§ 5. This act shall take effect immediately and shall apply only to taxable years beginning on or after January 1, 2017 and before January 1, [2025] 2026.

§ 3. This act shall take effect immediately.

SUBPART C

Section 1. Subdivision (f) of section 42 of the tax law, as added by section 1 of part RR of chapter 60 of the laws of 2016, is amended to read as follows:

(f) A taxpayer claiming the credit allowed under this section shall not be allowed to claim any other tax credit allowed under this chapter, except the credit allowed under section forty-two-a of this article, with respect to any eligible farm employee included in the total number of eligible farm employees used to determine the amount of the credit allowed under this section.

§ 2. The tax law is amended by adding a new section 42-a to read as follows:

§ 42-a. Farm employer overtime credit. (a) Notwithstanding subdivision (f) of section forty-two of this article, a taxpayer that is a farm employer or an owner of a farm employer shall be eligible for a credit against the tax imposed under article nine-A or twenty-two of this chapter, pursuant to the provisions referenced in subdivision (i) of this section.

(b) A farm employer is a corporation (including a New York S corporation), a sole proprietorship, a limited liability company or a partnership that is an eligible farmer.

(c) For purposes of this section, the term "eligible farmer" means a taxpayer whose federal gross income from farming as defined in subsection (n) of section six hundred sixty of this chapter for the taxable year is at least two-thirds of excess federal gross income. Excess federal gross income means the amount of federal gross income from all sources for the taxable year in excess of thirty thousand dollars. For purposes of this section, payments from the state's farmland protection program, administered by the department of agriculture and markets, shall be included as federal gross income from farming for otherwise eligible farmers.

(d) An eligible farm employee is an individual who meets the definition of a "farm laborer" under section two of the labor law who is employed by a farm employer in New York state, but excluding general executive officers of the farm employer.

(e) Eligible overtime is the aggregate number of hours of work performed during the taxable year by an eligible farm employee that in any calendar week exceeds the overtime work threshold set by the commissioner of labor pursuant to the recommendation of the farm laborers wage board, provided that work performed in such calendar week in excess of sixty hours shall not be included.

(f) Special rules. If more than fifty percent of such eligible farmer's federal gross income from farming is from the sale of wine from a licensed farm winery as provided for in article six of the alcoholic beverage control law, or from the sale of cider from a licensed farm cidery as provided for in section fifty-eight-c of the alcoholic beverage control law, then an eligible farm employee of such eligible farmer shall be included for purposes of calculating the amount of credit allowed under this section only if such eligible farm employee is employed by such eligible farmer on qualified agricultural property as
(g) The amount of the credit allowed under this section shall be equal to the aggregate amount of such credit allowed per eligible farm employee, as follows. The amount of the credit allowed per eligible farm employee shall be equal to one hundred eighteen percent of the product of (1) the eligible overtime worked during the taxable year by the eligible farm employee and (2) the overtime rate paid by the farm employer to the eligible farm employee less such employee's regular rate of pay.

(h)(1) Taxpayers shall have the option to request an advance payment of the portion of the amount of tax credit they are allowed under this section for the amount of eligible overtime that the farm employer paid from January first through July thirty-first. To be eligible for the advance payment, the farm employer must submit by September thirtieth a properly completed application to the department of agriculture and markets, in a form prescribed by the commissioner of agriculture and markets, that demonstrates how much the farm employer paid in eligible overtime during that period. After reviewing a farm employer's completed application for the advance payment of a portion of the amount of tax credit allowed under this section, the department of agriculture and markets may issue to that farm employer a certificate of tax credit that specifies the exact amount of the tax credit under this article that a taxpayer may claim as an advance payment pursuant to this subdivision.

(2) A taxpayer must submit a request to the department in the manner prescribed by the commissioner after it has been issued a certificate of tax credit by the department of agriculture and markets pursuant to paragraph one of this subdivision (or such certificate has been issued to a partnership, limited liability company or subchapter S corporation in which it is a partner, member or shareholder, respectively, that is a farm employer), but such request must be submitted no later than November first of the taxable year for which the credit is being claimed. For those taxpayers who have requested an advance payment and for whom the commissioner has determined to be eligible for this credit, the commissioner shall advance a payment of the portion of the amount of tax credit allowed to the taxpayer. The taxpayer will claim on the taxpayer's return for the taxable year the portion of the amount of tax credit allowed for eligible overtime paid by the farm employer from August first through December thirty-first. The taxpayer must properly reconcile the advance payment of tax credit allowed under this subdivision on the taxpayer's return.

