## Section 2. Hazards Identification

### GHS Classification
- Acute toxicity, Oral (Category 3), H301
- Carcinogenicity (Category 1B), H350

### GHS Label elements including precautionary statements

#### Pictogram
- 

#### Signal word
- Danger

#### Hazard and precautionary statements
- **Hazard statements**
  - H301 - Toxic if swallowed.
  - H350 - May cause cancer.
- **Precautionary statements**
  - P201 - Obtain special instructions before use.
  - P202 - Do not handle until all safety precautions have been read and understood.
  - P264 - Wash skin thoroughly after handling.
  - P270 - Do not eat, drink or smoke when using this product.
  - P281 - Use personal protective equipment as required.
  - P301 + P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.
  - P308 + P313 - IF exposed or concerned: Get medical advice/attention.
  - P321 - Specific treatment (see supplemental first aid instructions on this label).
  - P330 - Rinse mouth.
  - P405 - Stored locked up.
  - P501 - Dispose of contents/container to an approved waste disposal plant.

### HMIS Classification
- Health hazard: 2
- Chronic health hazard: *
- Flammability: 1
- Physical hazard: 0

### NFPA Rating
- Health hazard: 2
- Fire hazard: 1
- Reactivity hazard: 0

### Potential Health Effects
- Inhalation - May be harmful if inhaled. May cause respiratory irritation.
- Skin - May be harmful if absorbed through skin. May cause skin irritation.
- Eyes - May cause eye irritation.
Inhalation
If breathed in, move person into fresh air. If not breathing, give artificial respiration. Consult a physician.

Ingestion
Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

Section 5. Firefighting Measures

Flash Point
Not available.

Extinguishing Media
Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

Firefighting Procedures
Wear self-contained breathing apparatus and protective clothing for fire fighting if necessary.

Unusual Fire Hazards
Carbon oxides, nitrogen oxides (NOx), oxides of phosphorus, hydrogen chloride gas.

Section 6. Accidental Release Measures

Personal Precautions
Wear respiratory protection. Avoid dust formation. Avoid breathing dust, vapors, mist, or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

Environmental Precautions
Prevent further leakage or spillage if safe to do so. Do not let product enter drains.

Methods and materials for containment and cleanup
Avoid raising dust. Sweep up and shovel. Keep in suitable, closed containers for disposal.

Section 7. Handling and Storage

Handling
Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Further processing of solid materials may result in the formation of combustible dusts. The potential for combustible dust formation should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation at places where dust is formed.

Storage Conditions
Keep container tightly closed in a dry and well-ventilated place. Recommended storage temperature: +4˚C.

Hazardous Decomposition Products
Not available.

Other Remarks
Not available.
Section 8. Exposure Controls/Personal Protection

Personal protective equipment

EXPOSURE CONTROLS
Contains no substances with occupational exposure limit values. Avoid contact with skin, eyes, and clothing. Wash hands before breaks and immediately after handling the product.

PERSONAL PROTECTION
Eye/face protection: Face shield and safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).
Skin protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove’s outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
Body protection: Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Respiratory protection: Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Section 10. Stability and Reactivity

Stability
Stable under recommended storage conditions.

Materials To Avoid
Keep away from strong oxidizing agents, strong bases and strong acids.

Hazardous Decomposition Products
Not available.
Section 11. Toxicological Information

### Oral LD50
- Rat: 94mg/kg

### Inhalation LC50
- Not available.

### Dermal LD50
- Not available.

### Other information on acute toxicity
- Not available.

### Reproductive Toxicity
- May cause congenital malformation in the fetus.
- No data available.

### Specific organ toxicity
- Single exposure (GHS): Not available.
- Repeated exposure (GHS): Not available.

### Teratogenicity
- Not available.

### Skin corrosion/irritation
- Not available.

### Serious eye damage/irritation
- Not available.

### Respiratory or skin sensitization
- Not available.

### Aspiration Hazard
- Not available.

### Synergistic effects
- Not available.

### Germ cell mutagenicity
- May alter genetic material.

### Carcinogenicity
- This is or contains a component that has been reported to be carcinogenic based on its IARC, OSHA, ACGIH, NTP, or EPA classification.
- Possible human carcinogen.
- IARC: 1 - Group 1: Carcinogenic to humans (Cyclophosphamide monohydrate).
- ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
- NTP: Known to be human carcinogen (Cyclophosphamide monohydrate).
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

### Additional Information
- RTECS: RP6157750
- Signs and symptoms of exposure: Stomach - Irregularities - Based on human evidence.

---

Section 12. Ecological Information

### Toxicity
- Not available.

### Mobility in soil
- Not available.

### PBT and vPvB assessment
- PBT/vPvB assessment not available as chemical safety assessment not required/not possible.
Waste Disposal
Dispose of material according to all federal, state and local regulations. Offer material to a licensed, professional waste disposal company. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Dispose of as unused product.

Section 13. Disposal Considerations

Section 14. Transport Information

DOT (US) UN number: 3464 Class: 6.1 Packing group: III
Proper shipping name: Organophosphorus compound, solid, toxic, n.o.s. (Cyclophosphamide monohydrate)
Reportable quantity (RQ): 10 lbs., Marine pollutant: No, Poison inhalation hazard: No

IATA UN number: 3464 Class: 6.1 Packing group: III
Proper shipping name: Organophosphorus compound, solid, toxic, n.o.s. (Cyclophosphamide monohydrate)

IMDG UN number: 3464 Class: 6.1 Packing group: III EMS-NO: F-A, S-A
Proper shipping name: ORGANOPHOSPHORUS COMPOUND, SOLID, TOXIC, N.O.S. (Cyclophosphamide monohydrate), Marine pollutant: No

Further Information

Section 15. Regulatory Information

Reach No. A registration number is not available for this substance as the substance or its uses are exempted from registration, the annual tonnage does not require a registration or the registration is envisaged for a later registration deadline.

SARA 302 Components SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 Components This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 Components Acute health hazard, chronic health hazard.

Massachusetts Right To Know Components Cyclophosphamide monohydrate CAS #: 6055-19-2 Revision date: 1993-04-24

Pennsylvania Right To Know Components Cyclophosphamide monohydrate CAS #: 6055-19-2 Revision date: 1993-04-24

New Jersey Right To Know Components Cyclophosphamide monohydrate CAS #: 6055-19-2 Revision date: 1993-04-24

California Prop 65 Components WARNING! This product contains a chemical known to the State of California to cause cancer.
Cyclophosphamide monohydrate CAS No. 6055-19-2 Revision date: 1992-11-09

Section 16. Other Information

Other information The information in this document is believed to be correct but is not necessarily complete. LKT does not guarantee the accuracy of the information. The burden of verifying the information in this document rests solely upon the user.
