Section 1. Product and Company Identification

**Product Name**
Allicin solution (aqueous)

**Product ID**
A4441

**Chemical Name**
Aliothiosulphinic acid allyl ester; Diallyl thiosulfinate

**Supplier**
LKT Laboratories, Inc
545 Phalen Blvd.
St. Paul, MN 55130 USA
Ph: 651-644-8424 Fax: 651-644-8357
www.lktlabs.com - getinfo@lktlabs.com

**Emergency Phone #**
1-800-424-9300

Section 2. Hazards Identification

**GHS Classification**
Acute toxicity, Oral (Category 4) H302
Skin corrosion/irritation (Category 2) H315
Serious eye damage/eye irritation (Category 2A) H319
Carcinogenicity (Category 1B) H350
Specific target organ toxicity (single exposure) (Category 3), Organs H371

**Pictogram**

**Signal word**
Danger

**Hazard and precautionary statements**

**Hazard statements**
H302 - Harmful if swallowed.
H315 - Causes skin irritation.
H319 - Causes serious eye irritation.
H350 - May cause cancer.
H371 - May cause damage to organs.

**Precautionary statements**
P201 - Obtain special instructions before use.
P202 - Do not handle until all safety precautions have been read and understood.
P260 - Do not breathe dust, fumes, gas, mist, vapors and spray.
P264 - Wash face, hands and any exposed skin thoroughly after handling.
P270 - Do not eat, drink or smoke when using this product.
P280 - Wear protective gloves, protective clothing, eye protection and face protection.
P301 + 312 - IF SWALLOWED: call a POISON CENTER or doctor/physician IF you feel unwell.
P302 + 352 - IF ON SKIN: Wash with soap and water.
P305 + P351 + P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P308 + P313 - IF exposed or concerned: Get medical advice/attention.
P309 + P311 - IF exposed or if you feel unwell: call a POISON CENTER or doctor/physician.
P312 - Call a POISON CENTER or doctor/physician if you feel unwell.
P321 - Specific treatment (see supplemental 1st aid instructions on this label).
P330 - Rinse mouth.
P332 + P313 - IF exposed or concerned: Get medical advice/attention.
P337 + P313 - IF eye irritation persists: Get medical advice/attention.
P362 - Take off contaminated clothing and wash before reuse.
P405 - Store locked up.
P501 - Dispose of contents/container to an approved waste disposal plant.

**HMIS Classification**
Health Hazard: 0
Chronic health hazard: 0
Flammability: 1
Physical Hazard: 0

**NFPA Rating**
Health Hazard: 0
Flammability hazard: 1
Reactivity hazard: 0

**Potential Health Effects**
Inhalation: May be harmful if inhaled. May cause respiratory tract irritation. May cause drowsiness or dizziness.
Skin: May be harmful if absorbed through skin. Causes skin irritation.
Eyes: Causes serious eye irritation.

Section 4. First Aid Measures

General advice
If symptoms persist, call a physician.

Eye Contact
Rinse immediately with plenty of water, also under the eyelids. After initial flushing, remove contact lenses if present and continue to flush for at least 15 minutes more. Keep eye wide open while rinsing.

Skin Contact
Wash with soap and water for 15 minutes and seek medical attention immediately. Wash contaminated clothing before use.

Inhalation
Remove from exposure and provide respiration support if necessary. Seek medical attention.

Ingestion
Rinse mouth with water. Do not induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Contact a physician or poison control immediately.

Section 5. Firefighting Measures

Flash Point
Not available.

Extinguishing Media
Use a water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

Firefighting Procedures
Wear self-contained breathing apparatus for fire fighting if necessary.

Unusual Fire Hazards
Not available.

Section 6. Accidental Release Measures

Personal Precautions
Use personal protective equipment. Avoid dust formation. Avoid breathing dust, vapors, mist or gas. Ensure adequate ventilation. Evacuate personnel to safe areas.

Environmental Precautions
Do not let product enter drains.

Methods and materials for containment and cleanup
Sweep up and shovel. Keep product in a suitable, closed container for disposal. Absorb spill onto diatomaceous earth and cover with sodium carbonate. Ventilate the area and wash spill site after material has been removed.

Section 7. Handling and Storage

Handling
Wear gloves, goggles and lab coat when handling this material. Provide appropriate exhaust ventilation at places where dust is formed. Wash thoroughly after handling material.

Storage Conditions
Keep container tightly closed in a dry and well-ventilated place. Recommended storage temperature: Store at -80°C (Ship with dry ice.) This product is extremely heat sensitive.

Hazardous Decomposition Products
Carbon oxides, hydrogen sulfide.

Other Remarks
None.
Section 8. Exposure Controls/Personal Protection

Personal protective equipment

EXPOSURE CONTROLS: Contains no substances with occupational exposure limit values. Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

PERSONAL PROTECTION:

Eye Protection: Face shield and safety glasses. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).

Hand Protection: Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove’s outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Skin and Body Protection: Complete suit protecting against chemicals. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory Protection: Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Section 10. Stability and Reactivity

Stability

Must be kept cold, unstable at room temperature.

Materials To Avoid

Strong oxidizing agents.

Hazardous Decomposition Products

Carbon oxides, hydrogen sulfide.
Section 11. Toxicological Information

Oral LD50: Not available.
Inhalation LC50: Not available.
Dermal LD50: Subcutaneous (mouse) LD50: 120mg/kg
Other information on acute toxicity: Not available.

Skin corrosion/irritation: Not available.
Serious eye damage/irritation: Not available.
Respiratory or skin sensitization: Not available.

Germ cell mutagenicity: Not available.
Reproductive Toxicity: Not available.
Aspiration Hazard: Not available.
Synergistic effects: Not available.

Specific organ toxicity single exposure (GHS): Not available.
Specific organ toxicity repeated exposure (GHS): Not available.
Teratogenicity: Not available.
Additional Information: Not available.

Potential Health Effects
Inhalation: May be harmful if inhaled. May cause respiratory tract irritation. May cause drowsiness or dizziness.
Skin: May be harmful if absorbed through skin. Causes skin irritation.
Eyes: Causes serious eye irritation.
Ingestion: Acute toxicity. Harmful if swallowed.
Carcinogenicity: May cause cancer.

Section 12. Ecological Information

Toxicity: Not available.
Mobility in soil: Not available.

PBT and vPvB assessment: Not available as chemical safety assessment not required/ not

Persistence and degradability  Not available.  

Bioaccumulative potential  Not available.  

Section 13. Disposal Considerations 

Waste Disposal  Dispose of material according to all federal, state, and local regulations. Offer material to a licensed, professional waste disposal company to dispose of as unused product.  

Section 14. Transport Information  

DOT (US)  Not dangerous goods.  

IATA  Not dangerous goods.  

IMDG  Not dangerous goods.  

Section 15. Regulatory Information  

Reach No.  

SARA 302 Components  SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title II, Section 302.  

SARA 313 Components  SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.  

SARA 311/312 Components  Acute health hazard.  

Massachusetts Right To Know Components  No components are subject to the Massachusetts Right to Know Act.  

Pennsylvania Right To Know Components  Allicin solution (aqueous)  CAS No.: 539-86-6  Revision Date:  

New Jersey Right To Know Components  Allicin solution (aqueous)  CAS No.: 539-86-6  Revision Date:  

California Prop 65 Components  This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.  

Section 16. Other Information  

Other information  The information in this document is believed to be correct but is not necessarily complete. LKT does not guarantee the accuracy of the information. The burden of verifying the information in this document rests solely upon the user.