(3) If a taxpayer that has received an advance payment is not an eligible farmer for the taxable year for which it received an advance payment, the taxpayer shall be required to add back as tax the amount of advance payment the taxpayer received during the taxable year.

(4) Notwithstanding any provision of this chapter, employees of the department of agriculture and markets and the department shall be allowed to share and exchange:

(i) information derived from tax returns or reports that is relevant to a taxpayer's eligibility for the credit allowed by this section;

(ii) information regarding the credit applied for, allowed or claimed pursuant to this section and regarding taxpayers that are applying for the credit or that are claiming the credit; and

(iii) information collected by the department of agriculture and markets and exchanged between the department of agriculture and markets
and the department pursuant to this section shall not be subject to disclosure or inspection under the state's freedom of information law.

(i) Cross references: For application of the credit provided in this section, see the following provisions of this chapter:

(1) Article 9-A: Section 210-B, subdivision 58.
(2) Article 22: Section 606, subsection (nnn).
§ 3. Section 210-B of the tax law is amended by adding a new subdivision 58 to read as follows:

58. Farm employer overtime credit. (a) Allowance of credit. A taxpayer shall be allowed a credit, to be computed as provided in section forty-two-a of this chapter, against the tax imposed by this article.

(b) Application of credit. The credit allowed under this subdivision for any taxable year shall not reduce the tax due for such year to less than the amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for any taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter. Provided, however, the provisions of subsection (c) of section one thousand eighty-eight of this chapter notwithstanding, no interest shall be paid thereon.

§ 4. Subparagraph (B) of paragraph 1 of subsection (i) of section 606 of the tax law is amended by adding a new clause (xlix) to read as follows:

(xlix) Farm employer overtime credit under subsection (nnn) subdivision fifty-eight of section two hundred ten-B

§ 5. Section 606 of the tax law is amended by adding a new subsection (nnn) to read as follows:

(nn) Farm employer overtime credit. (1) A taxpayer shall be allowed a credit, to be computed as provided in section forty-two-a of this chapter, against the tax imposed by this article.

(2) Application of credit. If the amount of credit allowed under this subsection for any taxable year exceeds the taxpayer's tax for such year, the excess shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section six hundred eighty-six of this article, provided, however, that no interest shall be paid thereon.

§ 6. This act shall take effect immediately and shall apply to taxable years beginning on or after January 1, 2022.

§ 2. This act shall take effect immediately provided, however, that the applicable effective date of Subparts A through C of this act shall be as specifically set forth in the last section of such Subparts.

ously allocated, and determines that the pending applications from
eligible applicants for the empire state film production tax credit
pursuant to this section is insufficient to utilize the balance of unal-
located film production tax credits from such pool, then all or part of
the remainder, after such pending applications are considered, shall be
made available for allocation for the empire state film post production
credit pursuant to this section, subdivision thirty-two of section two
hundred ten-B and subsection (qq) of section six hundred six of this
chapter. The governor's office for motion picture and television devel-
opment must notify taxpayers of their allocation year and include the
allocation year on the certificate of tax credit. Taxpayers eligible to
claim a credit must report the allocation year directly on their empire

The commissioner shall mail notice of his or her determination to such owner and the assessor. If the determination states that the commissioner has granted the exemption, the assessor shall thereupon be authorized and directed to correct the assessment roll accordingly, or, if another person has custody or control of the assessment roll, to direct that person to make the appropriate corrections. An individual taxpayer shall be allowed a credit against the tax imposed by this article equal to twenty-five percent of qualified geothermal energy system expenditures, except as provided in subparagraph (D) of paragraph two of this subsection, not to exceed five thousand dollars.

