Product Information

Product ID N344783
CAS No.
Chemical Name

Synonym NOS Assay Kit

Formula
Formula Wt.
Melting Point
Purity
Solubility

Pricing and Availability

Bulk quantities available upon request

Product ID	Size	List Price
N344783	50-100	\$410.40

Store Temp 4° C

Ship Temp Blue Ice

Description Nitric Oxide Synthase Assay provides a good screening option for assessing the potency of nitrosative stress inhibitor and activator reagents, and will help to determine how oxidative and nitrosative stress modulates varied intracellular pathways. This kit assesses the overall intracellular levels of free nitric oxide and NOS using a Diaminofluorescein-2 Diacetate (DAF-2DA) dye. Results can be analyzed using a flow cytometer, fluorescence plate reader, or fluorescence microscope.
