### Product Information

**Product ID** F5745

**CAS No.** 59-30-3

**Chemical Name** N-[4-[[[2-Amino-1,4-dihydrox-4-oxo-6-pteridiny]- methyl]amino] benzoyl]-L-glutamic acid

**Synonym** PGA, Vitamin M, Folacin, Foliamin, Folipac, Folsan, Millafol

**Formula** C<sub>19</sub>H<sub>19</sub>N<sub>7</sub>O<sub>6</sub>

**Formula Wt.** 441.40

**Melting Point** 250° C

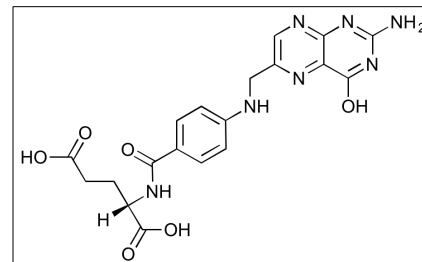

**Purity** ≥96%

**Solubility** Soluble in hot dil HCl or H<sub>2</sub>SO<sub>4</sub>.  
Slightly soluble in methanol,  
acetic acid, phenol, or  
pyridine. Insoluble in acetone,  
chloroform, ether, and toluene.

**Store Temp** 4° C

**Ship Temp** Ambient

**Description** Folic acid (vitamin B9) is found in dietary supplements and can be found in food sources such as leafy vegetables; humans are unable to synthesize folic acid and must receive it in their diet. Folic acid is required in the synthesis and repair of DNA, division and growth of cells, and other processes such as spermatogenesis and oocyte maturation. Low folate levels are associated with neurological disorders such as depression and schizophrenia. TEST!!!!!!

### Pricing and Availability

**Bulk quantities available upon request**

Product ID	Size	List Price
F5745	10 g	\$37.40
F5745	50 g	\$104.90
F5745	100 g	\$146.90