(2) Qualified geothermal energy systems expenditures. (A) The term "qualified geothermal energy system expenditures" means expenditures for:

(i) the purchase of geothermal energy system equipment which is installed in connection with residential property which is (I) located in this state and (II) which is the taxpayer's residence at the time the geothermal energy system is placed in service; or

(ii) the lease of geothermal energy system equipment under a written agreement that spans at least ten years where such equipment owned by a person other than the taxpayer is installed in connection with residential property which is (I) located in this state and (II) which is the taxpayer's residence at the time the geothermal energy system equipment is placed in service.

(B) Such qualified expenditures shall include expenditures for materials, labor costs properly allocable to on-site preparation, assembly and original installation, architectural and engineering services, and designs and plans directly related to the construction or installation of the geothermal energy system equipment.
(C) Such qualified expenditures for the purchase of geothermal energy system equipment shall not include interest or other finance charges or costs that have been used to qualify for any other credit.

(D) Such qualified expenditures for the lease of geothermal energy system equipment under an agreement described in clause (ii) of subparagraph (A) of this paragraph shall include an amount equal to all payments made during the taxable year under such agreement. Provided, however, such credits shall only be allowed for fourteen years after the first taxable year in which such credit is allowed. Provided further, however, the twenty-five percent limitation in paragraph one of this subsection shall only apply to the total aggregate amount of all payments to be made pursuant to an agreement referenced in clause (ii) of subparagraph (A) of this paragraph, and shall not apply to individual payments made during a taxable year under such agreement except to the extent such limitation on an aggregate basis has been reached.

(3) Geothermal energy system equipment. The term "geothermal energy system equipment" shall mean a system whose original use begins with the taxpayer; which meets the eligibility criteria, if any, prescribed by the department; and which is a ground coupled solar thermal system that utilizes the solar thermal energy stored in the ground or in bodies of water to produce heat, and which is commonly known as or referred to as a ground source heat pump system.

(4) Multiple taxpayers. Where geothermal energy system equipment is purchased and installed in a residence shared by two or more taxpayers, the amount of the credit allowable under this subsection for each such taxpayer shall be prorated according to the percentage of the total expenditure for such geothermal energy system equipment contributed by each taxpayer.

(5) Proportionate share. Where geothermal energy system equipment is purchased and installed by a condominium management association or a cooperative housing corporation, a taxpayer who is a member of the condominium management association or who is a tenant-stockholder in the cooperative housing corporation may for the purpose of this subsection claim a proportionate share of the total expense as the expenditure for the purposes of the credit attributable to the taxpayer's residence.

(6) Grants. For purposes of determining the amount of the expenditure incurred in purchasing and installing geothermal energy system equipment, the amount of any federal, state or local grant received by the taxpayer, which was used for the purchase and/or installation of such equipment and which was not included in the federal gross income of the taxpayer, shall not be included in the amount of such expenditures.

(7) Limitation. The credit shall only be allowed for geothermal energy system equipment installed in connection with residential property used exclusively for personal purposes used by the taxpayer. No credit shall be allowed for geothermal energy system equipment installed in connection with residential property that is rented at any time during the taxable year for which the credit is being claimed.

(8) When credit allowed. The credit provided for herein shall be allowed with respect to the taxable year in which the geothermal energy system equipment is placed in service and shall be allowed only for geothermal energy system equipment placed into service after January first, two thousand twenty-two. However, the taxpayer shall be allowed a credit for only one such system in any taxable year.

(9) Carryover of credit. If the amount of the credit, and carryovers of such credit, allowable under this subsection for any taxable year shall exceed the taxpayer's tax for such year, such excess amount may be
carried over to the five taxable years next following the taxable year with respect to which the credit is allowed and may be deducted from the taxpayer's tax for such year or years.

The department of finance may only grant one such abatement to any eligible building.

2. (a) Beginning in the tax year commencing on or after July first, two thousand twenty-three, the amount of such tax abatement provided to an eligible building described in subdivision one of this section shall be equal to the costs incurred in the construction, conversion, alteration or improvement that has resulted in the creation of a premises of a childcare center or in an increase in the maximum number of children allowed on the premises of an existing childcare center, provided that such costs are certified in accordance with paragraph (d) of subdivision two of section four hundred ninety-nine-ccccc of this title, and provided further that, during the abatement period, the amount of such abatement shall not exceed thirty-five dollars for each square foot of the premises, nor exceed one hundred thousand dollars.

