Simply put...I'm going to show you how to create a consistent, lucrative income stream—as much as \$12,000 per month or more—in as little as 6 months, in a business that's 100% recession-proof.

Listen...if you've grown tired of the 9-to-5 grind...if you're worried about your livelihood in these difficult economic times...or if you've ever dreamed of starting your own business...

...then what I'm about to tell you could change your life forever, as you create the life you've always dreamed of, including...

❖ You'll be your own boss—working the hours you choose to work...and reaping the rewards of your efforts, instead of working to make someone else rich!

With the system I'm about to reveal, you can get started working just a few hours a week and make a lucrative side income.

Work your way up to 20 or 30 hours a week and you'll soon be making a handsome six-figure income—with plenty of time for yourself and your family.

❖ You'll leave the office, the rat race and your current boss in the dust!

Imagine the feeling of power you'll have as you walk out the door for the last time. No more missed

pay raises...no more petty office politics...no more excruciating commutes...and no more 60-hour weeks for 40-hour pay! And all the vacation time you want.

❖ You'll take charge of your financial future.

You'll be able to save more for your retirement...fund your kids' college educations...and build your nest egg.

Never again will you worry about your company's next round of layoffs. Instead, you'll be in charge—and you'll have the peace of mind that comes with owning your own successful business.

Make more money and improve your life, starting today

ever to generate more income...and keep their doors open.

To put it another way...*businesses of all kinds are in dire need of new customers.*

And in the next few minutes, you'll discover how you can easily bring them the customers they so desperately need...and be rewarded handsomely for your efforts.

Now here's the best part: You can do this without going back to school. And you don't need an advanced degree or specialized training of any kind.

Introducing...the Local Business Profit Multiplier

You can make your dreams come true thanks to an exciting new business opportunity that's unlike anything you've ever considered before.

It's called the **Local Business Profit Multiplier**—and it lets you make a good living by showing the businesses in your area how to use the Internet to generate the new customers and new revenue streams they so desperately need to grow their businesses.

But get this: You can provide these services to your clients **WITHOUT** becoming an expert at it.

That's because you won't be the one performing those services...my people will do all of the work for you!

Your primary task in this explosive new business opportunity is simple: To identify the businesses that need help getting new customers.

“You don't need an advanced degree or specialized training of any kind”

Your personal coach will help you grow your business fast

And I'll show you how to easily get those businesses to call you—and beg for your help. Better yet, you'll be assigned a personal coach who will help get your phone ringing right away, so you can quickly be on your way to making as much as \$2,300 per month *per business!*

It's all possible thanks to the explosion in demand from small businesses for online marketing—selling goods and services over the Internet.

You see...the game has changed for small businesses. The old advertising methods and vehicles—such as the *Yellow Pages*, newspaper ads and printed flyers—have become more expensive and less effective.

The only way for small businesses to survive now is to generate new customers via the Internet...but only a small percentage of businesses know how to do this.

You'll make a killing helping small businesses tap into the power of online marketing

However, with your help, they'll soon be taking profitable advantage of the power of online marketing, including...

- ❖ **Social media marketing**—using Facebook, Twitter and other social media sites to drive new sales...
- ❖ **Search engine optimization (SEO)**—so your clients' websites will show up in Google and Yahoo!'s search results whenever a prospect searches for their products or services...
- ❖ **Mobile marketing**—helping your clients take profitable advantage of the boom in sending targeted messages to cell phones...
- ❖ **Online reputation management**—to help your clients understand and manage what's being said about them on the Internet...
- ❖ **Profitable website design**—so your clients' web pages will sell more effectively...

❖ **Email marketing**—to help your clients use email to sell more of their products and services, without being labeled as spammers.

Small businesses desperately need your help

A huge demand exists for expertise in each of these areas simply because most small businesses don't have a clue how to use the Internet to generate new business.

Here's what I mean:

“While 97% of Americans look online for local products and services, 44% of Virginia small businesses do not have a website or online presence.”—

—*MarketWatch.com, Sept. 19, 2011*

“Lack of Web Presence Threatens to Sink Many Local Businesses”

—*San Francisco Chronicle, Sept. 30, 2011*

And even most of those businesses that do have a website aren't taking full advantage of the many profit opportunities available on the Internet.

