experimental in nature.
- Any procedure, appliance, dental prosthesis, modality or surgical procedure intended to treat or diagnose disturbances of the temporomandibular joint (TMJ).
- Treatment needed due to: (1) an on-the-job or job-related *injury*; or (2) a condition for which benefits are payable by Worker's Compensation or similar laws.
- Treatment for which no charge is made. This usually means treatment furnished by: (1) the *covered person's* employer, labor union or similar group, in its dental or medical department or clinic; (2) a facility owned or run by any governmental body; and (3) any public program, except Medicaid, paid for or sponsored by any governmental body.
- Evaluations and consultations for non-covered services; detailed and extensive oral evaluations.
- The repair of an orthodontic appliance.

B498.3385-R

List of Covered Dental Services

The services covered by this *plan* are named in this list. Each service on this list has been placed in one of four groups. A separate payment rate applies to each group. Group I is made up of preventive services. Group II is made up of basic services. Group III is made up of major services. Group IV is made up of orthodontic services.

All covered dental services must be furnished by or under the direct supervision of a *dentist*. And they must be usual and necessary treatment for a dental condition.

B490.0048

Group I - Preventive Dental Services (Non-Orthodontic)

Prophylaxis And Fluorides Prophylaxis - limited to a total of 2 prophylaxes in a calendar year. Allowance includes scaling and polishing procedures to remove coronal plaque, calculus, and stains.

- Adult prophylaxis covered age 12 and older.

Group I Preventive Dental Services (Cont.)

(Non-Orthodontic)

Additional prophylaxis when needed as a result of a medical (i.e., a non-dental) condition - covered once in 12 months, and only when the additional prophylaxis is recommended by the dentist and is a result of a medical condition as verified in writing by the patient's medical physician. This does not include a condition which could be resolved by proper oral hygiene or that is the result of patient neglect.

Fluoride treatment, topical application - limited to 2 treatment(s) in a calendar year.

Office Visits, Evaluations And Examination

Office visits, oral evaluations, examinations or limited problem focused re-evaluations - limited to a total of 2 in a calendar year.

Emergency or problem focused oral evaluation - limited to a total of 2 in a calendar year. Covered if no other treatment, other than radiographs, is performed in the same visit.

After hours office visit or emergency palliative treatment and other non-routine, unscheduled visits. Limited to 2 per calendar year. Covered only when no other treatment, other than radiographs, is performed during the same visit.

B498.4806-R

Space Maintainers

Space Maintainers - limited to *covered persons* under age 16 and limited to initial *appliance* only. Covered only when necessary to replace prematurely lost or extracted deciduous teeth. Allowance includes all adjustments in the first six months after insertion, limited to a maximum of one bilateral per arch or one unilateral per quadrant, per lifetime.

- Fixed - unilateral
- Fixed - bilateral
- Removable - bilateral
- Removable - unilateral

Recementation of space maintainer performed more than 12 months after the initial insertion

Fixed And Removable Appliances

Fixed and Removable Appliances To Inhibit Thumbsucking - limited to *covered persons* under age 14 and limited to initial *appliance* only. Allowance includes all adjustments in the first 6 months after insertion.

B498.0164-R

Group I - Preventive Dental Services (Cont.)

(Non-Orthodontic)

- Radiographs** Allowance includes evaluation and diagnosis.
Full mouth, complete series or panoramic radiograph - Either, but not both, of the following procedures, limited to one in any 36 consecutive month period.
- Full mouth series, of at least 14 films including bitewings
 - Panoramic film, maxilla and mandible, with or without bitewing radiographs.
- Other diagnostic radiographs:
- Bitewing films - limited to either a maximum of 4 bitewing films or a set (7-8 films) of vertical bitewings, in one visit, twice in a calendar year.
 - Intraoral periapical or occlusal films - single films

B498.8740-R

- Dental Sealants** Dental Sealants - permanent molar teeth only - Topical application of sealants is limited to the unrestored, permanent molar teeth of *covered persons* under age 16 and limited to one treatment, per tooth, in any 12 consecutive month period.

- Diagnostic Services** Allowance includes examination and diagnosis.
- Diagnostic casts - when needed to prepare a treatment plan for three or more of the following performed at the same time in more than one arch: dentures, crowns, bridges, inlays or onlays.

B498.0166-R

Group II - Basic Dental Services

(Non-Orthodontic)

- Diagnostic Services** Allowance includes examination and diagnosis.
- Consultations - Diagnostic consultation with a dentist other than the one providing treatment, limited to one consultation for each *covered dental specialty* in any 12 consecutive month period. Covered only when no other treatment, other than radiographs, is performed during the visit.
- Diagnostic Services: Allowance includes examination and diagnosis.
- Histopathologic examinations when performed in conjunction with a tooth related biopsy.
- Restorative Services** Multiple restorations on one surface will be considered one restoration. Benefits for the replacement of existing amalgam and resin restorations will only be considered for payment if at least 12 months have passed since the previous restoration was placed if the *covered person* is under age 19, and 36 months if the *covered person* is age 19 and older. Also see the "Major Restorative Services" section.

Group II - Basic Dental Services (Cont.)

(Non-Orthodontic)

Amalgam restorations - Allowance includes bonding agents, liners, bases, polishing and local anesthetic.

Resin restorations - limited to *anterior teeth* only. Coverage for resins on *posterior teeth* is limited to the corresponding amalgam benefit. Allowance includes light curing, acid etching, adhesives, including resin bonding agents and local anesthetic.

