**Section 1. Product and Company Identification**

**Product Name** Stanazolol  
**Product ID** S7701  
**Chemical Name (Synonyms)** Strombia; Strombaject; Winstrol  
**Supplier** LKT Laboratories, Inc  
545 Phalen Blvd.  
St. Paul, MN 55130 USA  
Ph: 651-644-8424 Fax: 651-644-8357  
www.lktlabs.com - getinfo@lktlabs.com  
**Emergency Phone #** 1-800-424-9300

---

**Section 2. Hazards Identification**

**GHS Classification** Reproductive toxicity (Category 2), H361

**GHS Label elements including precautionary statements**

**Pictogram**

**Signal word** Warning

**Hazard and precautionary statements**

**Hazard statement**

H361 - Suspected of damaging fertility or the unborn child.

**Precautionary statements**

P201 - Obtain special instructions before use.  
P202 - Do not handle until all safety precautions have been read and understood.  
P281 - Use personal protective equipment as required.  
P308 + P313 - IF exposed or concerned: Get medical advice/ attention.  
P405 - Store locked up.  
P501 - Dispose of contents/ container to an approved waste disposal plant.

**HMIS Classification**

Health hazard: 0  
Chronic health hazard: \*  
Flammability: 0  
Physical hazard: 0

**NFPA Rating**

Health hazard: 0  
Fire hazard: 0  
Reactivity hazard: 0

**Potential Health Effects**

This compound is an androgenic steroid similar to testosterone which is a carcinogen and should be handled as if capable of the same hazards. Exposure during pregnancy may cause masculinization of the fetus.

---

### Section 3. Composition/Information on Ingredients

#### Substances

**Formula** C<sub>21</sub>H<sub>32</sub>N<sub>2</sub>O  
**CAS No.** 10418-03-8

**Formula Wt.** 328.49  
**EC No.** 233-894-8

---

### Section 4. First Aid Measures

**General advice** Consult a physician. Show this safety data sheet to the doctor in attendance. Move out of dangerous area.

**Eye Contact** Flush eyes with water as a precaution.

**Skin Contact** Wash off with soap and plenty of water. Consult a physician.

**Inhalation** If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

**Ingestion** Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

---

### Section 5 . Firefighting Measures

**Flash Point** Not available.

**Extinguishing Media** Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Firefighting Procedures** Wear self-contained breathing apparatus and protective clothing for fire fighting if necessary.

**Unusual Fire Hazards** Carbon oxides, nitrogen oxides (NO<sub>x</sub>).

---

### Section 6. Accidental Release Measures

**Personal Precautions** Use personal protective equipment. Avoid dust formation. Avoid breathing dust, vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

**Environmental Precautions** Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

**Methods and materials for containment and cleanup** Pick up and arrange disposal without creating dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

---

### Section 7. Handling and Storage

**Handling** Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust ventilation at places where dust is formed.

**Storage Conditions** Keep container tightly closed in a dry and well-ventilated place.

**Hazardous Decomposition Products** Not available.

**Other Remarks**

---

## Section 8. Exposure Controls/Personal Protection

### Personal protective equipment EXPOSURE CONTROLS

Contains no substances with occupational exposure limit values.  
Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

#### PERSONAL PROTECTION

**Eye/face protection:** Safety glasses with side-shields conforming to EN 166. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN166 (EU).