But now—many of these businesses are seeing their revenues decline...pushing many to the brink of bankruptcy. They know they need to attract more customers—but they don't know how to make it happen.

And that's where you come in.

My staff does all the heavy lifting for you!

This opportunity is both simple and potentially life altering. You can begin generating a lucrative new income stream simply by connecting struggling business owners with the Internet marketing expertise they so desperately need—and that my company provides.

And this is the essence of the Local Business

With billions of LOCAL searches performed online each month, the Internet has surpassed the *Yellow Pages*, newspapers and other traditional marketing methods when it comes to effectiveness.

MODULE #1—Search Engine Marketing

85% of Internet users find websites through search engines, such as Google, Yahoo! or Bing. More importantly—98% of people searching for something online NEVER go past the first page of search results.

We'll work with your clients to get them the highest possible ranking for each search result. And we'll be able to get most of them on page one.

MODULE #2—Online Reputation Management

Thanks to social media and blog sites, customers offer up opinions about businesses all over the Internet. And—regardless of the credibility of the information's source—people rely heavily on the opinions of others when deciding whether or not to do business with someone.

The damage that can be done with just a handful of negative content can be devastating. We'll help your clients defend themselves from potential negativity...and to get happy customers to post positive reviews using a few simple techniques.

MODULE #3—Social Media Services

Social media networks such as Facebook, Twitter, LinkedIn and Google+ allow businesses to stay engaged with customers.

We'll help your clients establish a positive presence on these sites in a way that will result in more prospects, more loyal customers and more sales!

MODULE #4—Mobile Marketing Management

Americans spend an average of 3 hours a day on the Internet from their mobile devices.

For your clients, mobilizing their businesses is no longer an option—it's **mandatory**. We'll help your clients stay ahead of the curve and capitalize on this effective, cutting-edge marketing platform.

MODULE #5—Email Marketing

Many local businesses are familiar with email marketing, but few have considered using it for their own business.

This is a huge mistake because today, email marketing is one of the most powerful—and cost-effective—marketing tools any business can use to connect with customers and prospects.

MODULE #6—Profitable Website Design

Many small businesses have only the most primitive of websites—and they're missing out on countless thousands in lost revenue.

Our experts will turn your clients' websites into high-octane, profit-producing machines!

Profit Multiplier:

1. **You and your coach identify businesses in your area that need your help...**
2. **We give you the tools, coaching and resources** so that you'll have businesses seeking you out to help generate new customers...
3. **We help you connect** these businesses with the resources they need...
4. **And then you sit back and collect royalty checks for your efforts**—for as long as those businesses continue taking advantage of the online marketing services you've set them up with.

It's really that simple.

Now up to this point, I've told you a little bit about the **Local Business Profit Multiplier**...I haven't gone through the opportunity piece-by-piece with you.

So now, let me pull back the curtain and reveal:

The 4 pillars of the Local Business Profit Multiplier

Pillar #1: You'll have access to a proven system that makes it easy for you to make money.

The beauty of the **Local Business Profit Multiplier** is that you'll be connecting local businesses with revenue-generating solutions that are proven to work.

But you'll notice I didn't say that you'd be the one actually doing the work...

Because you're simply providing the resources—and connecting them with the experts at my company, Follow Media Consulting, Inc.

And because of that, you also won't have to worry about implementing the online marketing solutions or having to sit through endless training seminars or read volume after volume of training manuals.

Instead—you'll only have to do two things in order to take advantage of this powerful moneymaking

Your personal coach will get you off to a fast start and bring in all the clients you need, so you can quickly begin banking royalty checks. Other programs require you to spend thousands of dollars to get this kind of personal coaching—but it's included in **Local Business Profit Multiplier** at a fraction of that price.

opportunity:

First...you'll connect businesses in your area with Follow Media Consulting, Inc.'s proven services (and don't worry...we'll show you how to get started).

And second...

You'll sit back and wait for royalty checks to start flooding your mailbox

I'm serious.