Silicate cement, per restoration
Composite resin

Stainless steel crown, prefabricated resin crown, and resin based composite crown - limited to once per tooth in any 24 consecutive month period. Stainless steel crowns, prefabricated resin crowns and resin based composite crowns are considered to be a temporary or provisional procedure when done within 24 months of a permanent crown. Temporary and provisional crowns are considered to be part of the permanent restoration.

Pin retention, per tooth, covered only in conjunction with a permanent amalgam or composite restoration, exclusive of restorative material.

B498.2780-R

Endodontic Services Allowance includes diagnostic, treatment and final radiographs, cultures and tests, local anesthetic and routine follow-up care, but excludes final restoration.

Pulp capping, limited to permanent teeth and limited to one pulp cap per tooth, per lifetime.

Pulp capping, direct
Pulp capping, indirect - includes sedative filling.

Vital pulpotomy, only when root canal therapy is not the definitive treatment

Gross pulpal debridement

Pulpal therapy, limited to primary teeth only

Root Canal Treatment

Root canal therapy

Root canal retreatment, limited to once per tooth, per lifetime

Treatment of root canal obstruction, no-surgical access

Incomplete endodontic therapy, inoperable or fractured tooth

Internal root repair of perforation defects

Other Endodontic Services

Apexification, limited to a maximum of three visits

Apicoectomy, limited to once per root, per lifetime

Root amputation, limited to once per root, per lifetime

Retrograde filling, limited to once per root, per lifetime

Hemisection, including any root removal, once per tooth

B498.0201-R

Periodontal Services Allowance includes the treatment plan, local anesthetic and post-treatment care. Requires documentation of periodontal disease confirmed by both radiographs and pocket depth probings of each tooth involved.

Group II - Basic Dental Services (Cont.)

(Non-Orthodontic)

Periodontal maintenance procedure - limited to a total of 4 periodontal maintenance procedures to a combined maximum totaling no more than 4 prophylaxes and periodontal maintenance procedures in a calendar year. Allowance includes periodontal pocket charting, scaling and polishing. (Also see Prophylaxis under "Preventive Services") Coverage for periodontal maintenance is considered upon evidence of completed active periodontal therapy (periodontal scaling and root planing or periodontal surgery).

Scaling and root planing, per quadrant - limited to once per quadrant in any 12 consecutive month period. Covered when there is radiographic and pocket charting evidence of bone loss.

Full mouth debridement - limited to once in any 36 consecutive month period. Considered only when no diagnostic, preventive, periodontal service or periodontal surgery procedure has been performed in the previous 36 consecutive month period.

B498.2855-R

Periodontal Surgery Allowance includes the treatment plan, local anesthetic and post-surgical care. Requires documentation of periodontal disease confirmed by both radiographs and pocket depth probings of each tooth involved.

The following treatment is limited to a total of one of the following, once per tooth in any 12 consecutive months.

- Gingivectomy, per tooth (less than 3 teeth)
- Crown lengthening - hard tissue

The following treatment is limited to a total of one of the following once per quadrant, in any 12 consecutive months.

- Gingivectomy or gingivoplasty, per quadrant
- Osseous surgery, including scaling and root planing, flap entry and closure, per quadrant
- Gingival flap procedure, including scaling and root planing, per quadrant
- Distal or proximal wedge, not in conjunction with osseous surgery
- Surgical revision procedure, per tooth

The following treatment is limited to a total of one of the following, once per quadrant in any 12 consecutive months.

Pedicle or free soft tissue grafts, including donor site, or subepithelial connective tissue graft procedure, when the tooth is present, or when dentally necessary as part of a covered surgical placement of an implant.

The following treatment is limited to a total of one of the following, once per area or tooth, in any 12 consecutive month period.

- Guided tissue regeneration, resorbable barrier or nonresorbable barrier bone replacement grafts, when the tooth is present

Group II - Basic Dental Services (Cont.)

(Non-Orthodontic)

Periodontal surgery related

Limited occlusal adjustment - limited to a total of two visits, covered only when done within a 6 consecutive month period after covered scaling and root planing or osseous surgery. Must have radiographic evidence of vertical defect or widened periodontal ligament space.

Occlusal guards, covered only when done within a 6 consecutive month period after osseous surgery, and limited to one per lifetime

B498.0203-R

Non-Surgical Extractions Allowance includes the treatment plan, local anesthetic and post-treatment care.

Uncomplicated extraction, one or more teeth

Root removal non-surgical extraction of exposed roots

Surgical Extractions Allowance includes the treatment plan, local anesthetic and post-surgical care. Services listed in this category and related services, may be covered by your medical plan.

Surgical removal of erupted teeth, involving tissue flap and bone removal

Surgical removal of residual tooth roots

Surgical removal of impacted teeth

Other Oral Surgical Procedures Allowance includes diagnostic and treatment radiographs, the treatment plan, local anesthetic and post-surgical care. Services listed in this category and related services, may be covered by your medical plan.