**Skin protection:** Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

**Body protection:** Impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

**Respiratory protection:** Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

---

## Section 9. Physical and Chemical Properties

|   |   |                                 |                       |
|---|---|---------------------------------|-----------------------|
| <b>Physical State</b>                         | Powder.   | <b>Color</b>                    | White crystal powder. |
| <b>Boiling Point</b>                          | Not available.  | <b>Volatility</b>               | Not available.        |
| <b>Melting Point</b>                          | 229.8°C-242°C   | <b>Density</b>                  | Not available.        |
| <b>Solubility</b>                             | Slightly soluble in water (1 mg/mL). Soluble in ethanol (24 mg/mL). | <b>pH</b>                       | Not available.        |
| <b>Flash Point</b>                            | Not available.  | <b>Ignition temperature</b>     | Not available.        |
| <b>Lower explosion limit</b>                  | Not available.  | <b>Autoignition temperature</b> | Not available.        |
| <b>Upper explosion limit</b>                  | Not available.  | <b>Vapor pressure</b>           | Not available.        |
| <b>Water solubility</b>                       | Slightly soluble in water (1mg/mL).                                 | <b>Odor</b>                     | Not available.        |
| <b>Partition coefficient: n-octanol/water</b> | Not available.  | <b>Odor Threshold</b>           | Not available.        |
| <b>Relative vapor density</b>                 | Not available.  | <b>Evaporation rate</b>         | Not available.        |

---

## Section 10. Stability and Reactivity

**Stability** Stable under recommended storage conditions.

**Materials To Avoid** Strong oxidizing agents.

**Hazardous Decomposition Products** Not available.

**Possibility of hazardous reactions** Not available.

**Conditions to avoid** Not available.

---

## Section 11. Toxicological Information

**Oral LD50** Not available.

**Skin corrosion/irritation** Not available.

**Inhalation LC50** Not available.

**Serious eye damage/irritation** Not available.

**Dermal LD50** Not available.

**Respiratory or skin sensitization** Not available.

**Other information on acute toxicity** Not available.

**Germ cell mutagenicity** Not available.

**Reproductive Toxicity** Possible risk of congenital malformation in the fetus. Suspected human reproductive toxicant.

**Aspiration Hazard** Not available.

**Specific organ toxicity single exposure (GHS)** Not available.

**Synergistic effects** Not available.

**Specific organ toxicity repeated exposure (GHS)** Not available.

**Additional Information** RTECS: BV8741000  
To the best of our knowledge, the chemical, physical and toxicological properties have not been thoroughly investigated.

**Teratogenicity** Not available.

**Signs and symptoms of exposure** Stomach - Irregularities - Based on Human Evidence

**Potential Health Effects** This compound is an androgenic steroid similar to testosterone which is a carcinogen and should be handled as if capable of the same hazards. Exposure during pregnancy may cause masculinization of the fetus.

**Carcinogenicity** Some steroids show carcinogenic and teratogenic activity.  
**IARC:** No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by IARC.  
**ACGIH:** No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH  
**NTP:** No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.  
**OSHA:** No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

---

## Section 12. Ecological Information

**Toxicity** Not available.

**Mobility in soil** Not available.

**PBT and vPvB assessment** PBT/vPvB assessment not available as chemical safety assessment not required/not

conducted.

**Persistence and degradability** Not available.

**Other adverse effects** Not available.

**Bioaccumulative potential** Not available.

---

### Section 13. Disposal Considerations

**Waste Disposal** Dispose of material according to all federal, state and local regulations. Offer material to a licensed, professional waste disposal company. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Dispose of as unused product.

---

### Section 14. Transport Information

**DOT (US)** Not dangerous goods.

**IATA** Not dangerous goods.

**IMDG** Not dangerous goods.

#### Further Information

---

### Section 15. Regulatory Information

**Reach No.**

**SARA 302 Components** No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313 Components** This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**SARA 311/312 Components** Chronic health hazard

**Massachusetts Right To Know Components** No components are subject to the Massachusetts Right to Know Act.

**Pennsylvania Right To Know Components** Stanazolol CAS-No. 10418-03-8 Revision Date:

**New Jersey Right To Know Components** Stanazolol CAS-No. 10418-03-8 Revision Date:

**California Prop 65 Components** WARNING! This product contains a chemical known to the State of California to cause cancer. Stanazolol CAS-No. 10418-03-8 Revision Date: 2007-09-28

---

### Section 16. Other Information

**Other information** The information in this document is believed to be correct but is not necessarily complete. LKT does not guarantee the accuracy of the information. The burden of verifying the information in this document rests solely upon the user.