(d) Such aggregate amount of tax abatements, including the tax abatement described in paragraph (a) of this subdivision and the enhanced tax abatement described in paragraph (b) of this subdivision, shall be allocated by the department of finance on a pro rata basis among applicants whose applications have been approved by the designated agency. If such allocation is not made prior to the date that the real property tax bill, statement of account or other similar bill or statement is prepared, the department of finance shall, as necessary, after such allocation is made, submit an amended real property tax bill, statement
of account or other similar bill or statement to any applicant whose
abatement requires adjustment to reflect such allocation. Nothing in
this paragraph shall be deemed to affect the obligation of any taxpayer

4. If, as a result of application to the tax commission or a court
order or action by the department of finance, the billable assessed
value of the eligible building for the fiscal year in which the tax
abatement is taken is reduced after the assessment roll becomes final,
the department of finance shall recalculate such abatement so that the
abatement granted shall not exceed the annual tax liability of such
building as so reduced. The amount equal to the difference between the
initial abatement granted by the department and the abatement as so
recalculated shall be deducted from any refund otherwise payable or
remission otherwise due as a result of such reduction in billable
assessed value.

c. Application process. A taxpayer must submit an application for such credit by November first of the calendar year in which the service year has ended.
   1. Such application shall include but not be limited to:
      (a) a permit issued by the department of health and mental hygiene to operate a child care center indicating the number of child care seats or, in the case of a child care center that has experienced an expansion of child care seats, a permit issued by such department demonstrating such expansion; and
      (b) a certification from an independent certified public accountant that provides:
         (1) the total number of child care seats that are child care seats that are occupied during such service year;
         (2) of such total number of child care seats that are occupied, the number of infant child care seats that are occupied and the number of toddler child care seats that are occupied; and
         (3) to the extent the taxpayer has expanded child care, the number of child care seats in existence before such expansion and the number of such child care seats that were occupied before such expansion.

d. Application of credit to tax year. The credit, as approved and calculated by the department of finance pursuant to paragraph two of subdivision c of this section, shall be applied to the tax year in which the service year concludes, except that: (i) for a taxpayer whose tax year concludes on or after September thirtieth and before December thirtieth, the credit shall be applied to the tax year immediately following the tax year in which the service year concludes; and (ii) to provide the credit in a tax year consistent with this subdivision, the department of finance may establish procedures governing the application of such credit where the tax year of a taxpayer who has applied for such credit is less than twelve months, or where such tax year varies in accordance with subsection f of section four hundred forty-one of the internal revenue code.
e. Maximum amount of credit available. For each of the three tax years in which the credit authorized by this section is available, the aggregate amount of such credit shall be a maximum of twenty-five million dollars. To the extent that the department of finance has determined that the aggregate amount of such credit, as calculated pursuant to subdivision b of this section, would exceed twenty-five million dollars, such department shall reduce the amount of credit to be granted to each taxpayer who has applied for such credit in accordance with a process to be developed in rules promulgated by such department. In developing such process, the department may consider factors including, but not limited to, the date of application, the number of child care seats in a child care program that are occupied, and the extent to which the taxpayer bears the cost of the child care that is provided to the employees of such taxpayer.

PART KK

Section 1. Section 472 of the economic development law is amended by adding a new subdivision 4-a to read as follows:

4-a. "Certificate of additional tax credit" means the document issued to a business entity by the department after the department has verified that the business entity has met all applicable eligibility criteria in this article. The certificate shall specify the exact amount of the tax credit under this article that a business entity may claim pursuant to section four hundred seventy-five-a of this article.

§ 2. Subdivisions 1 and 3 of section 474 of the economic development law, as added by section 1 of subpart A of part PP of chapter 59 of the laws of 2021, are amended and a new subdivision 4 is added to read as follows:

1. A business entity must submit a complete application as prescribed by the commissioner for the restaurant return-to-work credit and the additional restaurant return-to-work credit.