Alveoloplasty, per quadrant

Removal of exostosis, per site

Incision and drainage of abscess

Frenulectomy, Frenectomy, Frenotomy

Biopsy and examination of tooth related oral tissue

Surgical exposure of impacted or unerupted tooth to aid eruption

Excision of tooth related tumors, cysts and neoplasms

Excision or destruction of tooth related lesion(s)

Excision of hyperplastic tissue

Excision of pericoronal gingiva, per tooth

Oroantral fistula closure

Sialolithotomy

Sialodochoplasty

Closure of salivary fistula

Excision of salivary gland

Maxillary sinusotomy for removal of tooth fragment or foreign body

Vestibuloplasty

B498.1124

Other Services General anesthesia, intramuscular sedation, intravenous sedation, non-intravenous sedation or inhalation sedation, including nitrous oxide, when administered in connection with covered periodontal surgery, surgical extractions, the surgical removal of impacted teeth, apicoectomies, root amputations, surgical placement of an implant and services listed under the "Other Oral Surgical Procedures" section of this *plan*.

Group II - Basic Dental Services (Cont.)
(Non-Orthodontic)

Injectable antibiotics needed solely for treatment of a dental condition.

Desensitizing medicaments - limited to a total of 4 times per calendar year.

B498.0206-R

Group III - Major Dental Services

(Non-Orthodontic)

Major Restorative Services Crowns, inlays, onlays, labial veneers, and crown buildups are covered only when needed because of decay or *injury*, and only when the tooth cannot be restored with amalgam or composite filling material. Post and cores are covered only when needed due to decay or *injury*. Allowance includes insulating bases, temporary or provisional restorations and associated gingival involvement. Limited to permanent teeth only. Also see the "Basic Restorative Services" section.

Single Crowns

- Resin with metal
- Porcelain
- Porcelain with metal
- Full cast metal (other than stainless steel)
- 3/4 cast metal crowns
- 3/4 porcelain crowns

Inlays

Onlays, including inlay

Labial veneers

Posts and buildups - only when done in conjunction with a covered unit of crown or bridge and only when necessitated by substantial loss of natural tooth structure.

Cast post and core in addition to a unit of crown or bridge, per tooth

Prefabricated post and composite or amalgam core in addition to a unit of crown or bridge, per tooth

Crown or core buildup, including pins

Implant supported prosthetics - Allowance includes the treatment plan and local anesthetic, when done in conjunction with a covered surgical placement of an implant, on the same tooth.

Abutment supported crown

Implant supported crown

Abutment supported retainer for fixed partial denture

Implant supported retainer for fixed partial denture

Implant/abutment supported removable denture for completely edentulous arch

Implant/abutment supported removable denture for partially edentulous arch

Implant/abutment supported fixed denture for completely edentulous arch

Implant/abutment supported fixed denture for partially edentulous arch

Dental implant supported connecting bar

Prefabricated abutment

Custom abutment

Group III - Major Dental Services (Cont.)

(Non-Orthodontic)

Implant services - Allowance includes the treatment plan, local anesthetic and post-surgical care. Limited to the replacement of permanent teeth only. The number of implants we cover is limited to the number of teeth extracted while insured under this plan.

Surgical placement of implant body, endosteal implant

Surgical placement, eposteal implant

Surgical placement transosteal implant

Other Implant services

Bone replacement graft for ridge preservation, per site, when done in conjunction with a covered surgical placement of an implant in the same site, limited to once per tooth, per lifetime

Radiographic/surgical implant index - limited to once per arch in any 24 month period

Repair implant supported prosthesis

Repair implant abutment

Implant removal

B498.1129

Prosthodontic Services Specialized techniques and characterizations are not covered. Allowance includes insulating bases, temporary or provisional restorations and associated gingival involvement. Limited to permanent teeth only.

Fixed bridges - Each abutment and each pontic makes up a unit in a bridge

Bridge abutments - See inlays, onlays and crowns under "Major Restorative Services"

Bridge Pontics

Resin with metal

Porcelain

Porcelain with metal

Full cast metal

Group III - Major Dental Services (Cont.)

(Non-Orthodontic)

Dentures - Allowance includes all adjustments and repairs done by the *dentist* furnishing the denture in the first 6 consecutive months after installation and all temporary or provisional dentures. Temporary or provisional dentures, stayplates and interim dentures older than one year are considered to be a permanent *appliance*.

Complete or Immediate dentures, upper or lower

Partial dentures - Allowance includes base, clasps, rests and teeth

Upper, resin base, including any conventional clasps, rests and teeth

Upper, cast metal framework with resin denture base, including any conventional clasps, rests and teeth

Lower, resin base, including any conventional clasps, rests and teeth

Lower, cast metal framework with resin denture base, including any conventional clasps, rests and teeth

Interim partial denture (stayplate), upper or lower, covered on *anterior teeth* only

Removable unilateral partial, one piece cast metal, including clasps and teeth

Simple stress breakers, per unit

B498.1132

Crown And Prosthodontic Restorative Services

Also see the "Major Restorative Services" section.

Crown and bridge repairs - allowance based on the extent and nature of damage and the type of material involved. Limited to one time in any 12 consecutive month period.

Recementation

Inlay or onlay

Crown

Bridge

Adding teeth to partial dentures to replace extracted natural teeth

Denture repairs - Allowance based on the extent and nature of damage and on the type of materials involved. Limited to one time, per denture, in any 12 consecutive month period.

Denture repairs, metal

Denture repairs, acrylic

Denture repair, no teeth damaged

Denture repair, replace one or more broken teeth

Replacing one or more broken teeth, no other damage

Group III - Major Dental Services (Cont.)

