Section 2. Hazards Identification

GHS Classification
- Acute toxicity, Oral (Category 4) H302
- Skin corrosion/irritation (Category 2) H315
- Serious eye damage/eye irritation (Category 2A) H319
- Carcinogenicity (Category 1B) H350
- Specific target organ toxicity (single exposure) (Category 3), Organs H371

GHS Label elements including precautionary statements

</table>

HMIS Classification
- Health Hazard: 0
- Chronic health hazard: 0
- Flammability: 1
- Physical Hazard: 0

NFPA Rating
- Health Hazard: 0
- Flammability hazard: 1
- Reactivity hazard: 0

Potential Health Effects
- Inhalation: May be harmful if inhaled. May cause respiratory tract irritation. May cause drowsiness or dizziness. |
- Skin: May be harmful if absorbed through skin. Causes skin irritation. |
- Eyes: Causes serious eye irritation.
Ingestion: Acute toxicity. Harmful if swallowed.
Carcinogenicity: May cause cancer. Specific target organ toxicity: May cause damage to organs.

Section 4. First Aid Measures

**General advice**
If symptoms persist, call a physician.

**Eye Contact**
Rinse immediately with plenty of water, also under the eyelids. After initial flushing, remove contact lenses if present and continue to flush for at least 15 minutes more. Keep eye wide open while rinsing.

**Skin Contact**
Wash with soap and water for 15 minutes and seek medical attention immediately. Wash contaminated clothing before use.

**Inhalation**
Remove from exposure and provide respiration support if necessary. Seek medical attention.

**Ingestion**
Rinse mouth with water. Do not induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Contact a physician or poison control immediately.

Section 5. Firefighting Measures

**Flash Point**
Not available.

**Extinguishing Media**
Use a water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

**Firefighting Procedures**
Wear self-contained breathing apparatus and protective clothing for firefighting if necessary.

**Unusual Fire Hazards**
Not available.

Section 6. Accidental Release Measures

**Personal Precautions**
Use personal protective equipment. Avoid dust formation. Avoid breathing dust, vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

**Environmental Precautions**
Do not let product enter drains.

**Methods and materials for containment and cleanup**
Sweep up and shovel. Keep product in a suitable, closed container for disposal. Absorb spill onto diatomaceous earth and cover with sodium carbonate. Ventilate the area and wash spill site after material has been removed.

Section 7. Handling and Storage

**Handling**
Wear gloves, goggles and lab coat when handling this material. Provide appropriate exhaust ventilation at places where dust is formed. Wash thoroughly after handling material.

**Storage Conditions**
Keep container tightly closed in a dry and well-ventilated place.
Recommended storage temperature: Store at -80°C

**Hazardous Decomposition Products**
Carbon oxides, hydrogen sulfide.

**Other Remarks**
Synthetic. This product is extremely heat sensitive. KEEP COLD. This product ships with dry ice.
Section 8. Exposure Controls/Personal Protection

Personal protective equipment
EXPOSURE CONTROLS: Contains no substances with occupational exposure limit values. Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

PERSONAL PROTECTION:
Eye Protection: Face shield and safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).

Hand Protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove’s outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Skin and Body Protection: Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory Protection: Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

</tbody>
</table>

Section 10. Stability and Reactivity

Stability
Must be kept cold, unstable at room temperature.

Materials To Avoid
Strong oxidizing agents.

Hazardous Decomposition Products
Carbon oxides, hydrogen sulfide.
Section 11. Toxicological Information

**Oral LD50**
Not available.

**Inhalation LC50**
Not available.

**Dermal LD50**
Subcutaneous (mouse) LD50: 120mg/kg

**Other information on acute toxicity**
Not available.

**Skin corrosion/irritation**
Not available.

**Serious eye damage/irritation**
Not available.

**Respiratory or skin sensitization**
Not available.

**Germ cell mutagenicity**
Not available.

**Carcinogenicity**
IARC:
No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible, or confirmed human carcinogen by IARC.

ACGIH:
No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

NTP:
No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA:
No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**Reproductive Toxicity**
Not available.

**Teratogenicity**
Not available.

**Specific organ toxicity**

- **single exposure (GHS)**: Not available.
- **repeated exposure (GHS)**: Not available.

**Additional Information**
Not available.

**Synergistic effects**
Not available.

**Aspiration Hazard**
Not available.

**Signs and symptoms of exposure**
Chemical physical, and toxicological properties have not been thoroughly investigated.

**Potential Health Effects**
Inhalation: May be harmful if inhaled. May cause respiratory tract irritation. May cause drowsiness or dizziness.

Skin: May be harmful if absorbed through skin. Causes skin irritation.

Eyes: Causes serious eye irritation.

Ingestion: Acute toxicity. Harmful if swallowed.

Carcinogenicity: May cause cancer.

Specific target organ toxicity: May cause damage to organs.

Section 12. Ecological Information

**Toxicity**
Not available.

**Mobility in soil**
Not available.

**PBT and vPvB assessment**
PBT/vPvB assessment not available as chemical safety assessment not required/ not
Persistence and degradability  Not available.

Bioaccumulative potential  Not available.

Section 13. Disposal Considerations

**Waste Disposal**

Dispose of material according to all federal, state, and local regulations. Offer material to a licensed, professional waste disposal company to dispose of as unused product.

Section 14. Transport Information

**DOT (US)**  Not dangerous goods.

**IATA**  Not dangerous goods.

**IMDG**  Not dangerous goods.

Further Information

Section 15. Regulatory Information

**Reach No.**

**SARA 302 Components**  SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title II, Section 302.

**SARA 313 Components**  SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**SARA 311/312 Components**  Acute health hazard.

**Massachusetts Right To Know Components**  No components are subject to the Massachusetts Right to Know Act.

**Pennsylvania Right To Know Components**  Allicin solution (aqueous)  CAS #: 539-86-6  Revision Date:

**New Jersey Right To Know Components**  Allicin solution (aqueous)  CAS #: 539-86-6  Revision Date:

**California Prop 65 Components**  This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

Section 16. Other Information

**Other information**  The information in this document is believed to be correct but is not necessarily complete. LKT does not guarantee the accuracy of the information. The burden of verifying the information in this document rests solely upon the user.