An *average* "connection" using the **Local Business Profit Multiplier** will net you roughly \$517 per month in royalties...while some of your clients could be worth far more—perhaps as much as \$2,300!

And those royalties are ongoing for as long as the business remains a client. After that initial connection, you literally don't have to do a thing.

Stack up a half-dozen clients—with our help, of course—and you're looking at an "extra" \$3,000–\$13,000 of income per month or more...and that will likely take up just a few hours per week.

Very quickly, you could use our tools, resources and

continued on page 8 >

coaching to reach one dozen connections...two dozen connections...or even more.

Pillar #2: You'll be bringing fresh water to businesses dying of thirst.

The real beauty of this opportunity is that you'll be serving a tremendous need.

You see, our current economic situation has placed a lot of smaller, local businesses in very real danger of going bankrupt. And these businesses desperately need the help you'll be bringing them.

Take a look around your own town—how many empty storefronts do you see?

And how many businesses have you seen close their doors in the past few years?

Listen...ask a handful of business owners what the single greatest challenge is for any business and you're likely to hear the same answer every time:

Attracting more customers...or more clients.

So imagine having the tools and resources at your disposal to help a business owner get a steady stream of new customers!

And when you present them with the chance to transform their business by adding new leads, customers and revenue streams, you'll be providing ice-cold water to businesses dying of thirst.

Your job couldn't be any easier. And you'll receive coaching and resources that will let local businesses know that you're their best hope for survival.

And once they connect with you, they'll quickly discover that the resources and expertise you're offering are so powerful...they'll absolutely sell themselves!

Pillar #3: You don't even have to close the deal or have any formal sales training.

Do you love everything about the sales process—including calling on prospects in person, negotiating the details and closing the sale? Then, great—this opportunity is perfect for you.

“My life will never be the same”

“In my first month as a Follow Media consultant, I signed up a franchise that has over 200 locations nationwide. They all need these services. I'm not a math wiz, but 200 locations multiplied by \$500 per month is a boatload of money. My life will never be the same.”

—Steve Cobb
Richmond, VA

But wait...what if you hate calling on prospects?

What if you're not a great negotiator and you tremble at the thought of asking someone for a sale?

Believe it or not...that's not a problem!

You see, thanks to Follow Media Consulting, Inc.'s 37 proven strategies for lead generation that we'll share with you, you'll have clients calling you and asking you to do business with them.

So feel free to make “cold calls” if you'd like—or just sit back and wait for the phone to ring...it's up to you

We'll do the work for you!

And the same goes for the process of closing the sale: We'll not only provide you with personalized coaching... we'll also help you close the deal!

Your own personal coach will assist you every step of the way...from generating leads to actually handling the sales call with your potential client.

And this coaching is critical. As you may know, one of the problems with many moneymaking systems is that they assume YOU are ready, willing and able to instantly

transform yourself into a great salesperson.

But let's face it...not everyone is able to do that.

When we designed the **Local Business Profit Multiplier**, my colleagues and I took great care to construct it in a way that will work for everyone—even those who don't like to sell.

- ❖ **If you're outgoing**—and ready to jump on the phone immediately or start networking—we'll show you how to get started right away...
- ❖ **If that's not your cup of tea**—we'll help you put our proven tools to work to get customers to contact you—with NO cold calling required!

You see, we'll give you more than 11 Special Reports that you can distribute to the business owners in your town to generate interest in your services...to position you as the local authority for online marketing...and to get local businesses fired up about taking advantage of your services.

- ❖ **And once you find a business owner interested in growing his or her business...**your own dedicated coach will get on the phone with you and your prospect and close the sale!

Bottom line? Once you join **Local Business Profit Multiplier**...you'll be part of an organization that is committed to helping you succeed.

Pillar #4: You'll join a group of business builders eager to help you make money quickly.

The **Local Business Profit Multiplier** is much more than just a binder full of materials or a set of DVDs.

With those kinds of materials, YOU are required to do all of the studying...all of the heavy lifting...and make it all work—without any help!

With the Local Business Profit Multiplier, you become part of an organization that was

established to help you succeed. In fact, as you'll see, we have a financial incentive to help you succeed and make a lot of money.