(Non-Orthodontic)

Denture rebase, full or partial denture - limited to once per denture in any 24 consecutive month period. Denture rebases done within 6 months are considered to be part of the denture placement when the rebase is done by the *dentist* who furnished the denture. Limited to rebase done more than 6 consecutive months after the insertion of the denture.

Denture relines, full or partial denture - limited to once per denture in any 24 consecutive month period. Denture relines done within 6 months are considered to be part of the denture placement when the relines is done by the *dentist* who furnished the denture. Limited to relines done more than 6 consecutive months after a denture rebase or the insertion of the denture.

Denture adjustments - Denture adjustments done within 6 months are considered to be part of the denture placement when the adjustment is done by the *dentist* who furnished the denture. Limited to adjustments that are done more than 6 consecutive months after a denture rebase, denture relines or the initial insertion of the denture. Limited to once per denture in any 12 consecutive month period.

Tissue conditioning - Tissue conditioning done within 12 months is considered to be part of the denture placement when the tissue conditioning is done by the *dentist* who furnished the denture. Limited to a maximum of 1 treatment, per arch, in any 24 consecutive month period.

Diagnostic Services Cone beam imagining - limited to once every 5 years.

B498.0208-R

Group IV - Orthodontic Services

Orthodontic Services Any covered Group I, II or III service in connection with *orthodontic treatment*.

Transseptal fiberotomy

Surgical exposure of impacted or unerupted teeth in connection with *orthodontic treatment* - Allowance includes treatment and final radiographs, local anesthetics and post-surgical care.

Treatment *plan* and records, including initial, interim and final records.

Limited *orthodontic treatment*, Interceptive *orthodontic treatment* or Comprehensive *orthodontic treatment*, including fabrication and insertion of any and all fixed *appliances* and periodic visits.

Orthodontic retention, including any and all necessary fixed and removable *appliances* and related visits - limited to initial *appliance(s)* only.

B498.0071

CERTIFICATE AMENDMENT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of the any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Major Restorative Services are modified to provide that titanium or high noble metal (gold) is covered when used in a *dental prosthesis*.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

B531.0025

CERTIFICATE AMENDMENT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Major Restorative Services and Prosthodontic Services are modified to provide that Porcelain is covered for *anterior* and *posterior teeth*.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

B531.0027

CERTIFICATE AMENDMENT

Effective on the latter of (i) the original effective date of the Policy; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends the Dental Expense Insurance provisions of the Group Policy as follows:

The Exclusions are modified so that we will not pay for any service provided solely for cosmetic reasons. This includes, but is not limited to: (1) characterization and personalization of a *dental prosthesis*; (2) bleaching of discolored teeth; and (3) odontoplasty.

This rider is part of the Policy. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Policy.

B531.0033

COORDINATION OF BENEFITS

Important Notice This section applies to all group health benefits under this plan, if any. It does not apply to any death, dismemberment, or loss of income benefits that may be provided under this plan.

Purpose When a covered person has health care coverage under more than one plan, this section allows this plan to coordinate what it pays with what other plans pay. This is done so that the covered person does not collect more in benefits than he or she incurs in charges.

Definitions

Allowable Expense This term means any necessary, reasonable, and customary item of health care expense that is covered, at least in part, by any of the plans which cover the person. This includes: (a) deductibles; (b) coinsurance; and (c) copayments. When a plan provides benefits in the form of services, the reasonable cash value of each service will be considered an allowable expense and a benefit paid.

An expense or service that is not covered by any of the plans is **not** an allowable expense. Examples of other expenses or services that are **not** allowable expenses are:

- (1) If a person is confined in a private hospital room, the difference between the cost of a semi-private room in the hospital and the private room is **not** an allowable expense. This does not apply if: (a) the stay in the private room is medically necessary in terms of generally accepted medical practice; or (b) one of the plans routinely provides coverage for private hospital rooms.
- (2) The amount a benefit is reduced by the primary plan because a person does not comply with the plan's provisions is **not** an allowable expense. Examples of these provisions are: (a) precertification of admissions and procedures; (b) continued stay reviews; and (c) preferred provider arrangements.
- (3) If a person is covered by two or more plans that compute their benefit payments on the basis of reasonable and customary charges, any amount in excess of the primary plan's reasonable and customary charges for a specific benefit is **not** an allowable expense.
- (4) If a person is covered by two or more plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the primary plan's negotiated fees for a specific benefit is **not** an allowable expense.

If a person is covered by one plan that computes its benefits or services on the basis of reasonable and customary charges and another plan that provides its benefits or services on the basis of negotiated fees, the primary plan's payment arrangements will be the allowable expense for all plans.

Claim This term means a request that benefits of a plan be provided or paid.

Definitions (Cont.)

