Analysis by the Legislative Reference Bureau

This bill requires each school board, independent charter school, and private school participating in a parental choice program (educational institution) that operates or sponsors an interscholastic, intramural, or club athletic team or sport to designate the athletic team or sport based on the sex of the participating pupils. The bill defines “sex” as the sex determined at birth by a physician and reflected on the birth certificate. The bill also requires an educational institution to prohibit a male pupil from 1) participating on an athletic team or in an athletic sport designated for females and 2) using a locker room designated for females. Finally, the bill requires the educational institution to notify pupils and parents if an educational institution intends to change a designation for an athletic team or sport.