3. The application for the tax credit allowed under section four hundred seventy-five of this article must be submitted by May first, two thousand twenty-two. After reviewing a business entity's completed final application for the restaurant return-to-work credit and determining that the business entity meets the eligibility criteria as set forth in this article, the department may issue to that business entity a certificate of tax credit. A business entity may claim the tax credit in the taxable year that includes December thirty-first, two thousand twenty-one.

4. The application for the tax credit allowed under section four hundred seventy-five-a of this article must be submitted by July first, two thousand twenty-two. After reviewing a business entity's completed final application for the additional restaurant return-to-work credit and determining that the business entity meets the eligibility criteria as set forth in this article, the department may issue to that business entity a certificate of additional tax credit. A business entity may claim the tax credit in the taxable year that includes December thirty-first, two thousand twenty-two.

§ 3. The economic development law is amended by adding a new section 475-a to read as follows:

§ 475-a. Additional restaurant return-to-work tax credit. 1. A business entity in the restaurant return-to-work tax credit program that applies for the additional restaurant return-to-work credit pursuant to section four hundred seventy-four of this article may be eligible to claim a credit equal to five thousand dollars per each full-time equivalent net employee increase above ten, not to exceed twenty, as defined in subdivision eight of section four hundred seventy-two of this article. Provided, however, that in calculating the full-time equivalent net employee increase above ten, the jobs must continue to exist as of March thirty-first, two thousand twenty-two. A business entity in the restaurant return-to-work program that ceased operations
on or before March thirty-first, two thousand twenty-two, is not eligible for the credit provided by this section.

2. A business entity, including a partnership, limited liability company and subchapter S corporation, may not receive in excess of fifty thousand dollars in tax credits under this program.

3. The credit shall be allowed as provided in section forty-six-a, subdivision fifty-six-a of section two hundred ten-B and subsection (nnn) of section six hundred six of the tax law.

§ 4. The tax law is amended by adding a new section 46-a to read as follows:

§ 46-a. Additional restaurant return-to-work tax credit. (a) Allowance of credit. A taxpayer subject to tax under article nine-A or twenty-two of this chapter shall be allowed a credit against such tax, pursuant to the provisions referenced in subdivision (f) of this section. The amount of the credit is equal to the amount determined pursuant to section four hundred seventy-five-a of the economic development law. No cost or expense paid or incurred by the taxpayer which is included as part of the calculation of this credit shall be the basis of any other tax credit allowed under this chapter.

(b) Eligibility. To be eligible for the additional restaurant return-to-work tax credit, the taxpayer shall have been issued a certificate of additional tax credit by the department of economic development pursuant to subdivision four of section four hundred seventy-four of the economic development law, which certificate shall set forth the amount of the credit that may be claimed for the taxable year. The taxpayer shall be allowed to claim only the amount listed on the certificate of additional tax credit for that taxable year. A taxpayer that is a partner in a partnership, member of a limited liability company or shareholder in a subchapter S corporation that has received a certificate of additional tax credit shall be allowed its pro rata share of the credit earned by the partnership, limited liability company or subchapter S corporation. However, the taxpayer must be a partner, member or shareholder of such partnership, limited liability company or subchapter S corporation as of April first, two thousand twenty-two.

(c) Tax return requirement and advance payment option. (1) The taxpayer shall be required to attach to its tax return in the form prescribed by the commissioner, proof of receipt of its certificate of additional tax credit issued by the commissioner of the department of economic development.

(2) Taxpayers shall have the option to request an advance payment of the amount of tax credit they are allowed under this section. A taxpayer must submit such request to the department in the manner prescribed by the commissioner after it has been issued a certificate of additional tax credit by the department of economic development pursuant to subdivision four of section four hundred seventy-four of the economic development law (or such certificate has been issued to a partnership, limited liability company or subchapter S corporation in which it is a partner, member or shareholder, respectively), but such request must be submitted no later than September thirtieth, two thousand twenty-two. For those taxpayers who have requested an advance payment and for whom the commissioner has determined eligible for this credit, the commissioner shall advance a payment of the tax credit allowed to the taxpayer. However, in the case of a taxpayer subject to article nine-A of this chapter, such payment shall be equal to the amount of credit allowed to the taxpayer less twenty-five dollars. Such twenty-five dollars shall represent a partial payment of tax owed by the taxpayer under article
nine-A, including any fixed dollar minimum owed under paragraph (d) of subdivision one of section two hundred ten of this chapter. When a taxpayer files its return for the taxable year, such taxpayer shall properly reconcile the advance payment and any partial payment of fixed dollar minimum tax, if applicable, on the taxpayer's return.