- Claim Determination Period** This term means a calendar year. It does not include any part of a year during which a person has no coverage under this plan, or before the date this section takes effect.
- Closed Panel Plan** This term means a health maintenance organization (HMO), preferred provider organization (PPO), exclusive provider organization (EPO), or other plan that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the plan; and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- Coordination Of Benefits** This term means a provision which determines an order in which plans pay their benefits, and which permits secondary plans to reduce their benefits so that the combined benefits of all plans do not exceed total allowable expenses.
- Custodial Parent** This term means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.
- Group-Type Contracts** This term means contracts: (a) which are not available to the general public; and (b) can be obtained and maintained only because of membership in or connection with a particular organization or group. This includes, but is not limited to, franchise and blanket coverage.
- Hospital Indemnity Benefits** This term means benefits that are not related to expenses incurred. This term does not include reimbursement-type benefits even if they are designed or administered to give the insured the right to elect indemnity-type benefits at the time of claim.
- Plan** This term means any of the following that provides benefits or services for health care or treatment: (1) group insurance; (2) closed panel or other forms of group or group-type coverage, whether insured or uninsured; (3) group-type contracts; (4) amounts of group or group-type hospital indemnity benefits in excess of \$200.00 per day; (5) medical components of group long-term care contracts such as skilled nursing care; (6) medical benefits under group or individual automobile contracts; and (7) governmental benefits, except Medicare, as permitted by law.
- This term does not include: (a) individual or family insurance; (b) closed panel or other individual coverage, except for group-type coverage; (c) amounts of group or group-type hospital indemnity benefits of \$200.00 or less per day; (d) school accident type coverage; (e) benefits for non-medical components of group long-term care policies; or (f) Medicare, Medicare supplement policies, Medicaid, and coverage under other governmental plans, unless permitted by law.
- This term also does not include any plan that this plan supplements. Plans that this plan supplements are named in the benefit description.
- Each type of coverage listed above is treated separately. If a plan has two parts and coordination of benefits applies only to one of the two, each of the parts is treated separately.

Primary Plan This term means a plan that pays first without regard that another plan may cover some expenses. A plan is a primary plan if either of the following is true: (1) the plan either has no order of benefit determination rules, or its rules differ from those explained in this section; or (2) all plans that cover the person use the order of benefit determination rules explained in this section, and under those rules the plan pays its benefits first.

Secondary Plan This term means a plan that is not a primary plan.

This Plan This term means the group health benefits provided under this group plan.

B550.0087

Order Of Benefit Determination

The primary plan pays or provides its benefits as if the secondary plan or plans did not exist.

A plan may consider the benefits paid or provided by another plan to determine its benefits only when it is secondary to that other plan. If a person is covered by more than one secondary plan, the rules explained below decide the order in which secondary plan benefits are determined in relation to each other.

A plan that does not contain a coordination of benefits provision is always primary.

This Plan always pays secondary to any motor vehicle policy available to a covered person, including any medpay, PIP, No Fault or any plan or program which is required by law. All covered persons should review their automobile insurance policy and ensure that uncoordinated medical benefits have been chosen so that the automobile insurance policy is the primary payer. When all plans have coordination of benefits provisions, the rules to determine the order of payment are listed below. The first of the rules that applies is the rule to use.

Non-Dependent Or Dependent The plan that covers the person other than as a dependent (for example, as an employee, member, subscriber, or retiree) is primary. The plan that covers the person as a dependent is secondary.

But, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the plan that covers the person as a dependent; and primary to the plan that covers the person other than as a dependent (for example, as a retiree); then the order of payment between the two plans is reversed. In that case, the plan that covers the person as an employee, member, subscriber, or retiree is secondary and the other plan is primary.

Child Covered Under More Than One Plan The order of benefit determination when a child is covered by more than one plan is:

Order Of Benefit Determination (Cont.)

- (1) If the parents are married, or are not separated (whether or not they ever have been married), or a court decree awards joint custody without specifying that one party must provide health care coverage, the plan of the parent whose birthday is earlier in the year is primary. If both parents have the same birthday, the plan that covered either of the parents longer is primary. If a plan does not have this birthday rule, then that plan's coordination of benefits provision will determine which plan is primary.
- (2) If the specific terms of a court decree state that one of the parents must provide health care coverage and the plan of the parent has actual knowledge of those terms, that plan is primary. This rule applies to claim determination periods that start after the plan is given notice of the court decree.
- (3) In the absence of a court decree, if the parents are not married, or are separated (whether or not they ever have been married), or are divorced, the order of benefit determination is: (a) the plan of the custodial parent; (b) the plan of the spouse of the custodial parent; (c) the plan of the noncustodial parent; and (d) the plan of the spouse of the noncustodial parent.

Active Or Inactive Employee The plan that covers a person as an active employee, or as that person's dependent, is primary. An active employee is one who is neither laid off nor retired. The plan that covers a person as a laid off or retired employee, or as that person's dependent, is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Continuation Coverage The plan that covers a person as an active employee, member, subscriber, or retired employee, or as that person's dependent, is primary. The plan that covers a person under a right of continuation provided by federal or state law is secondary. If a plan does not have this rule and as a result the plans do not agree on the order of benefit determination, this rule is ignored.

Length Of Coverage The plan that covered the person longer is primary.

Other If the above rules do not determine the primary plan, the allowable expenses will be shared equally between the plans that meet the definition of plan under this section. But, this plan will not pay more than it would have had it been the primary plan.

B550.0088

Effect On The Benefits Of This Plan

When This Plan Is Primary When this plan is primary, its benefits are determined before those of any other plan and without considering any other plan's benefits.

When This Plan Is Secondary When this plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all plans during a claim determination period are not more than 100% of total allowable expenses.

Effect On The Benefits Of This Plan (Cont.)

Closed Panel Plans If the primary plan is a closed panel plan and the secondary plan is not a closed panel plan, the secondary plan will pay or provide benefits as if it were primary when a covered person uses a non-panel provider; except for emergency services or authorized referrals that are paid or provided by the primary plan.

A person may be covered by two or more closed panel plans. If, for any reason including the provision of service by a non-panel provider, benefits are not payable by one closed panel plan, coordination of benefits will not apply between that plan and other closed panel plans.