So rather than simply provide you a binder full of reports and send you on your way, when you become a new partner in the **Local Business Profit Multiplier**, Follow Media Consulting, Inc. immediately assigns you a personal coach who will help you with all aspects of your moneymaking opportunity.

If you need help with the materials...call your coach. If you'd like help getting leads...call your coach. If you'd like to know the best way to re-brand our Special Reports to have the greatest impact in your community...call your coach. And if you'd like help closing a sale...

Well...you get the idea.

How you can cash in on social media: 1.1 billion users...and growing!

The Internet is the first place people look when they need to find...well, just about anything. It has truly become an integral part of our daily lives.

But one segment of the online marketing world has experienced rapid-fire growth over the past few years: Social media.

Here are the numbers from the "Big Four" of social media:

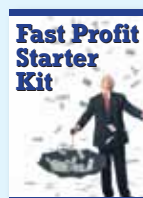

- ▶ **Facebook**—more than 750 million users
- ▶ **Twitter**—more than 250 million users
- ▶ **LinkedIn**—more than 100 million users
- ▶ **Google+**—more than 25 million users...and climbing fast!

And, get this—in 2010, advertisers spent \$1.83 billion on Facebook alone.

Follow Media Consulting, Inc. will help your clients in your area...

- ▶ **Connect with local consumers** by teaching them how to set up a Facebook Fan Page...
- ▶ **Share information about their business...** offer coupons...and communicate with customers via the world's largest social media network...
- ▶ **Harness the power of Twitter** to send short, concise sales and promotional messages to customers on a regular basis...

anything under \$2,500 for this program. Some of them wanted me to charge far more.

But for now I've decided to make this program available to you for the excruciatingly low investment of just \$97 per month.

That works out to just \$3.23 per day—and most of us spend more than that on coffee and a donut. But instead of a quick jolt of caffeine and a temporary sugar rush, your \$3.23 per day will now give you the ability to change your life for the better.

Here's how easy it is to make money with the *Local Business Profit Multiplier*

by Tom Marshall

Let me give you a quick example to show you just how easily you can get started—and collect checks from businesses in your town.

This is a hypothetical example based on the experiences I've had with individuals just like you:

John has been working part time for the past 6 months...and—despite his best efforts—he's been unable to find a full-time job.

Step 1: March 1—John learns about the **Local Business Profit Multiplier**. He quickly realizes the opportunity in front of him and signs up for our program.

Step 2: March 1—within hours of John signing up, one of our coaches helps him assess his strengths and weaknesses and **gives him ideas on how to get started**.

Step 3: March 8—John learns the basics of online marketing—just

enough to be able to discuss it—including **search engine marketing... email marketing... social media marketing...and more**.

Step 4: March 10—John receives **personalized coaching** to get off and running. His personal coach assists him in identifying 10 companies in need of online marketing help...and his coach shows him how to approach the business owner.

Step 5: March 20—out of the 10 business owners John contacts, **4 say "yes" right away...2 say "no"...and the rest say "maybe"**.

Step 6: March 21—John's coach gets on the phone and **helps him close the deal** with the 4 business owners who want to get started.

Step 7: March 30—John now, on a weekly or monthly basis, simply checks in on the business owners... **maintaining the account and the**

relationship with very little effort.

Step 8: April 15—John **receives his first royalty check for \$3,752...** and he'll continue to receive that amount every month for as long as those businesses continue with Follow Media Consulting, Inc.

Next up: John will identify 10 more companies...and work to **increase the size of that royalty check** by following the same, simple—and proven—process!

And now you can do the same—and begin generating a handsome income—by joining **Local Business Profit Multiplier**. Turn

to page 14 for all the details—and to claim your **FREE Fast Profit Starter Kit**—a \$1,339.70 value.

“I put over \$2,250 in my pocket last month”

“I thought I had seen it all. As the former owner of a mortgage company, I’ve seen a lot of fluff out there. Tom, you have a genuine desire for people to succeed and you’re truly a class act. I put over \$2,250 in my pocket last month because of you and your methods. Thank you, thank you, thank you.”