(d) Information sharing. Notwithstanding any provision of this chapter, employees of the department of economic development and the department shall be allowed and are directed to share and exchange:
(1) information derived from tax returns or reports that are relevant to a taxpayer's eligibility to participate in the restaurant return-to-work tax credit program;
(2) information regarding the credit applied for, allowed, or claimed pursuant to this section and taxpayers that are applying for the credit or that are claiming the credit; and
(3) information contained in or derived from credit claim forms submitted to the department and applications for admission into the restaurant return-to-work tax credit program. Except as provided in paragraph two of this subdivision, all information exchanged between the department of economic development and the department shall not be subject to disclosure or inspection under the state's freedom of information law.

(e) Credit recapture. If a certificate of additional tax credit issued by the department of economic development under article twenty-five of the economic development law is revoked by such department, the amount of credit described in this section and claimed by the taxpayer prior to that revocation shall be added back to tax in the taxable year in which any such revocation becomes final.

(f) Cross references. For application of the credit provided for in this section, see the following provisions of this chapter:
(1) article 9-A: section 210-B, subdivision 56-a;
(2) article 22: section 606, subsection (nnn).

§ 5. Section 210-B of the tax law is amended by adding a new subdivision (nnn) to read as follows:
56-a. Additional restaurant return-to-work tax credit. (a) Allowance of credit. A taxpayer shall be allowed a credit, to be computed as provided in section forty-six-a of this chapter, against the taxes imposed by this article.

(b) Application of credit. The credit allowed under this subdivision for the taxable year shall not reduce the tax due for such year to less than the amount prescribed in paragraph (d) of subdivision one of section two hundred ten of this article. However, if the amount of credit allowed under this subdivision for the taxable year reduces the tax to such amount or if the taxpayer otherwise pays tax based on the fixed dollar minimum amount, any amount of credit thus not deductible in such taxable year shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section one thousand eighty-six of this chapter. Provided, however, the provisions of subsection (c) of section one thousand eighty-eight of this chapter notwithstanding, no interest will be paid thereon.

§ 6. Section 606 of the tax law is amended by adding a new subsection (nnn) to read as follows:

(nnn) Additional restaurant return-to-work tax credit. (1) Allowance of credit. A taxpayer shall be allowed a credit, to be computed as provided in section forty-six-a of this chapter, against the tax imposed by this article.
(2) Application of credit. If the amount of the credit allowed under this subsection for the taxable year exceeds the taxpayer's tax for such year, the excess shall be treated as an overpayment of tax to be credited or refunded in accordance with the provisions of section six hundred eighty-six of this article, provided, however, that no interest will be paid thereon.

§ 7. Subparagraph (B) of paragraph 1 of subsection (i) of section 606 of the tax law is amended by adding a new clause (xlix) to read as follows:

(xlix) Additional restaurant return-to-work credit Amount of credit under subdivision fifty-six-a of section two hundred ten-B

§ 8. This act shall take effect immediately.

In addition, salaries or other income distribution related to the creation of digital gaming media for any person who serves in the role of chief executive officer, chief financial officer, president, treasurer or similar position shall not be included as digital gaming media production costs if the digital gaming media production entity has more than ten employees. Digital gaming media production costs shall not include those costs used by the taxpayer or another taxpayer as the basis calculation of any other tax credit allowed under this chapter.

(3) "Qualified digital gaming media production costs" means digital gaming media production costs only to the extent such costs are attributable to the use of property or the performance of services by any persons within the state directly and predominantly in the creation, production or modification of digital gaming related media.