Right To Receive And Release Needed Information

Certain facts about health care coverage and services are needed to apply these rules and to determine benefits payable under this plan and other plans. This plan may get the facts it needs from, or give them to, other organizations or persons to apply these rules and determine benefits payable under this plan and other plans which cover the person claiming benefits. This plan need not tell, or get the consent of, any person to do this. Each person claiming benefits under this plan must provide any facts it needs to apply these rules and determine benefits payable.

Facility Of Payment

A payment made under another plan may include an amount that should have been paid by this plan. If it does, this plan may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this plan. This plan will not have to pay that amount again.

As used here, the term "payment made" includes the reasonable cash value of any benefits provided in the form of services.

Right Of Recovery

If the amount of the payments made by this plan is more than it should have paid under this section, it may recover the excess: (a) from one or more of the persons it has paid or for whom it has paid; or (b) from any other person or organization that may be responsible for benefits or services provided for the covered person.

As used here, the term "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

B550.0089

SUBROGATION AND RIGHT OF RECOVERY

Notice This section applies to any health care or loss of earnings benefits under this plan.

Purpose When a covered person has the right to recover amounts paid by this plan for health care or loss of earnings benefits, this plan also has certain rights. These are explained below.

Definitions As used in this section, the terms listed below have the meanings shown below:

- **Covered Person:** This term means any employee or dependent on whose behalf this plan pays health care or loss of earnings benefits. It includes the parent or guardian of any such covered employee or dependent who is a minor or incompetent.
- **Health Care:** This term means any: (a) major medical; (b) prescription drug; (c) dental; or (d) vision benefits.
- **Insurance Coverage:** This term means any insurance which provides coverage for: (a) medical expense payments; or (b) liability. This includes, but is not limited to: (i) uninsured motorist coverage; (ii) underinsured motorist coverage; (iii) personal umbrella coverage; (iv) medical payments coverage; (v) workers compensation coverage; (vi) no-fault automobile insurance coverage; or (vii) any first party insurance.
- **Third Party:** This term means any party actually, possibly, or potentially responsible for making any payment to a covered person due to the covered person's injury, sickness or condition. This term also means such party's: (a) the liability insurer; or (b) any insurance coverage. But, this term does not mean: (i) this plan; or (ii) the covered person.

Subrogation When this plan pays a benefit, it will immediately be subrogated to the covered person's rights of recovery from any third party to the full extent of benefits paid.

Recovery If a covered person receives a payment from any third party or insurance coverage due to an injury, sickness or condition, this plan has the right to recover from, and be repaid by, the covered person for all amounts this plan has paid and will pay due to that injury, sickness or condition, from such payment, up to and including the full amount he or she receives from any third party or insurance coverage.

Constructive Trust The covered person must serve as a constructive trustee over the funds that constitute payment from any third party or insurance coverage due to his or her injury, sickness or condition. This is the case whether the payment of benefits from the plan is: (a) made to the covered person; or (b) made on his or her behalf to any provider. If the covered person fails to hold such funds in trust, it will be deemed a breach of his or her fiduciary duty to the plan.

Lien Rights This plan will have a lien to the extent of benefits this plan paid due to the covered person's injury, sickness or condition for which the third party is liable. The lien will be imposed on any recovery, whether by settlement, judgement, or otherwise, including from any insurance coverage, that a covered person receives due to his or her injury, sickness or condition. The lien may be enforced against any party who holds funds or proceeds which represent the amount of benefits paid by this plan. This includes, but is not limited to: (a) the covered person; (b) the covered person's representative or agent; (c) the third party; (d) the third party's insurer, representative or agent; and (e) any other source who holds such funds.

First Priority Claim This plan's recovery rights are a first priority claim against all third parties or insurance coverage and are to be paid to the plan before any other claim for the covered person's damages. This is the case whether the payment of benefits from the plan is: (a) made to the covered person; or (b) made on his or her behalf to any provider. This plan will be entitled to full repayment on a first dollar basis from any third party's or insurance coverage's payments, even if such payment to the plan will result in a recovery to the covered person which is not sufficient: (i) to make him or her whole; or (ii) to compensate him or her in part or in whole for the damages sustained. This plan is not required to participate in or pay court costs or attorney fees to the attorney hired by the covered person to pursue his or her damage claim.

Applicable To All Settlements And Judgements This plan is entitled to full recovery regardless of whether: (a) any liability for payment is admitted by a third party; or (b) the settlement or judgement received by the covered person identifies the benefits the plan paid. This plan is entitled to recover from any and all settlements or judgements, even those designated as: (i) pain and suffering; or (ii) non-economic damages only.

Cooperation The covered person must fully cooperate with this plan's efforts to recover the benefits it paid. He or she must notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of his or her intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, sickness or condition sustained by him or her. He or she, and his or her agents, must provide all information requested by the plan or its representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as the plan or its representative may reasonably request. Failure to do this may result in the termination of benefits or the instigation of legal action against him or her.

The covered person must do nothing: (a) to prejudice this plan's rights as described in this section; or (b) to prejudice the plan's ability to enforce the terms of this section. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this plan. Failure to assist the plan in pursuit of its subrogation rights or failure to reimburse the plan from any settlement or recovery obtained by the covered person may result in the termination of benefits or the instigation of legal action against him or her.

