

# 7-Port USB 3.0 Hub with Built-in Cable

Add seven USB 3.0 (5Gbps) ports to your Computer with an extended-length cable

Model No.: U3HUB-7A-M1

Version: v1.5

| 7-Port HUB | USB-C Charging | USB3.2 Gen1 | USB3.0 Type A | U3HUB-7A-M1 |

The flykantech.com U3HUB-7A-M1 USB Hub features seven USB-A 3.2 Gen 1 (5Gbps) ports, significantly expanding the connectivity options for desktops or laptops with a USB-A interface. This hub connects directly to a computer's USB-A port using its integrated host cable and is fully compatible with USB 2.0 (480Mbps) devices. It supports a wide range of both contemporary and legacy USB peripherals, including flash drives, external hard drives/SSDs, HD cameras, mice, keyboards, webcams, and audio headsets.

The hub's compact design makes it ideal for travel. It includes a built-in USB cable for easy packing and a sturdy aluminum casing for protection against damage. Its small size is perfect for saving desk space, making it great for hot-desking or BYOD environments. Additionally, the hub features a USB-C port (non-PD) for convenient charging on the go.

## Applications

- Carry the hub with you while you're traveling, and connect your USB devices wherever you go
- Deploy at home, in the office, or in hot-desk environments to provide USB hub access for multiple devices
- Make hard-to-reach USB ports more accessible

## Features

- 7 x USB 3.0 ports (up to 5Gbps throughput)
  - With extra USB-C Power Supply Port for USB Devices
  - Backwards compatible with USB 2.0/1.1 devices
  - USB bus-powered and features a built-in cable
  - No additional drivers or software required
  - OS Compatibility - Windows, Mac, Chrome OS, Linux
- \*\*\* The USB-C is not a PD design \*\*\*

## Specifications

AHost Connector	1 x USB3.0 Type-A (Male)
Connector(s)	7 x USB3.0 Type-A (Female)
	1 x USB-C Interfaced Power Supply
Type and Rate	USB3.2 Gen 1 - 5Gbps
Power Source	USB-C Powered (PSU is optional)
Material	Metal + ABS
Color	Black
Product Dimension	7.30x1.30x0.50mm
Product Weight	abt. 30g
Cable Length	abt. 50cm
<b>System and Cable Requirements</b>	
Available USB Type-A port - USB 3.0 (5Gbps)	

1. USB scanners, multifunction devices with built-in scanners, and USB devices that are sensitive to USB recognition may not function properly when connected through a USB hub.

2. Wireless devices operating at 2.4GHz or Bluetooth devices (such as keyboards and mice) may not function correctly when connected to a USB 3.1 port. In such cases, please connect them to a USB 2.0 port or use a USB 2.0 hub for connection.