The plan or its representative has the right to conduct an investigation regarding the injury, sickness or condition to identify any third party. The plan reserves the right to notify the third party and his or her agents of this plan's lien. Agents include, but are not limited to: (a) insurance companies; and (b) attorneys.

Interpretation In the event that any claim is made that any part of this section is ambiguous, or questions arise as to the meaning or intent of any of its terms, the plan has the sole authority and discretion to resolve all disputes regarding the interpretation of this section.

Jurisdiction Any legal action or proceeding with respect to this section may be brought in any court of competent jurisdiction as the plan may choose. The covered person must submit to each such jurisdiction and waive whatever rights may correspond to him or her by reason of his or her present or future domicile.

B600.0012

GLOSSARY

This Glossary defines the italicized terms appearing in your booklet.

B900.0118

Active Orthodontic means an *appliance*, like a fixed or removable appliance, braces or a functional orthotic used for orthodontic treatment to move teeth or reposition the jaw.

B750.0663

Anterior Teeth means the incisor and cuspid teeth. The teeth are located in front of the bicuspids (pre-molars).

B750.0664

Appliance means any dental device other than a *dental prosthesis*.

B750.0665

Benefit Year means a 12 month period which starts on January 1st and ends on December 31st of each year.

B750.0666

Covered Dental Specialty means any group of procedures which falls under one of the following categories, whether performed by a specialist *dentist* or a general *dentist*: restorative/prosthetic services; endodontic services, periodontic services, oral surgery and pedodontics.

B750.0667

Covered Family means an employee and those of his or her dependents who are covered by this *plan*.

B750.0668

Covered Person means an employee or any of his or her covered dependents.

B750.0669

Dental Prosthesis means a restorative service which is used to replace one or more missing or lost teeth and associated tooth structures. It includes all types of abutment crowns, inlays and onlays, bridge pontics, complete and immediate dentures, partial dentures and unilateral partials. It also includes all types of crowns, veneers, inlays, onlays, implants and posts and cores.

B750.0670

Dentist means any dental or medical practitioner we are required by law to recognize who: (a) is properly licensed or certified under the laws of the state where he or she practices; and (b) provides services which are within the scope of his or her license or certificate and covered by this *plan*.

B750.0671

Eligibility Date for dependent coverage is the earliest date on which: (a) you have initial dependents; and (b) are eligible for dependent coverage.

B900.0003

Glossary (Cont.)

Eligible Dependent	is defined in the provision entitled "Dependent Coverage."	B750.0015
Emergency Treatment	means bona fide emergency services which: (a) are reasonably necessary to relieve the sudden onset of severe pain, fever, swelling, serious bleeding, severe discomfort, or to prevent the imminent loss of teeth; and (b) are covered by this <i>plan</i> .	B750.0672
Employee	means a person who works for the <i>employer</i> at the <i>employer's</i> place of business, and whose income is reported for tax purposes using a W-2 form.	B750.0006
Employer	means POWELL INDUSTRIES, INC. .	B900.0051
Enrollment Period	with respect to dependent coverage, means the 31 day period which starts on the date that you first become eligible for dependent coverage.	B900.0004
Full-time	means the <i>employee</i> regularly works at least the number of hours in the normal work week set by the <i>employer</i> (but not less than 20 hours per week), at his <i>employer's</i> place of business.	B750.0230
Initial Dependents	means those <i>eligible dependents</i> you have at the time you first become eligible for <i>employee</i> coverage. If at this time you do not have any <i>eligible dependents</i> , but you later acquire them, the first <i>eligible dependents</i> you acquire are your <i>initial dependents</i> .	B900.0006
Injury	means all damage to a <i>covered person's</i> mouth due to an accident which occurred while he or she is covered by this <i>plan</i> , and all complications arising from that damage. But the term <i>injury</i> does not include damage to teeth, <i>appliances</i> or <i>dental prostheses</i> which results solely from chewing or biting food or other substances.	B750.0673
Newly Acquired Dependent	means an <i>eligible dependent</i> you acquire after you already have coverage in force for <i>initial dependents</i> .	B900.0008
Orthodontic Treatment	means the movement of one or more teeth by the use of <i>active appliances</i> . it includes: (a) treatment plan and records, including initial, interim and final records; (b) periodic visits, limited orthodontic treatment, interceptive orthodontic treatment and comprehensive orthodontic treatment, including fabrication and insertion of any and all fixed appliances; (c) orthodontic retention, including any and all necessary fixed and removable appliances and related visits.	B750.0675

Glossary (Cont.)

Payment Limit	means the maximum amount this <i>plan</i> pays for covered services during either a <i>benefit year</i> or a <i>covered person's</i> lifetime, as applicable.	B750.0676
Payment Rate	means the percentage rate that this <i>plan</i> pays for covered services.	B750.0677
Posterior Teeth	means the bicuspid (pre-molars) and molar teeth. These are the teeth located behind the cuspids.	B750.0679
Plan	means the Guardian group dental plan purchased by the planholder.	B750.0678
Prior Plan	means the planholder's plan or policy of group dental insurance which was in force immediately prior to this <i>plan</i> . To be considered a prior plan, this <i>plan</i> must start immediately after the prior coverage ends.	B750.0681
Proof Of Claim	means dental radiographs, study models, periodontal charting, written narrative or any documentation that may validate the necessity of the proposed treatment.	B750.0682
We, Us, Our And Guardian	mean The Guardian Life Insurance Company of America.	B750.0683

SUMMARY PLAN DESCRIPTION SUPPLEMENT TO CERTIFICATE

You participate in a single employer insured Welfare Plan. This supplement and your certificate of insurance constitute the Summary Plan Description as required by the Employee Retirement Income Security Act of 1974 (ERISA). This supplement should be retained with your certificate.

In the event there is a conflict between the Dental Certificate of Coverage (booklet) and Plan Document (our wrap plan), the Plan Document will supersede.

● **Name of Plan:**

- The following class or classes of full-time and part-time regularly scheduled to work at least 20 hour per week are eligible for coverage:

Class 0001

Class 0002

ALL REGULAR ACTIVE SEMI-MONTHLY PAID EMPLOYEES

ALL REGULAR ACTIVE WEEKLY PAID EMPLOYEES

provided they have completed the service waiting period established by the employer, if any. Qualified dependents of these employees may also be eligible for insurance. (Your certificate provides details).

B800.0047-R

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. You should review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement Of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Statement of Erisa Rights (Cont.)

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Qualified Medical Child Support Order

Federal law requires that group health plans provide medical care coverage of a dependent child pursuant to a qualified medical child support order (QMCSO). A "qualified medical child support order" is a judgment or decree issued by a state court that requires a group medical plan to provide coverage to the named dependent child(ren) of an employee pursuant to a state domestic relations order. For the order to be qualified it must include:

- The name of the group health plan to which it applies.
- The name and last known address of the employee and the child(ren).
- A reasonable description of the type of coverage or benefits to be provided by the plan to the child(ren).
- The time period to which the order applies.

A dependent enrolled due to a QMCSO will not be considered a late enrollee in the plan.

Note: A QMCSO cannot require a group health plan to provide any type or form of benefit or option not otherwise available under the plan except to the extent necessary to meet medical child support laws described in Section 90 of the Social Security Act.

If you have questions about this statement, see the plan administrator.

The Guardian's Responsibilities

B800.0048

The dental expense benefits provided by this plan are funded solely by the employer. The benefits **are not** guaranteed by a policy of insurance issued by Guardian. Guardian does supply administrative services, such as claims services, including the payment of claims, preparation of employee benefit booklets, and changes to such benefit booklets.

B800.0064

The Guardian is located at 7 Hanover Square, New York, New York 10004.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Administrator with respect to processing claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

The Plan Administrator has discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims.

In addition to the basic claim procedure explained in your benefit booklet, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA")

Definitions "Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit. A failure to cover an item or service: (a) due to the application of any utilization review; or (b) because the item or service is determined to be experimental or investigational, or not medically necessary or appropriate, is also considered an adverse determination.

"Group Health Benefits" means any dental, out-of-network point-of-service medical, major medical, vision care or prescription drug coverages which are a part of this plan.

"Pre-service claim" means a claim for a medical care benefit with respect to which the plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of receipt of care.

"Post-service claim" means a claim for payment for medical care that already has been provided.

"Urgent care claim" means a claim for medical care or treatment where making a non-urgent care decision: (a) could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, as determined by an individual acting on behalf of the plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine; or (b) in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care.

Note: Any claim that a physician with knowledge of the claimant's medical condition determines is a claim involving urgent care will be treated as an urgent care claim for purposes of this section.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Urgent Care Claims. Guardian will make a benefit determination within 72 hours after receipt of an urgent care claim.

Group Health Benefits Claims Procedure (Cont.)

If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 24 hours after receipt of the claim. The claimant will be given not less than 48 hours to provide the specified information.

Guardian will notify the claimant of the benefit determination as soon as possible but not later than the earlier of:

- the date the requested information is received; or
- the end of the period given to the claimant to provide the specified additional information.

The required notice may be provided to the claimant orally within the required time frame provided that a written or electronic notification is furnished to the claimant not later than 3 days after the oral notification.

Pre-Service Claims. Guardian will provide a benefit determination not later than 15 days after receipt of a pre-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 5 days after receipt of the claim. A notification of a failure to follow proper procedures for pre-service claims may be oral, unless a written notification is requested by the claimant.

The time period for providing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 15-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Post-Service Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a post-service claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Group Health Benefits Claims Procedure (Cont.)

Concurrent Care Decisions. A reduction or termination of an approved ongoing course of treatment (other than by plan amendment or termination) will be regarded as an adverse benefit determination. This is true whether the treatment is to be provided(a) over a period of time; (b) for a certain number of treatments; or (c) without a finite end date. Guardian will notify a claimant at a time sufficiently in advance of the reduction or termination to allow the claimant to appeal.

In the case of a request by a claimant to extend an ongoing course of treatment involving urgent care, Guardian will make a benefit determination as soon as possible but no later than 24 hours after receipt of the claim.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;
- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request;
- in the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request; and
- in the case of an urgent care adverse determination, a description of the expedited review process.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

A request for an appeal of an adverse benefit determination involving an urgent care claim may be submitted orally or in writing. Necessary information and communication regarding an urgent care claim may be sent to Guardian by telephone, facsimile or similar expeditious manner.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and

Group Health Benefits Claims Procedure (Cont.)

- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Urgent Care Claims. Guardian will notify the claimant of its decision as soon as possible but not later than 72 hours after receipt of the request for review of the adverse determination.

Pre-Service Claims. Guardian will notify the claimant of its decision not later than 30 days after receipt of the request for review of the adverse determination.

Post-Service Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination.

Alternative Dispute Options

The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.
